MONEY FOR ORPHANAGE

Prominent Catholics Pledge Themselves to Raise \$30,000.

About 50 prominent local Catholics held a meeting at the residence of Archbishop Christie last night and guaranteed the amount within the next few weeks the full amount necessary to build the girls' orphanage which is to be erected opposite Oswego, at a site on the Willamette river. The sum of \$30,000 was pledged, and it is thought that but little difficulty will be experienced in securing this amount.

There are 150 orphan boys in the orphanage at Seaverton, and 70 girls were at St. Paul's when the orphanage there was destroyed by fire recently. It is for the accommodation of the latter that it is proposed to build a much larger institution on the Willamette river.

The Catholics also have a foundlings' home at Park Place, Oregon City, containing 30 inmates.

Crew of Iredale Examined.

ASTORIA, Oct. 25.—(Special)—A special board of inquiry of the Immigration Service was in session here yesterday to investigate the cases of three members of the crew of the wrecked British bark, Peter Iredale, who has been certified by Dr. Holt, of the Quarantine Service, as questionable cases for admittance. Into this country the first case taken up was that of W. Fitzpatrick, who is afflicted with trachoma. He stated yesterday that he intended to ship again at the first opportunity and was released. The next case was that of Charles Mannon, the sailmaker, whose right leg is crippled. As his deformity does not interfere with him in following his trade and there is little likelihood of his becoming a charge on the community, he was also allowed to ship again at the first opportunity.

Seeing is believing; wash Satin skin cream head, chest, arms, cracks or sores. 25c.

RECEPTION FOR TOMORROW

Gifted Colorado Woman Will Be Speaker at Convention of Oregon Federation This Week—Gives Views on Movement.

Protest on New Insurance Rates.

ALBANY, Or., Oct. 25.—(Special)—New fire insurance ratings for the City of Albany just received from the Board of Fire Underwriters of the Pacific increase the rate of insurance on business property from 25 to 40 per cent, and is causing much protest from business men. The cause gives no failure to have buildings wired in accordance with the requirements of insurance companies, but as the wiring is better than has been used in years, the feeling here is that the people are being made to pay the losses sustained by the insurance companies in San Francisco.

Benefits of Club Work.

Mrs. Decker talked at length on what club work has done for women. She explained that originally nearly all clubs were organized for some line of study, but that they had gradually become interested in civic affairs, and have branched out into many kinds of public interests.

Many women who do not care to be known as aggressive, or have their
