### MOVEMENT ON FOOT FOR BIG PUBLIC STRUCTURE.

### Board of Trade Points Out Need of Place Where Large Conventions May Meet.

A movement has been inaugurated by the Board of Trade to bring about in Portland the erection of a large convention hall suitable to the increasing needs of the city. Definite steps have not yet been taken other than the decision to begin a campaign for such a building, but the approval of many members of the organization has been gained, and it has been determined to bring the matter before the next meeting of the executive committee of the board, October 13, when plans will be discussed and the project definitely launched. It is the desire of the members of the board who are behind the proposition to provide Portland with an auditorium seating at least 10,000. They believe that the

A corporation has been formed among the members of the board, and it is said that plans have been well matured, although all of the details have not yet been made public. Papers of incorporation were filed yesterday by the Board of Trade Building Company, which is the corporation through which the new structure is to be erected. The incorporators are E. L. Barnett, E. ### Girl Robbed in Streets.

SAN FRANCISCO, Oct. 11.—As she was walking along Pierce street near Jackson last night, Miss Helen Sasig, who resides at 241 Scott street, was suddenly seized by two thugs, one of whom grabbed her by the throat from behind while the other tore from her the purse which hung from her belt. The man also attempted, in spite of her screams and frantic efforts to get away from them, to wrest her rings from her fingers. She struggled so violently, however, that they gave over the attempt, and finally they heard some approaching pedestrians and took to the woods, leaving her half fainting on the sidewalk.

### gambling is conducted that the heavy barred doors will have to be removed, in accordance with the announcement which was made by Mayor Lane several days ago. The proprietors will be forced to take away the heavy barricades under the authority of a section of the building ordinance. Section 154 of the building or-

dinance provides that the Building inspector may order removed any portion of a structure which he believes is dangerous to the inmates, as a precaution against fire. Mr. Spencer has decided that these barricades come under this class, and that they will therefore have to go.
