

MURPHY NAMES MORE WITNESSES

Others Called to Tell of Hold-Up by Independence League.

STILL LOYAL TO HEARST

Jerome Helps Grand Jury to Probe for Political Gift—Attempt to Hold Up Forges for Campaign Expenses.

NEW YORK, Oct. 19.—Interest from an unexpected source was injected into the political campaign today when Charles F. Murphy, the leader of Tammany Hall, appeared before the grand jury in response to a summons from the District Attorney's office, to tell upon what he based his statement of yesterday that the managers of the Independence League were attempting to "hold up" Tammany candidates. Murphy had intimated that Democratic nominees for Congress, the Senate and Assembly had been approached with a proposition that their opponents on the League ticket asked, for a money consideration, to offset expenses already incurred, to withdraw.

ALCOHOL AND MORMONS

W. C. T. U. CONVENTION DEBATES TWO AS GREAT EVIL.

BOSTON, Oct. 19.—An impressive memorial service for members who have died during the past three years was one of the leading events of the second day of the triennial convention of the World's W. C. T. U. in Tremont temple. In delivering a brief address today on "Moral Temperance," Mrs. Martha M. Allen denounced patent medicines which contained alcohol and gave a demonstration of the presence of alcohol in two such medicines by heating samples of them in specially constructed lamps and showing to the delegates that the gas thus generated would burn brilliantly. Reports of many department superintendents were read.

Anti-Polygamy Amendment to Constitution Advocated—Patent Medicines That Burn Like Gas.

In an address on "The Menace of Mormonism" at the afternoon session Mrs. Mary C. Wood said: "There can be but one interpretation of the reasonable attitude of the Mormons in this country, and that is the estimate of their influence by political leaders. The Mormon look for permanent representation in the United States Senate in the eventual victory of Wood Simon. A constitutional amendment will eliminate this awful condition and we shall have a constitutional amendment when you will it. The convention unanimously adopted a resolution endorsing the work of the American women in trying to secure a constitutional amendment prohibiting polygamy in the United States. A message from President Roosevelt, inviting the foreign delegates to the convention to meet him in Washington on November 7. Mrs. Lillian M. N. Stevens of Portland, Maine, who has been supported by the British delegates for the presidency of the World's Union, has declined to be a candidate. The election of officers will be held tomorrow. This evening there was a public meeting in Tremont Temple.

WHAT CHANLER SUBSCRIBED

Says He Gave \$5000 to Each Committee, Unsolicited.

SARATOGA, N. Y., Oct. 19.—Louis Stuyvesant Chanler, Democratic and Independence League candidate for Lieutenant-Governor, said today regarding the report that he and his brother contributed largely to the Independence League and Democratic campaign fund.

RAILROADS FIND FRAUDS

Cheated in Granting Extensions of Time on Trip Tickets.

LOS ANGELES, Cal., Oct. 19.—The Interstate Commerce Commission and some of the transcontinental railroads may clash over the question of the railroads being compelled by the commission to issue holders of trip transportation an extension of time on their tickets. A recent opinion, in the form of a letter from Chairman Knapp of the commission, held that the railroads must refuse to extend the time limit of tickets for any cause whatsoever.

HUGHES IN SCENES OF YOUTH

Rejoices in Patriotic Support of Many Old-Line Democrats.

ONEONTA, N. Y., Oct. 19.—Charles E. Hughes, candidate for Governor of New York, spent the greater part of today amid surroundings in the up-state country which brought back reminiscences of his youth. This afternoon he spoke at Delhi, a picturesque little village tucked away in the Catskill Mountains. Earlier in the day, on the way into the mountain country from Albany, there had been stops at Cobleskill, in Schoharie County, and Delanson, in Schoenectady County. In each place Mr. Hughes spoke briefly. Returning from Delhi this evening, Mr. Hughes addressed a large crowd. There is a considerable labor element here employed in railroad shops. Mr. Hughes renewed his pledges of interest in labor and in clean government, with reform in the state departments wherever needed. He also devoted much of his speeches today to a more direct plea for Democratic support. At Delhi he said in part: "It is particularly gratifying that the Republican party, in the good work that has been done in recent years, has had support and has largely been able to accomplish that work through the support of patriotic members of the Democratic party. They respond quickly and enthusiastically to a call upon good citizenship. And throughout the state nothing has been more gratifying than the action of old-line Democrats who have refused to be stultified by the proceedings of the Buffalo convention. They have thought more of the principles of their party than they have of their candidate. They have thought more of true Democracy than of the pretensions and intrigues which they were asked to support. Mr. Hughes' greeting here and at Delhi and other stopping places today was marked by much enthusiasm.

HEARST SPEAKS ON GAS FIGHT

Gives History in Reply to Hughes' Charge of Misrepresentation.

SARATOGA, N. Y., Oct. 19.—Convention Hall was crowded to its capacity tonight with people from all this part of Saratoga County, who came to hear William Randolph Hearst, Democratic and Independence League candidate for Governor. Large delegations were present from Ballston Spa, Glens Falls, Schuylerville and other neighboring places. At tonight's meeting here Lewis Stuyvesant Chanler, candidate for Lieutenant-Governor, spoke briefly. Hearst's appearance was the signal for a tumultuous demonstration. He was continually interrupted by applause. Hearst's speech was largely devoted to the gas legislation and litigation affecting New York City and the allegation of Charles E. Hughes that Hearst's newspapers were misrepresenting the decision of the Court of Appeals on the 88-cent gas law. "There is no occasion for deceiving the

public," said Hearst, "and I have no intention even of attempting to influence the public mind the one way or the other on the question of the gas fight and the court's decision." Hearst then dwelt at great length on the history of the gas fight. A considerable number of people left the hall after Hearst had been speaking a short time, but the great majority remained, listening with close attention and evidence of enthusiastic sympathy. Hearst will speak at Glens Falls and Schoenectady tomorrow. From the latter place he will return to New York.

Naturalization Frauds Wholesale.

MINNEAPOLIS, Oct. 19.—Wholesale naturalization frauds in the Hennepin County District Courts have been discovered. The evidence has been turned over to the United States authorities, and \$2 warrants have been issued by the United States Marshal, Moore Whitehead, well-known Democratic politician, has already been arrested and bound over to await the action of the Federal grand jury. It is said that large numbers of foreigners have perjured themselves in taking out their second papers in over-scaling the time they have been in this country for the purpose of making voters of them.

Magistrate Before Grand Jury.

NEW YORK, Oct. 19.—The grand jury today began an investigation of the charges that one of the Magistrates of the city courts has been a party to the use of money in obtaining concessions of the courts for the disposal of cases without trial.

out of his association with Emperor Wilhelm. These two have much in common and might find much pleasure in each other's company. However, it is not generally believed that the President will accept a diplomatic post. Looking the whole field over there is nothing that would give him the opportunities found in the Senate; opportunities to carry on the work he inaugurated in the White House.
