Mrs. L. Clifford Figg, of Chicago, Ill., who suffered intensely for months from kidney and bladder trouble, says that after taking other medicines without relief Warner's Safe Cure restored her to health. She writes June 1st, '06:

"It gives me great pleasure to recommend Warner's Safe Cure to all who may be suffering from kidney and bladder trouble. I was ill and miserable, suffering from backache, sick headache, dizziness, rheumatic pains and neuralgia, grew daily more nervous and irritable, and finally, after consulting a physician, I learned that I had kidney and bladder trouble. After taking his medicine for some time with little or no relief, I determined to take the advice of a friend and try Warner's Safe Cure. One bottle certainly made a great difference, and continuing the use of Safe Cure I soon noticed the urinary disorders and pains disappearing, and gradually my health and strength returned. I took six bottles in all, which effected a complete cure, and I am most happy to recommend your medicine to all in need."—Mrs. L. Clifford Figg, 4445 Franklin St., Chicago, Ill.

A Real Stroke

You can learn to swim in two days. You can go down and stick your toes into the cold water and scream, or you can jump off the dock into deep water. Ridgway's chose the latter. We jumped off a high dock into deep water and—a little chilly. On our first number we went clear down out of sight and when we came up we had to be pulled ashore in a row-boat. On our second number we didn't need the row-boat, but we did a heap of spluttering and splashing. On this third number we believe you will discover something that looks almost like a stroke in our swimming. Read it through and see if you don't think we are making some progress.

LINDSAY DENISON, one of our editors, after a consultation with President Hadley, of Yale, has written an interesting article on "Social Ostracism as a Curb on Trust Wrongdoers." In January, 1900, Mr. Hadley advocated the social boycott as the best means for stopping the misuse of the Trust power by Trust and Insurance directors. Mr. Hadley was ridiculed for his suggestion. Since then public opinion has changed from condemnation to endorsement.
