Governor of Mississippi Declares Purpose in Running for Senate. Negro Becomes Worse and Not Whites' Equal.

CHICAGO, Oct. 18 .- Announcement of a carefully planned campaign to cure the repeal of the amendment to the Constitution of the United States, that which gives, the negro equality with the white man as a citizen, was made by Governor James K. Vardaman, of Mississippi, who was in Chicago today attending the railway surgeons' convention.

Mr. Vardaman, who is seeking election to the United States Senate, declared that, if he won a membership in the upper house of Congress, he would make his fight on the floor of that body, believing that he had the support of the entire South. He insisted that a crisis in the relation of the races in the Southern States was at hand and that the problem of white supremacy or black domination should

"If I get to the Senate there will be an opportunity to speak to the entire Nation. The North will know what the South already knows that the climax of the situation is at hand.
