SAN FRANCISCO, Sept. 28.-(Special.) The Beavers again drubbed the Seals to The Beavers again drubbed the Seals to-day, the score being 4 to 1. This puts the Beavers so close to the pennant that only the unexpected can take it from them. In the fourth inning Brown picked up Sweeney's grounder and heaved the ball over Rogers head. Sweeney took second on the throw. McHale advanced him on a sacrifice, and McCredie's bingle did the rest. In their half the Seals quickly filled

the bases, with no one out. Irwin was passed, and Spencer was forced home from third. That was all the Seals got out of the promising outlook.

In the sixth, Califf biffed to right, and Sweeney sacrificed. Mitchell walked and Brown executed a wild pitch. Both base-

runners moved up a peg and rested until Cap. McCredie soused a three-cushioner far into deep center. After that it was the curtains for the Seals. the curtains for the Seas.

The game was the snappiest seen here in many a day. The fielding was brilliant

NEW YORK, Sept. 28.—In a few hours—by noon tomorrow it is expect-ed—Sir Thomas Lipton will arrive in this city by the steamer Celtic. Al-though thrice defeated in his attempts to "lift" the America's cup, he is com-ing again with the intention of trying a fourth time, provided he can con-vince the New York Yacht Club that a challenge under the present rule of measurement would be aceptable to it.
If the club consents to race under its present rule, it is likely that Sir Thomas will challenge with Shamrock III. and the defender of the cup may be the Constitution, which is said to fit the rule better than the Reliance.

HENDERSON TO PHILADELPHIA Connie Mack Grabs Star Pitcher of Pacific Coast League.

Benny Henderson, the clever young pitcher who this season is wearing Portland uniform will become one of Connie Mack's Athletes next season, in the American League. For cometime past it has been known that several major league managers had their eyes on Henderson and it was a question whether the young twirler would be grabbed by Cin-cinnati. Washington or Philadelphia. Henderson is fortunate in going to a man like Connie Mack, for the Quaker City mogul is a past master in the art of developing young players. In Henderson Connie Mack has a pitcher that will make good and under the tutelage of Mack

lenderson will be heard from. While the loss of Henderson would be severe blow to Portland's chances of winning the pennant, it would have been better had he, like Essick, had been tried out this Fall. Henderson is a slow beginner and is never at his best early in the Spring. He is at his best right now However, all Henderson will have to do next Spring is to show Connie Mack what he has. The manager of the American League team will wait for him to

Dick Hyland Beats His Opponent to a Pulp.

CROWD MOVED TO PITY

Calls on Referee to Stop Fight in Thirteenth Round-Tremendous Attendance at First Battle Since Earthquake.

SAN FRANCISCO, Sept. 28.—Dick Hyland of San Francisco, won a clear-cut decision over Eddie Hanlon tonight at the Seaside Athletic Club. Beferee Jack Welch stopped the contest at the end of the 13th round, with Hanlon hanging helpless against the ropes and inable to defend himself against Hy-and's punches. The fight throughout was stubbornly

ontested and replete with hard hitting and clever work by both lads. Hyland, however, landed the cleaner and more forceful blows, and was never in distress. He devoted most of his attacks to Hanlon's body and kid-neys, while the latter contented him-

neys, while the latter contented himself with right swings to the head and jaw, and right and left body punches at close range.

Early in the 12th reund, as Hanlon bent low, he received a fearful right uppercut to the jaw, which was the beginning of the end. Hyland followed up his advantage, and hammered his opponent all over the ring. The bell saved Hanlon from defeat in this round. He came up very grossy in the 13th He came up very groggy in the 13th round and Hyland flogged him unmercifully. Hanlon gave a remarkable exhibition of grit and staying power in this round, and try as he could, Hyland was unable to land a knockout blow. The crowd yelled itself hoarse for the referee to stop the battle, and seen the uselessness of cermitting the ing the uselessness of permitting the unequal contest to go further, the ref-eree declared Hyland the winner as the bell ended the round.

A tremendous crowd witnessed the contest, which was the first professional exhibition of its kind given in the city since the earthquake. It was necessary to invoke the aid of mounted police to maintain order outside the auditorium before the main event was called.

STREET COMMITTEE ACTS

Common-User Clauses Put in Ordinances Granting Privileges to Portland & Seattle and Northern Pacific Terminal Co.

That the street committee of the Council is determined to include a commo user clause in all franchises for commer-cial railroads hereafter granted in the city was evidenced yesterday afternoon when two franchises which have been be amended to accord with this policy. The franchises affected were that of the Northern Pacific Terminal Company, on York street, and that of the Portland & Seattle, on Fifteenth street. Joseph Simon appeared before the com-

mittee as attorney for the Northern Pacific Terminal Company, and said that
that corporation is willing to have a
common-user clause inserted in its Yorkstreet franchise, but believed that the
same provision should be made to apply
the characteristic the Portland 8 to the ordinance granting the Portland & Seattle rights on Fifteenth street. He himself proposed the amendment to the York-street franchise, which gives to any company the right to become a joint user of the track upon payment of an equita-ble amount to the Northern Pacific Terminal Company, and appoints the Council as arbiter in case of failure to agree as to a proper cost of such privilege. The ordinance, which was recommended

to the Council for passage, grants a franchise up to the right of way of the Northern Pacific. When the measure was brought before the committee at a previous session, Charles H. Carey asserted that the Northern Pacific would refuse the terminal company access to its track if the ordinance passes. Representatives of the terminal company claim that the Northern Pacific is powerless to refuse them connection, there being an existing agreement between the two corporations as to trackage privileges.

When the Fifteenth-street franchise

came up, a communication was read from the Executive Board. in which that body refused to fix a valuation for the franchise as it stood when submitted. The action was based on the fact that the common-user clause was omitted, the Board holding this to be a violation of

the charter.
"It seems to me that is a very impertinent communication," observed Council-man Masters. "I do not think it is any duty of the Executive Board to dictate what the ordinances passed by the Council shall or shall not contain. The duty of the Board is to fix a valuation, and not to tell us what kind of an ordinance

to draw up."

Nevertheless, the amendment providing for the use of the line by any or all companies was adopted, and the ordinance recommended for passage. Members of the committee expressed the view that a correct interpretation of the charter requires a common-used clause even in franchises for sidetracks, and will doubt-less insist upon ordinances being prepared with this in view in future.

The ordinance requiring all trees to be cut from the streets in the central business district was also favorably recom-If passed, trees will not be per mended. It passed, trees will not be per-mitted to remain standing in the section of the city bounded by Front, Twelfth. Morrison and Washington streets. The chief reason advanced for cutting the trees was that they interfere and make dangerous electric wiring.
