## Desperate Charge on Canadian Sawmill Costs Two Lives.

### LEADER OF UNION KILLED

#### Desperate at Seeing Places Taken by Strikebreakers. Strikers Attack Mill and Fight Hot Fifteen-Minutes' Battle.

BUCKINGHAM, Quebec, Oct. 8.—Two men were killed and a dozen wounded in a conflict between striking millhands and provincial police at MacLaren's sawmills here this afternoon. The drastic measures taken by the authorities to quell the riotous strikers have had a telling effect and no further trouble is expected.

The dead.

PRESIDENT BELANGER, of the millworkers' union, leader of the strikers; he was 30 years old and married.

NAVIER THIÉRIEU, a mill hand, leaves a widow and five children in a serious condition.

Five of the wounded men are in a serious condition.

Resolve to Clear Out Enemy.

The strike at the mills began on September 15. The workmen's strike fund and their small savings had vanished and they had begun to feel the pinch of hunger and cold. The announcement made today that the millowners would import labor and start the mills put the men in a desperate frame of mind. A meeting was called at which incendiary speeches were made. About the middle of the afternoon the men decided to clear out the strikebreakers. A mob of 200 men armed with revolvers and other weapons rushed up the hill leading to the mills.

Volley Checks Charge.

The millowners, who had looked for violence, had posted 40 detectives and special policemen on the outskirts of their property. There was no parleying. The first rush of the strikers was met by a volley from the revolvers in the hands of the police. Belanger, who was leading the mob, fell at the first volley, with two bullets in his head. He died where he fell.

The strikers sought shelter and opened fire on the police, many of whom were hit. A desultory fusillade was kept up for 15 minutes, the strikers standing their ground and the police remaining behind their hastily constructed barricades. It was apparently by mutual consent that hostilities were suspended while both sides removed their wounded.

As there appeared to be a likelihood of a renewal of the trouble, an appeal was sent to Ottawa for troops. They arrived tonight and went into camp near the lumber yards.

Alexander and Albert MacLaren, members of the firm, fought besides the police in the battle with the strikers.

So far as could be learned tonight, the most seriously wounded are:

Felix Faubert, shot through abdomen, will probably die; Baptiste Elmo, shot through head and arms, serious; Felix Laclotte, shot in arm; Abner Hamelin, four bullet wounds; Edward Miner, shot in head; Xavier Trembley, shot in arm and both legs; Isador Renaud, wounded in back; Robert Berlier, mortal real police contingent, shot in breast; Frank Kernan, Chief of Buckingham Police, and his deputy, James Kernan, Peter Pickard, Lavette and several others.

The strikers declare they will elect another leader and continue the strike. Their former wages of \$1.25 a day, they declare will not keep them and their families alive.

### Shea Causes Building Strikes.

CHICAGO, Oct. 8.—The factional fight which has been in progress for several months in the ranks of the Teamsters' Union, has involved the building trades of this city, and considerable trouble is anticipated. The teamsters are divided into factions favoring Cornelius P. Shea and those opposed to him. Shea has agreed with a number of building trades to refuse to handle any building material which is delivered at buildings in process of construction by any teamsters other than those supporting Shea. Several small strikes have already resulted.

Three hundred and fifty jewelry workers struck today in 32 shops where an eight-hour day was refused.

### Scarcity of Textile Workers.

PROVIDENCE, R. I., Oct. 8.—Cotton mill agents in Rhode Island complain of a scarcity of help in some departments, and assert that in this respect the increase of wages granted early last Summer did not have the beneficial result hoped for. In one large mill there are said to be 600 looms idle. This scarcity of labor has brought about keen competition among mill officials in offering inducements to families of workers to become permanent help.

### Tie Up All Southern Railway Shops.

ATLANTA, Ga., Oct. 8.—Two hundred men employed in the Southern Railway shops in this city struck today under instructions from the Machinists' Union. The strike covers the entire Southern Railway system, and about 1000 men are

involved. The men demand an increase in wages of 25 cents a day.

**Arrested for Blacklisting.**  
EVANSVILLE, Ind., Oct. 8.—R. E. Keeper, a train dispatcher for the Louisville & Nashville Railroad, was arrested today by Deputy United States Marshal Charles Johann on an indictment returned by the Federal grand jury at Springfield, Ill. The charge is that Keeper discharged a telegraph operator because the latter joined the Telegraphers' Union.

CHARLESTON, S. C., Oct. 8.—Several hundred machinists of the Southern Railway struck for an eight-hour day today.

vention or after the convention. I had at the convention 215 votes from up the state and outside of the city in which I lived, and the vote of this city was given to me, or rather part of it was given to me, because the Democratic rank and file of this city had declared for me, and the bosses did not dare defy that declaration.

I have made no private promise to any individual or to any interest, and any statement that I have or intimation that I have is a lie. In conclusion Mr. Hearst said:

I feel sure that I could have been more popular with my fellow-citizens here, if, when invited, I had been willing to enter into a trust with them to raise the rates to advertisers and keep the wages of employees down.

### FOURTH AND MORRISON. SILVERFIELD'S FOURTH AND MORRISON.

**Soeder Must Go on Gallows.**  
SAN FRANCISCO, Oct. 8.—Leon Soeder, convicted in the Superior Court of California of the murder of his brother-in-law, Joseph Elias, in this city, January 11, 1904, for the purpose of collecting \$6000 insurance, must hang. Without a dissenting voice the Supreme Court sustained the verdict of the trial court today and denied a motion for a new trial.

Soeder, according to the evidence placed at the trial, took Elias to the top of Russian Hill in the vicinity of Taylor and Green streets, struck him with a black-jack, cut his throat and then threw the dying man over the cliff. Elias was found dead at the bottom of the bluff the next day. The dead man had held a life insurance policy for \$3000 and an accident policy for the same amount, payable to Soeder.
