

HOP MARKET

But Dealers are Still Buying at Current Prices.

GROWERS IN THE MARKET

Choice Export Goods are Firmly Held—Purchases on London Account—Low Prices Made to English Brewers.

HOP—Dealers still buying at current prices. WOOL—Oregon clips sell well in market. WHEAT—Local market weaker. FRUIT—Washouts will have small effect on market.

There was a fair amount of buying in the hop market yesterday but the buying that started the trade in the early part of the week has subsided.

More buying by merchants was reported, but the transactions so far as learned, were not large. One of his purchases was reported to be the best lot of 42 bales at Carlton for which he paid 10 cents.

A London cable received yesterday said that the market for hops was quiet there on the basis of 1 1/2 cents a cent on the Coast.

Headquarters fear that the trouble they have suffered from lack of cars will be aggravated by the washouts on the Southern Pacific, but the railroad is now handling its through business without any delay.

Southern Pacific figures compiled up to October 23 show that 14,697 bales of hops were shipped out of the state on that line since the opening of the season.

Provisions and Canned Meats. BACON—Fancy breakfast, 22c per pound; standard breakfast, 18c; choice, 16c.

OREGON WOOLS ARE NOW IN DEMAND. Selling Freely at Good Prices in the Boston Market.

Western wools, Oregon especially, are attracting more attention in the Eastern markets now. Main advices from Boston are to the effect that 800,000 or 900,000 pounds of Oregon staple were transferred during the past week.

Scarcity in Few Lines Only. The railroad washouts will not have much effect on the fresh produce market, as very little such freight is coming northward now.

Chickens Move Slowly. The poultry market was dragging again yesterday, so far as chickens were concerned. Receipts were not heavy, but if it had not been for outside orders, receipts would have been maintained.

Wheat Market is Weaker. Owing to the car situation, which is serious here, the wheat market is weaker and the weakness of other markets, dealers here are quoting lower prices, ranging from 1 to 2 cents below the figures quoted early in the week.

Bank Clearings. Bank clearings of the leading cities of the Northwest yesterday were: Balances. Portland, \$9,942,750; Seattle, \$2,881,961; Tacoma, \$48,821; Spokane, \$1,314,048.

Vegetables, Fruits, Etc. DOMESTIC FRUITS—Apples, common to choice, 20¢ to 75¢ per bushel; fancy, 75¢ to \$1.50.
