

# AMERICAN LEADS IN BALLOON RACE

### Lahm Sails From Paris Farthest North Over England.

## BRITAIN STILL UP IN AIR

### Rolls May Have Beaten or May Be at Bottom of Sea—Italian Balloon Comes to Grief in England.

PARIS, Oct. 1.—The Aero Club semi-officially announced tonight that Lieutenant Frank P. Lahm of the Sixth United States Cavalry, one of the American contestants, was the victor in the first competition for the James Gordon Bennett cup for international aeronauts. The race was started yesterday afternoon, when 15 balloons representing seven countries, sailed away from the Tuilleries gardens, Paris.

Lahm holds lead so far. Up to the present time, however, the performance of Lahm and Hersey in the balloon United States in reaching 15 miles north of Scarborough, England, is the best record attained by any one of the 15 starters. The members of the Aero Club are inclined to believe that the United States was only prevented from going farther because a current of air again threatened to regard the hour over the North Sea, with no apparent prospect, unless the direction of the wind changed, of finding land before making the coast of Norway.

Crowds of prominent aeronauts were at the clubhouse all day awaiting telegrams reporting arrivals. The first reports recorded the landing of five balloons in Normandy. It was then generally certain that the remainder would clear the channel and a few hours later came dispatches telling of the landing of the Spanish and one French balloon on the south coast of England and the report that four others, including the United States, had passed over Hastings, going due north.

### Accident to Santos Dumont.

In the meantime the news of an accident to Santos Dumont aroused general sympathy, the Brazilian being very popular here. But his subsequent arrival at the Aero Club with one arm bandaged relieved the tension regarding the seriousness of his mishap. His arm caught in the mechanism of his motor, and the flesh was torn and the arm became numb. Santos Dumont, who left Paris at 6 o'clock this evening and received a great ovation at the Aero Club.

### France's Chances Vanish.

The Frenchmen were then aroused to cheerfulness at the report that Count de la Vaux in the Walhalla had arrived at Norfolk. Later, however, when the landing at Hull of the Italian contestant, Signor von Willer, in the Elife, it was announced that the French chances of winning had gone. Then the report of Lieutenant Lahm showed that he had reached the channel, which was generally thought that he would win. Rolls, however, is still to be reckoned with, and a definite announcement of the result cannot yet be made.

### LAHM GOES FARTHEST NORTH

### Touches Land Near Whitby Within Mile of North Sea.

LONDON, Oct. 1.—Lieutenant Frank P. Lahm, Sixth Cavalry, U. S. A., the American contestant in the balloon race, descended in the balloon United States seven miles south of Whitby (about 90 miles north of Hull) at 3:30 o'clock this afternoon. He left at once for Paris.

Lahm descended about one mile inland, at Desmeure farm, Fylingdales. He said he had been carried by way of Caen across the Channel to Chichester. Finding that he was being carried toward the open sea, he decided to alight. Owing to the dryness of the moors his anchor at first would not hold and the balloon passed dangerously near some farm buildings. Lieutenant Lahm's balloon was in the air for 22 hours.

Professor Huntington, one of the English contestants, in the Zephyr, landed at Sittingbourne, Kent. He had a trying ordeal in crossing the channel, which took him eight hours. Otherwise his voyage was uneventful. The Zephyr could not have gone a quarter of a mile without being carried overboard.

The Walhalla, with Count de la Vaux descended at 1:30 o'clock this afternoon at Walsingham, Norfolk. In an interview the Count said he had a splendid voyage, although the wind had been unfavorable. He estimated he had traveled 350 miles. His greatest altitude was 700 feet. The count started at once to return to Paris.

With the exception of C. S. Rolls in the Britannia, all the balloons which left Paris yesterday are now accounted for. The Britannia has not been heard from since she was reported at Cranbrook.

The Chantebureau, carrying Jacques Balsar, one of the French contestants, has come down at Singleton, in Sussex.

### ITALIAN BALLOON WRECKED

### Torn to Pieces on Roof of Cottage Near Hull.

LONDON, Oct. 1.—Between 6 and 10 o'clock this morning six of the balloons engaged in the contest for the James Gordon Bennett cup, which started from Paris yesterday, arrived on this side of the channel and continued in an easterly direction. The first arrival was Count de la Vaux's balloon in the day several other balloons were sighted at various points in the southern counties of England. Captain Kindlan's Montana descended at Chichester. Hon. O. S. Rolls's Britannia passed over Cranbrook, Kent, this afternoon so high that it could be scarcely identified.

anchor did not catch and the balloon began to drift dangerously, doing much damage to property. The aeronauts narrowly escaped being thrown out. The balloon finally collapsed across the roof of a cottage, the car dangling against the sides of the house. The occupants had to be assisted to the ground. They said they mistook the Humber for the sea, and therefore decided to land.

## NATIONAL DEBT DECREASES

### Large Cash Balance Reduces Amount Over \$16,000,000.

WASHINGTON, Oct. 1.—The monthly statement of the public debt shows that at the close of business September 29, 1906, the debt, less cash in the treasury amounted to \$54,246,194, which is a decrease for the month of \$16,122,150. This decrease is accounted for by a large increase in the cash on hand, due largely to increased receipts.

## ROOSEVELT RETURNS TO WORK

### Picture of Health After Three Months' Vacation.

WASHINGTON, Oct. 1.—President and Mrs. Roosevelt and their three children, Miss Ethel and Archie and Quentin, returned to Washington at 4:30 o'clock this afternoon from their summer home at Oyster Bay, L. I., where they have spent the past three months. The President looked the picture of health as he stepped from the train and cordially greeted a number of acquaintances who were awaiting his arrival.

In addition there were coined \$12,021,000 of gold pieces for the Mexican government.

## DAUGHTER SLAIN IN WRECK

### Denver Man Hits Car With Auto in Turning Corner at High Speed.

DENVER, Colo., Oct. 1.—(Special.)—Unable to stop his large, high-speed automobile as he was turning a corner this afternoon, Joseph M. Phillips ran the machine into a north-bound street car, killing his five-year-old daughter, Norma, and seriously injuring his brother-in-law, Thomas Clews, living with him on East 14th avenue. So great was the force of the collision that the heavy automobile was demolished, and the street-car so badly damaged that it was put entirely out of commission.

### Babe Taken From Mother's Arms.

SEATTLE, Wash., Oct. 1.—(Special.)—Constable Sam Klein broke down a door to a room at Seventh and Blanchard streets early this morning and forcibly took a seven-week-old babe from its mother's arms to produce the child in the Superior Court on a writ of habeas corpus. The child had been legally adopted by Mrs. Daugherty, the wife of a wealthy White Horse, Alaska, miner. Its mother was not married at the time of the child's birth, but she claims she has since married the father, Charles Dilly, and wants to keep possession of the child. Dilly and the child's mother kidnapped the child from Mrs. Daugherty and brought it to Seattle. Mrs. Daugherty followed the babe to Seattle and began a legal battle in the Superior Court here to regain its custody.

### Bishop O'Dea as Mediator.

SEATTLE, Wash., Oct. 1.—(Special.)—William Cochran, ex-Sheriff of King County and wealthy pioneer of the White River Valley, who shot and wounded Thomas Sharkey, another county pioneer last July, today pleaded guilty to assault and battery and was fined \$1000. A personal suit brought by Sharkey was settled out of court.

Bishop Edward J. O'Dea, Catholic Bishop of this diocese, interceded with the County Attorney and prevented a trial on the original charge of assault with intent to commit murder. There is a wide-spread feud among settlers at O'Brien, where the shooting occurred, and both Bishop O'Dea and the peace officers feared that if the case went to trial the bitterness that already endangers the community would break out again and result in further bloodshed.

## SHERIDAN ON BEACH

### Almost Sinks When Hauled Off Rocks of Oahu.

### MAY BECOME TOTAL LOSS

### Starts for Honolulu in Tow, but Is Driven Ashore at Pearl Harbor

### Lest She Founder—Pilot Seems Hopeless.

HONOLULU, Oct. 1.—After being hauled off the reef at Barbers Point and starting for this port in tow of the transport Buford and the tug Manning, the transport Sheridan was again beached today at Pearl Harbor to prevent her sinking. She is in worse condition than before she was hauled off the rocks.

The Sheridan lies close to the western entrance of Pearl Harbor. She was being towed to Honolulu but after drifting had a heavy list. When she had proceeded about ten miles from Barbers Point, half the distance to this port, her lines attached to the Buford and the tug Manning were suddenly cast off. Her bow was pointed toward the shore and she was beached in a position which is difficult to reach. The Buford, Manning and other tugs are standing by to render all the assistance possible.

It is believed that a big hole was torn in the hull of the Sheridan when she was coming off the reef and it is predicted that she will be a total loss.

Efforts to refloat the transport will be commenced after midnight. The tugs Frodo and Manning and the steamers Buford, Iwalani and Malancton are all at the scene.

Reports received here state that the Sheridan was almost capsized when beached. The prospects for saving her are reported to be good.

The Nighau tonight brought back a force of stevedores, who refused to remain longer aboard the beached steamer.

## HEARST NOT FOR MURPHY

### REPUDIATES MAN WHO HELPED HIM TO VICTORY.

### Pays No Attention to Bosses and Is Still Candidate of Independence League.

NEW YORK, Oct. 1.—During an address by W. R. Hearst at the Brooklyn Casino tonight, while he was denouncing the bosses, a man in the audience interrupted him with the question: "How about Murphy?"

"Many shouted 'put him out,' but Mr. Hearst, raising his hand, said: 'No, my friends, pay no more attention to him than I do to Murphy.'"

Some one on the platform said: "That is the first rousing statement of the campaign," Mr. Hearst replied: "I must correct the gentleman. This is not the first statement. I have said all along, no matter for what reason Murphy or any other boss was for me, I was not for him. I have said all along, no matter what citizens or group of citizens or convention of citizens was for me, I would still stand as the candidate of the Independence League."

## First Showing of the New

# Biedermaier Embroidery

The Biedermaier Embroidery is the latest, and will undoubtedly prove the most popular, of the new needlework effects. This embroidery is not entirely new, it being a slight modification of a style that met with great favor in Germany about 100 years ago. The Biedermaier Patterns are stamped on soft, creamy linen. Silk floss is used for working. The attractiveness of the various designs is in their extreme simplicity. They are formed of garlands and baskets of flowers in various bright colors, fashioned into wreaths and festoons. These flowers are in single tone effects, there being no shading, therefore, calling for only the most simple kinds of stitching.

We are showing stamped patterns for this Biedermaier Embroidery in Pillows, Lunchcloths, Scarfs, Pincushions and Work-bags. Prices are as follows:

- Pillow Tops and Backs, stamped..... 75c
- Lunchcloths, 30x30 inches, stamped..... \$1.25
