**Governor Magoon Expects a Peaceful Administration.**

**LOOKING FOR MINISTERS**

**Cabinet Will Not Be Formed Until Conditions Have Been Thoroughly Investigated and Needs of Departments Are Known.**

HAVANA, Oct. 14.—Charles E. Magoon's first day as Governor of Cuba passed quietly but quietly. The palace was singularly still, compared with the eventful days of the past regime. Governor Magoon said to the Associated Press that he was looking forward with confidence to a peaceful administration. He expressed the warmest appreciation of the work accomplished by Messrs. Taft and Bacon, both in the pacification of the island and laying the foundation for a smooth and successful system of provisional government. The Governor sees no reason to anticipate further sudden changes in the situation of any especially sensational incidents; he is rather of the opinion that now governmental matters will be of the commonplace order, compared with the exciting and rapid succession of developments of the past two months. Governor Magoon has announced his decision to postpone the appointment of Cabinet officers indefinitely. His intention is to consider thoroughly the conditions and needs of each department, and this can be better accomplished, he holds the view, by having the subordinate heads report direct to himself. By this method the Governor believes he will be better enabled to select the ministers best fitted for the respective posts.

Asked whether he was likely to permit partisan political expediency to influence his cabinet appointments, the Governor replied that such considerations might rule to some extent, since it certainly would be impolitic to appoint to high office men to whom a considerable portion of the people were opposed. Efficiency and suitability, however, would be the main considerations. There will be kept a strict accountancy of such expenses incurred by the American Army of Occupation as are chargeable to Cuba. These will include only such expenses as would not have been incurred but for the coming of the troops to the island. The last demonstration of welcome to returning ex-rebels took place here today upon the arrival of General Julian Betancourt, who was formerly Pinio Guerra's chief of staff. Betancourt has been detained in Pinar del Rio collecting insurgent arms and settling other matters. He is popular in the capital. A crowd of 300 persons met him at the Villa Nueva station and greeted him with roars of delight. Padre Mirala, a revolutionary priest who accompanied the General, also was enthusiastically welcomed. The crowd was composed almost entirely of negroes. With three bands of music they paraded through several squares around Central Park and down the Prado, and finally left Betancourt at his home. The City of Washington, with headquarters and first battalion of the Eleventh Infantry on board, and the Admiral Schley, with Company 1 of the Signal Corps and the Seventeenth and Eighteenth Batteries of mountain artillery, have arrived here. The troops have gone to Camp Columbia. The headquarters and third battalion of the Fifth Infantry have been transferred from Camp Columbia to Cardenas. General J. Franklin Bell intends to distribute a battery of engineers throughout the island for the purpose of verifying, correcting and completing the large army map of Cuba begun during the former intervention but not completed except for the Provinces of Havana and Matanzas. The 25 marines ordered to the Isle of Pines by Secretary of War Taft proceeded thither today from Betancourt in a coasting vessel.

**ALLEN Appeals for Order.**  
HAVANA, Oct. 14.—Governor Aleman, of Santa Clara Province, has issued an appeal to the various army officers in his department to establish order and exercise patriotic activity in order to maintain the existence of the republic. The appeal said in part: "It cannot be doubted that a majority of the Cubans lack a clear and definite conception of the exercises of liberty and compliance with liberties. It is also necessary for the sake of truth to declare that in the provinces many functionaries of the administration have failed temporarily to comply with their official obligations." The Governor begs his hearers to resist temptations and urges them not to be carried away by their passions and to treat all citizens and factions alike.

**Expect a Permanent Occupation.**  
LONDON, Oct. 15.—(Special.)—Very few people here believe that the American occupation of Cuba will be temporary, and no one who has any interest, commercial or otherwise, in the island desires that it should be so. The general opinion is that the Cubans will be no more likely to be able to govern themselves in two years than they are now, and the United States will find it difficult to restore the independence of the island. It is thought that the theory of temporary occupation will be maintained for a long time, perhaps for several years, but circumstances will override the present intention of the United States Government.

**NEXT POPE NOT A SAINT**  
Need of a Politician at the Vatican Is Recognized.

ROME, Oct. 14.—In spite of the fact that the pope is enjoying perfect health, the matter of possible results of the next conclave, whenever it does occur, is being discussed among the cardinals, and this with no desire to anticipate the election or to be disrespectful to the pontiff. The feeling among the cardinals has changed greatly since August, 1903, and today there exists a tendency quite opposite to that which triumphed three years ago. In view of the Vatican's experiences with France, the cry this time will be not for a merely religious pope, but a political pope; not for a saint, but for a statesman. Even the strongest opponents of three years ago of Cardinal Rampolla now favor his election. Rampolla failed in 1903 chiefly because he was vetoed by Cardinal Puzyna, in the name of Austria, speaking for the entire Triple Alliance. Although Pope Pius has suppressed the right of veto abrogated by certain powers, the reason which induced the Triple Alliance to oppose Cardinal Rampolla still exists, and the church is today less able to afford displeasing the Central Empire. Consequently, there are rumors of an experiment with a foreign pope, in spite of the disfavor of the Italians. For the last four centuries all the popes have been Italian. In this connection the recent election of Father Wernz to be bishop of the Jesuits is considered symptomatic. Every one prophesies that the general would be an Italian, but finally a German was chosen.

**DASHES THROUGH GATES**  
Chicago Street-Car Runs Into Train, and Three May Die.

**CHICAGO, Oct. 14.—(Special.)**—Eleven persons were injured, three probably fatally, in a collision early this (Monday) morning between an Archer-avenue trolley car and a belt-line freight train at the Archer-avenue and Forty-eighth-street crossing. The train was crossing the street as the car approached. The motorman could not make the brakes work and the car dashed through the gates and into the former. Intervention by the watchman at the crossing was arrested, but was able to show that the gates were down and was later released.

**WRECKS CAR TO SAVE LIFE**  
New York Autoist Is Picked Up Very Badly Hurt.

**CENTRAL VALLEY, N.Y., Oct. 15.**—Dashing down a steep hill in an automobile which had got beyond his control, Louis Lieber, in order to prevent a collision with another auto ascending the hill and which contained Miss Cutting, daughter of B. Fulton Cutting, deliberately wrecked his machine and was himself crushed in the wreckage and severely hurt. The occupants of the Cutting car were unhurt.

**PICKS AN OLD PARTY**

**Premier Stolypin Will Back League of Octoberists.**

**ROSSIA ACCLAIMS MOVE**

**Personal Organ of the Prime Minister Hails Organization as Composed of Real Constitutionals and Liberals.**

**ST. PETERSBURG, Oct. 14.—**The League of Octoberists has been adopted by Premier Stolypin as the governmental party, and to it all the strength of the administration will be turned in the coming elections.

The Premier's personal organ, the Rossiya, in a leading article today announced the idea of the formation of an independent government party and hails the Octoberists as the real constitutional and liberal organizations on whose platform the friends of peaceful regeneration will find the expression of their sincerest hopes. "We greet such a firm declaration of principles," the Rossiya says, "seeing therein a correct point of view for relations between government and party in which there can be co-operative work advantageous to both." The announcement foreshadows the entrance of M. Guchkoff in the Cabinet. The door is now open to M. Guchkoff, and the party is pledged not to accept the portfolio until the control of the Ministry is surrendered. The attitude of the Ministry toward the Constitutional Democrats has not been altered by the partial backdown from the proposals of the Yiborg manifesto at the recent congress in Helisingsfors. The organ of the Constitutional Democrats in Saratov Province was suppressed today. Through the Rossiya, Premier Stolypin has announced that the renunciation of the passive resistance idea in the coming elections will not be sufficient and that the party still will be considered openly revolutionary. The congress at Helisingsfors was remarkable for the first open admission of the absence of infallibility in Constitutional Democratic tactics in the recent parliament. Up to the present time the Liberals have insisted that the party's procedure in parliament was entirely correct and that the government was to blame for the dissolution. M. Nabouckoff, the floor leader of the party in the last parliament, declared yesterday that he had been too greatly influenced by the burning zeal of the group of toll and had committed great tactical mistakes by the adoption of the appeal to the people which justified the government to close the session. Twenty-four ex-members of the last parliament are now in prison on various charges. Ten fled to avoid arrest, five were deported from their home provinces and two have been excommunicated. Statistics of drumhead court-martial show there were 182 executions during the first month of its existence, and that the daily average of executions is now higher. Sixteen men were executed yesterday. A majority of the sentences passed and executed are not for political crimes, but for highway, bank and train robbery, holdups in streets and murder, all of which have flourished under the demoralization attending the revolution.

**SWITCHMEN NOT STRONG**  
Most of Them Are Affiliated With the Trainmen's Union.

**CHICAGO, Oct. 14.—(Special.)**—Grand Master Morrissey, of the Railway Trainmen's Union, is not greatly impressed by the talk of a strike by the switchmen on the railroad between Buffalo and the Pacific Coast, October 25. Mr. Morrissey arrived here tonight to investigate reports of the contemplated walk-out. "There are 38,000 switchmen in the country," he said, "and our organization controls 23,800 of them, so it is easy to see that an order calling out the Switchmen's Union will come far from stopping all transportation. "A movement is on foot on the trainmen's part, however, for higher wages and eight-hour day. While our plans are fully made, we shall proceed conservatively."

**RAIN DAMAGES COTTON**  
Heavy Fall in Texas Is Also Disastrous for the Rice.

**HOUSTON, Tex., Oct. 14.—**A heavy rain has fallen over the ground in part of Texas the past 24 hours, doing considerable damage to the cotton crop. There will be a heavy loss in rice.

**Lost Millions in Speculation.**

**TORONTO, Ont., Oct. 14.—**President Decker, of the Bank of Toronto, today gave out a statement saying that General Manager McGill had been making false statements on the bank's books for years, and that in August, 1906, McGill lost \$1,000,000 speculating in the stock market. The president said he does not intend to enter into criminal prosecution of the ex-general manager as an individual. McGill has not been arrested.

**ROANOKE GOES ASHORE**

**NOSE IN SAND INSIDE HUMBOLDT BAY ENTRANCE.**

**In Attempting to Avoid Collision With Scotia Both Vessels Get Out of Channel.**

**EUREKA, Cal., Oct. 14.—**The steamers Roanoke and Scotia are on the south spit, inside the entrance to the bay in Humboldt Bay, destined to remain there until morning, if not longer. There is no danger to either vessel unless the weather changes, and the bay becomes rough, in which event they are likely to be wrecked. There could be no loss of life, as the passengers could be taken off with safety. The life-saving crew in its boat is now aligned alongside, also the Federal gasoline launch, and they will remain there until morning. The Scotia, lumber laden, left port about half an hour before the Roanoke.

**MEYER TAKES TRIP TO ODESSA.**  
Visit of American Ambassador Is Without Political Significance.

**ST. PETERSBURG, Oct. 14.—**George von L. Meyer, the American Ambassador, has left here on a flying trip to Odessa, Sevastopol and the Crimea. He is accompanied by Major William W. Gibson, who will inspect military conditions in Europe. Mr. Meyer's trip is devoid of political significance. He is simply taking an opportunity to visit an interesting section of Russia.

**GENERAL STOESSEL RETIRED.**  
Imperial Order Gives Ill Health as the Reason.

**ST. PETERSBURG, Oct. 14.—**An Imperial order giving notice of the retirement of General Stoessel, on the ground of ill-health, has appeared.

**Rector Threatens to Resign.**

**MOSCOW, Oct. 14.—**Owing to the fact that the police have forbidden student meetings in the university buildings, the rector and vice-rector of the university decided to resign. They were, however, prevailed upon to remain in office. The result of a deputation sent to the Minister of Education in the matter.

**STEAL CARLOAD OF REVOLVERS**  
Polish Revolutionists, Disguised as Soldiers, Present Forged Papers.

**WARSAW, Russian Poland, Oct. 14.—**A consignment of several thousand revolvers, purchased by the Russian government in Berlin, recently fell into the hands of the Polish revolutionists. Soon after the arrival of the car containing the pistols at the Warsaw freight yards an artillery officer and a squad of soldiers appeared and presented the bills of lading and an authorization to receive the weapons, which were loaded upon a wagon and carried away. It later developed that the soldiers were disguised revolutionists and the documents forged. Investigation shows that since last December the revolutionists have been accumulating large stocks of rifles and revolvers in Poland, the greater part of the weapons, according to reports, being purchased in Berlin. Their agents, well supplied with money from the proceeds of recent robberies and forced contributions, are able to pay cash for weapons of the latest pattern.

**FROM MAKER TO PLAYER**

(Schubert Week at Reed-French's, Oct. 15 to 22)  
**It's About Reed-French's Business**  
**Six people bought Schubert Pianos last Saturday at forced prices and everyone saved a hundred dollars**  
**As Fine a Piano as Ever Went Over a Pianoman's Threshold for \$315 (the Retail Price of a Schubert Is \$450) — Pay \$8 or \$10 a Month**  
A few days ago Reed-French's Eastern office promised the Schubert Piano factory to have their Portland store take care of three cars of Schubert Pianos, due to arrive here about the first of October. The Schubert people were in a quandary as to how to handle these pianos, as they had discontinued their agency here after the cars had left the factory. There was no one in Portland to look out for the pianos. The Schubert Company are friends of this company, and as a business courtesy we agreed to sell these pianos, provided we could sell them in our own way, namely: To the factory cost add the actual freight and a reasonable warehouse charge—no other appendages allowed. The Schubert people consented to this. Our method of selling does away with the retailer altogether and brings the two principals together—it's "maker to player," and nobody else. We will sell you a beautiful Schubert for less money than retailers will want for a very ordinary piano. . . . Get "up-town" prices and then see us—this is the way to make the test.

**We Made Some Good Friends Saturday Let Us Tell You About Them.**

A School Teacher: He lives on the East Side—this you'd know his name were we to tell it—this gentleman lived for years in a piano factory town—He's seen pianos go together from castors to top board and he knows—he says a Schubert Piano for \$315 must be an eye-sore to uptown retailers. He personally knows lots of people who have paid \$40 and over for a piano that should not be spoken of in the same breath with a Schubert. It didn't take him five minutes to select his piano. He pays us \$8 a month.

A Lady Clerk: A Schubert sale that interested us immensely was the last one for the day (we sold six Schuberts Saturday). This little lady is a ball in on all the department stores here, and couldn't find the ground until after 10 o'clock—but she wanted a piano—she wanted to learn and to help a younger sister to learn. Neither one of these girls could touch the piano throughout the day, for they work, and yet this fact did not deter them buying a piano and trying as best they knew how to advance themselves. It is this independence on the part of the women that accounts for America's greatness today.

An Expressman: We'd like to tell you about him—we haven't room—he's giving his surplus change to his children—if every man would do this it would be such a hard job to be a child. This man will pay \$3.00 every month for a Schubert for the little fellows.

Can you use a beautiful piano? This is Schubert week! \$315. (Retail for \$450.) Terms won't prevent your having it—Begin payments in November. See us tonight.
