

BAY CITY IS ARMED

Vigilance Committee Probably Will Be Organized Today.

MAYOR FEARS LYNCHING

Carnival of Highway Robbery and Murder Has Stirred the Citizens to a High Pitch of Excitement.

SAN FRANCISCO, Cal., Oct. 12.—The general alarm caused by the numerous reports of hold-ups and robbery has seriously affected the attendance at all places of amusement.

Discussing the propriety of the organization of a committee of safety in this state tomorrow to deal with petty criminals who now infest the city.

"There shall be no lynching in this city, and I sincerely hope that, at the meeting to be held in Union square tomorrow the leaders will have enough sense to do nothing that will injure the city."

"They will call it a committee of safety," the Mayor continued, "but other cities will call it a vigilance committee, and that will do irrevocable harm to San Francisco. It would be a confession that the people of this city are not capable of protecting themselves, and when I see the people I mean the authorities with whom the people have vested the power of government. The plan is un-American."

"The usurpation of the powers of suppressing crime by unauthorized persons is a crime in itself. I shall regard it as such and will not permit it to be committed."

"Should those men desire to co-operate with the authorities in ridding the city of thugs and criminals, I shall be glad to have their assistance. No violence committed by citizens. Lynch law does more harm than good."
