Congressman-Elect Begins His Term by Deliberate Homicide.

### IN SIGHT OF LARGE CROWD

Judge Favrot, of Louisiana, Sends Two Bullets Into Dr. Aldrich's Neck, While Mother and Sister Look On.

BATON ROUGE, La., Nov. 7.—Democratic Congressman-elect and Judge George E. Favrot, this evening shot and killed his life-long associate and former schoolmate, Dr. H. H. Aldrich, one of the best known citizens of Baton Rouge, while hundreds of persons were near the scene of the shooting, but none knew what happened between the two men until Judge Favrot refused to talk beyond letting it be known that the matter was a private quarrel.

The shot was fired opposite the Tetracoma Hotel, out of which a crowd of society women was pouring, having just left a reception. Among these women were the mother and sister of Judge Favrot. Judge Favrot emerged from the building with a revolver in his hand.

Dr. Aldrich was found near the entrance with two bullet holes in his neck. In a front pocket of his trousers there was found a revolver which apparently had not been fired. District Attorney W. W. O'Connell, one of the witnesses to the shooting, asked Judge Favrot why he shot Dr. Aldrich and the judge replied that he did it for sufficient reason. He started for the jail to surrender himself and was met on the way there by the Sheriff.

## ABOLISH WORN-OUT LAWS

### CHINESE EMPEROR PREPARES FOR CONSTITUTION.

Makes Many Changes in Government as Foundation for Popular Rule.

All Must Obey Law.

PEKIN, China, Nov. 7.—The Emperor has issued an edict ordering extensive reforms in the administration of the Government.

The edict, after referring to the previous command that the nation prepare for a constitution, outlines many changes in the administrative system, such as the appointment of various officials, the creation and abolition of others, the establishment of a political council whose duty shall be to gather public opinion.

The edict says these changes are made solely as the foundation for a constitution. It found not to be good, they will be changed again. It points out that the present situation in China is dangerous, if both high and low are not made to obey the laws, and it calls on the ministers to act together in order to improve conditions, warning them that, if they disobey the imperial commands, thus frustrating the hopes of the people, they will be punished. It declares that the laws and regulations made by ancestors were good for that time, but that now the superfluous must be abolished.

Another edict orders the viceroys and governors of provinces to consider what steps should be taken to prepare the general mass of the people for local self-government.

Sailors Rescued When Just About to Abandon Ship.

NEW YORK, Nov. 7.—Rescued when they were about ready to drop into the ocean from the deckhouse, six men, the crew of the Nova Scotia barkentine White Wings, and her captain were brought to this port today by the German tank steamer Mannheim, which arrived from Shields. The captain is M. J. McLeod, and the mate Alexander Luscombe.

With bulwarks just awash and her cargo of 200,000 feet of lumber covering the ocean, the barkentine was discovered drifting across the steamer ship track 200 miles east of Nantucket early Tuesday morning by the flare of her signals of distress. Captain Schaub, of the Mannheim, at once sent a boat, and after a hard struggle the crew was rescued.

Photographs were made of the needle for 19 months by an automatic photographing instrument made especially for the expedition.

President Orders Inquiry on Anti-Injunction Bill.

### CONFERS WITH GOMPERS

Labor Leaders Ask Roosevelt to Recommend Pearce Bill to Congress—Eight-Hour Law Is Also Discussed.

WASHINGTON, Nov. 7.—The measure introduced at the last session of Congress known as the Pearce anti-injunction bill was the subject of a conference today between President Roosevelt and Samuel Gompers and several other representatives of the American Federation of La-

bor. The Pearce bill has the endorsement of the Federation, whose representatives are anxious that some recommendations along its lines shall be made by the President in his annual message to Congress.

The President promised the committee to delegate four officials identified with legal work in the Government service to meet a similar number of labor representatives, with their attorneys, to go over the whole matter and to present their conclusions to him. The President, Mr. Gompers said, did not define his attitude or commit himself on the subject, but expressed himself as determined that absolute justice should be done.

Questions affecting the application of the eight-hour law to labor on the Panama canal and its general administration in Government work in the United States, together with others affecting labor matters, which the Federation is anxious the President should consider in his message to Congress, were talked over. With Mr. Gompers were Frank Morrison, secretary of the Federation, and James O'Connell, of the International Association of Machinists.
