

HEARST'S PROUD OF GREAT CAUSE

Predicts Its Success in Speech to Associates on the Ticket.

WINNERS GIVE BANQUET

Defeated Candidate Confident His Ideas Will Not Be Pronounced

Dangerous-Nathan Straus Slams Brother Oscar.

NEW YORK, Nov. 12.—A complimentary dinner was given to W. R. Hearst tonight at Delmonico's by Lewis Stuyvesant Chanler, W. J. Jackson, John S. Whalen, Julius Hanson and F. W. Skene, his associates on the Democratic and Independence League ticket.

Mr. Hearst said there were 25 guests, all of whom were either associated with him during his recent campaign for Governor, or were successful judicial candidates on the Independence League or other tickets. Mr. Chanler presided with Mr. Hearst at his right and Recorder Goff, who was elected to a place on the Supreme Court bench, at his left. The banquet was private.

Mr. Hearst said he was proud of the cause that he and his candidates had fought for and of its partial success. That cause, he declared, was right and would be recognized as such "as soon as the din and dust and confusion of the battle shall subside."

He knew that when the ideas he advocated during the campaign were thoroughly understood, they would not be considered dangerous or un-American. He would be recognized as just and patriotic.

He concluded his speech with thanks to the various political elements who supported his candidacy, including the independent Republicans and the "independent labor voters."

Nathan Straus, in a speech, declared that if his brother, Oscar Straus, had not been selected to be Secretary of Commerce and Labor in President Roosevelt's Cabinet, he would have stamped the state and told the people what a man Mr. Hearst is.

EXAMINE REJECTED BALLOTS

New York Republicans Apply to Court on Election.

NEW YORK, Nov. 12.—Formal application on behalf of the candidates on the Republican state ticket at the recent election for a judicial examination of all void and protested ballots in New York County was made today by A. S. Gilbert, in the Supreme Court Mr. Gilbert, who is a law partner of Attorney-General Mayer, is chairman of the law committee of the Republican state committee. The application is for a writ of mandamus to have the board of canvassers of the County of New York show cause next Wednesday why they should not judicially examine all ballots rejected as void and protested as marked for identification.

Justice McLean signed an order for the board of canvassers to show cause why the court should not examine the void and protested ballots, but declined to sign another order for which application was made, to prevent the board of canvassers from completing the canvass. The justice said the latter application was based on information too vague to warrant an order.

Chairman Timothy L. Woodruff, of the Republican state committee, issued a statement tonight in which he said: "I have not been requested to institute any contest or proceeding to open ballot-boxes, so far as the procedure of having a count of the void and protested ballots by order of the court is concerned, that is simply the method provided by the election law to correct any errors that may have been made. It is the duty of the various election districts. This procedure can be instituted by any candidate who has been voted in the election district. Of course this has nothing whatever to do with the question of void and protested ballots, as these void and protested ballots constitute a part of the ballot-box. That specters, placed in sealed envelopes and sent in with the returns."

START CAMPAIGN FOR BRYAN

Anti-Trust Travelers Will Organize Clubs as They Go.

NEW YORK, Nov. 12.—At a meeting of the Commercial Travelers' Anti-Trust League today, W. C. Hoge, the president, advocated W. J. Bryan for the next Democratic Presidential candidate, and urged the members to assist in the establishment of clubs and work in behalf of Mr. Bryan. Harry W. Walker, chairman of the executive committee, spoke along the same lines as Mr. Hoge.

It was voted that a committee be appointed, to consist of 5000 Democratic commercial travelers, to be known as the "traveling committee." It was pointed out that the members on their journeys over the United States will distribute literature and organize Bryan clubs. It was also voted to establish a "record bureau," in which articles attacking the trusts will be kept, to be printed in pamphlet form for distribution.

HE WINS BY LESS THAN 2000

Hock's Election Conceded, With Two Counties Missing.

TOPEKA, Kan., Nov. 12.—Official returns from 103 counties out of a total of 105 in the state give Governor Hoch a plurality of 184 votes over Colonel W. A. Harris, Democrat. The returns from the two missing counties will change these figures but slightly.

Hoch did not receive a majority of all votes cast for Governor, but under the laws of Kansas a plurality is all that is necessary to elect.

W. H. Ryan, chairman of the Democratic state central committee, disbanded headquarters in this city today and left for his home in Pittsburg.

"It seems now," said Mr. Ryan, "that Governor Hoch is re-elected by about 1500 plurality, although we have not received the official returns complete. We will make no contest, as we are well satisfied with the result."

WOULD WIDEN THEIR MARKET

Chicago Merchants Approve Hill's Canadian Reciprocity Idea.

CHICAGO, Nov. 12.—Widespread belief in the advisability of reciprocity with Canada was expressed yesterday by Chicagoans as a result of the speech on the topic delivered before the Merchants'

Club by James J. Hill. Many prominent men in finance and business declare, with scarcely a dissenting voice, that they were in entire accord with Mr. Hill's position.

It was pointed out that betterment of trade relations with the Northern neighbor would mean an extension of the Canadian market to the products of the United States and that such an extension would probably benefit Chicago and the Northwest. Even men who were not in sympathy with the free-trade ideas expressed themselves in favor of some lowering of the tariff wall as far as Canada was concerned. It was decided that American business men as a whole had lost through the absence of better trade relations with the Dominion.

Occasion was also taken to sound a note of warning that the establishment of improved relations should not be long delayed, for Canadians are declared to be changing to some extent from their former keen desire for reciprocity.

Absurd Election Bet Paid.

CALDWELL, N. J., Nov. 12.—Dyed-in-the-wool Republicans ate raw fish and baked goods stuffed with sawdust and green persimmons sprinkled with cayenne pepper last night at a banquet, while 12 Democrats sat around, jeered and regaled themselves on Jersey squab an casserole and Blue Points on the half-shell. For drink the Republicans had a quart of hops and vinegar. The Democrats had champagne. John Edmundo was the lone Republican. He thought the Republican party had such a hold in Essex County, the Home of United States Senator Dryden, that its grip could not possibly be broken. Solomon Kent set him a supper for 12 that the Democrats would carry the county. It was agreed that the loser should eat crow where the other would have seven squabs.

SEVEN DIRECTORS ELECTED

Portland Rowing Club Holds Annual Meeting—Year's Work Reviewed.

The annual meeting of the Portland Rowing Club was held at Y. M. C. A. Hall last night. About 40 of the 200 members were present. After hearing reports from all the officers and committees seven directors were elected. They are: R. W. Jour, P. E. Stowell, R. C. Hart, W. A. King, A. R. Stringer, E. O. Gloss and A. McMillen. A meeting of the directors will be held Tuesday, November 20, at the office of R. W. Wilbur, in the Sherlock building. The directors will appoint the committee to select officers and decide on a number of other important matters.

During the past year the headquarters of the club have been moved from Morrison-street bridge to a point above the human-outlet sewer, where two boat-houses and a workshop were built. This improvement cost over \$1000 and \$1000 was expended in raising the rowing crew to Worcester, Mass., to compete for the championship of America. The club is now just \$1000 in debt, which is the same amount as last year. In property the club has \$25,000 and over \$1000 was paid into the treasury last year. In number of members Portland Rowing Club ranks third in the North Pacific Association of Amateur Rowers.

Not only in numbers does the Portland club rank high, for last season the local club won all the cups in the North Pacific Association, but it also won the regatta for the championship of North America. In that memorable race Nonpariel Rowing Club, of Staten Island, near New York City, defeated Portland by a bare half length.

The next annual regatta of the North Pacific Association will be held at Seattle in the month of August. The local club will have a crew in the contest.

FOR LEAGUE CHAMPIONSHIP

Columbia and Hill Promise Exciting Contest on Friday.

Columbia University and Hill Military Academy will meet on the gridiron next Friday in a game for the championship of the Interscholastic League. The coming contest should be even harder than the Columbia-High School game, for both teams are about evenly matched in weight with the advantage in favor of Hill. The High School team was about five pounds lighter to the man than Columbia, but in coaches Columbia will meet a heavier and well-coached team. The High School's vision of winning the pennant and championship of the league went glimmering Saturday, when Moore planned the pigskin across her goal line.

If Columbia defeats Hill Friday, the fight so far as the pennant contest is concerned, it is simply the method provided by the election law to correct any errors that may have been made. It is the duty of the various election districts. This procedure can be instituted by any candidate who has been voted in the election district. Of course this has nothing whatever to do with the question of void and protested ballots, as these void and protested ballots constitute a part of the ballot-box. That specters, placed in sealed envelopes and sent in with the returns."

ELIOT APPROVES NEW FOOTBALL

BOSTON, Nov. 12.—Football under the new rules, as demonstrated in the Harvard-Carlisle game at Cambridge Saturday, meets with favorable comment from President Charles W. Eliot, of Harvard University, in an interview made public today. President Eliot attended Saturday's contest and expressed his enjoyment of the game, which he had previously expressed to him "free from unnecessary roughness."

Football is considered on probation at Harvard this year. A committee appointed several months ago is still discussing the subject of athletic sports with special reference to football, but has not yet submitted its report. President Eliot's views are expressed today. It is expected, will have some weight with the committee in recommending that football be retained.

Pacific College in League.

The report that Pacific College has withdrawn from the State Basketball League is not true. Pacific University has drawn out, but a message received from Newberg says Pacific College is in to stay. Mr. Griley, of Portland, Y. M. C. A. says that the statement made by him that Physical Instructor Wilson, of Newberg, was the cause of Newberg's withdrawal, was a result of a misapprehension. No reason is given for the action of Pacific University. The champions of the league will be considered the champions of Oregon. All professionalism will be strictly prohibited and every participant will be compelled to register in either the Amateur Athletic Union or the North American Athletic League.

WARSHIPS TO TALK

Britain and France Will Give Morocco Lesson.

ANARCHY RENDS COUNTRY

Outrages Upon Foreigners and Tribal Wars Weary Great Powers.

British Fleet Ordered to Join French at Tangier.

GIBRALTAR, Nov. 12.—The British Atlantic fleet is to leave here for Tangier in conjunction with a French fleet of warships, it will engage in a demonstration in Moorish waters. The British warships were provisioned tonight on very short notice.

During the last few months conditions in the interior of Morocco have considerably grown worse. Foreigners have been assaulted and outraged, towns have been raided, Jews have been persecuted, foreign vessels on the coast have been fired upon and, while the diplomatic representatives of the powers concerned have protested to the Sultan, the demands have been received with slight attention.

The agitation against foreigners is reported to be on the increase, and Spain has found it necessary to send a warship to the Moroccan coast to remove Spanish subjects, inaugurate the demands have been active in creating disorder among themselves and the forces of the Sultan and those under Bu-Hamara, the pretense to the throne, were some in contact in recent months, with victory first on one side and then on the other.

The diplomats at Tangier have protested more than once to the Moroccan authorities against the lack of protection for foreigners, but no improvement has been forthcoming. In fact, the local authorities have been increasingly aggressive and even insolent in their treatment of the local representatives of France and Spain. France already has one or two cruisers in Moroccan waters.

The American mission to Fez under the American Minister to Morocco, Mr. Gummere, is at the capital for the purpose, among other things, of obtaining satisfactory assurances for the safety of Americans in Morocco, as well as indemnity for outrages committed in Morocco upon persons under American protection.

The international conference held at Algiers this Spring agreed upon certain reforms for Morocco, and the Moorish representatives agreed to the provisions of the conference. The reforms were signed by the Sultan on June 18. The reforms are to go into effect the end of this year.

RAISULI APPOINTED GOVERNOR

Sultan Honors Bandit Chief—Fanatics Want Gummere Away.

TANGIER, Nov. 12.—Official news of the appointment of Raisuli, the bandit chief, to be Governor of the town of Azilla and neighboring provinces has been received here. This nomination is made by the Sultan. The territory under Raisuli's authority extends from Tangier to El-Rasch.

It is reported here that Mr. Gummere, the American Minister, paid what is believed to be his final visit to the Sultan four days ago at Fez. Mohammedan fanatics beginning to display dissatisfaction with the prolonged sojourn in Fez of the mission of which Mr. Gummere is the head.

All Goes Well About Morocco.

PARIS, Nov. 12.—Foreign Minister Pinchon, in an interview today regarding the Moroccan situation, declared that the understanding between France and Spain concerning the measures to be taken in Morocco was not complete. He added: "The terms of the Algiers convention will be strictly followed. Nothing has occurred warranting a change in the agreement. Berlin government is disposed to interpose difficulties. The organization of the State Bank is proceeding as rapidly as possible."

LAST CHANCE FOR CHURCH

Has One Year After December 11 to Secure Its Property.

PARIS, Nov. 12.—The debate on the application of the church and state separation law was resumed in the Chamber of Deputies today. M. Pion, amid applause from the Right, insisted that they should negotiate a settlement at Rome. Replying to numerous interpellations, M. Brandes, the Minister of Education, cleared up an important point relative to the application of the law. He declared that after December 11 this year, church property "could" be handed over to local authorities, but after December 11, 1907, it "must" be awarded to them. All cultural associations formed after next month, however, might eventually acquire such church property, should the state so decide.

The provisional successor is Dr. von Bothmann-Hellweg, the Minister of the Interior.

BLOWS UP RUSSIAN WARSHIP

Japanese Destroyer Protects Sealers at Copper Islands.

VICTORIA, B. C., Nov. 12.—According to advices by the Empress of China, which arrived this afternoon, a telegram to Japanese newspapers from Vladivostok reports great excitement occasioned there by the report that the converted cruisers Silka and Kellma, which have been doing patrol duty at the sealer rookeries off Copper Islands, have been sunk by a Japanese destroyer in the neighborhood of the seal islands.

The Japanese Mail discredits the reports, saying, if such disaster has occurred at the islands, it is probably due to floating mines.

For the past two years excitement has been occasioned because of organized sealing raids at the Copper Islands by Japanese sealing schooners. Last year a raid, in which 27 Japanese and a number of Russians, the total unknown, were killed. The Japanese on that occasion were driven off, leaving 800 seals on the rookery. This Spring Russia dispatched three cruisers—the Silka, Kellma and another—to the island, and in consequence

the majority of the Japanese sealing fleet went to Behring Sea, where two schooners' crews raided St. Paul rookery. Baron Bruggen, of the Kametchikan Development Company, which has leased the Copper Island rookeries from Russia, was in Japan protesting to the Japanese government at Copper Islands when the Empress of China left. He was despondent because the Japanese officials seemed to be taking advantage of the weak state of Russia to put off action. None of the raiders were prosecuted on return home, nor was any action taken by the government against the raiders who landed at the American rookeries in Behring Sea.

TULL & GIBBS COMPLETE HOUSE FURNISHERS. YOUR CREDIT IS GOOD MAKE YOUR OWN TERMS. SLAVES ON OYSTER SHIP EIGHT OF CREW MAKE CHARGE OF PEONAGE. Claim They Were Beaten, Abused, Half Starved and Forced to Work Like Slaves.

ROYAL NAVY TAKES "AMERICA" IN PLACE OF "THE STAR-SPANGLED BANNER" AT EVENING. From time to time the suggestion is made that this substitution be generally made, but here again objection arises from the fact that only the words of "America" are American. On British ocean steamships a prior right is tacitly accorded to the British, and "God Save the King" is sung. While we persist in adherence to "The Star-Spangled Banner," it is fitting that this recognition should be extended to our British cousins, although as a matter of fact their claim upon the air for a national hymn is no stronger than ours and materially weaker than that of others. It was composed by the Frenchman, Lully, in the 17th century, was adapted to the House of Hanover by Handel and promptly taken over by Switzerland for "Rufst du, mein Vaterland," although the Hanoverians never abandoned it. "Heil dir im Siegerkranz," that "Die Wacht am Rhein," being to this day the national hymn of Germany. Consequently, the eve-song of British, Swiss, German and American soldiers about to go into battle would consist of the same music and a jumble of words by Carey, Harlee, Rev. Samuel P. Smith and whoever wrote the Swiss words. For double-quick marching, "Tangle Doodle" continues to be satisfactory, and "Hail, Columbia" is not without merit, but "America" is of too common general use to be nationalized. The Star-Spangled Banner" too throat-rendering, so again we ask, Will not some one kindly present us with a new distinctively American National Hymn? WILL DEPORT SMUGGLED CHINESE. PROVIDENCE, R. I., Nov. 12.—United States Commissioner W. P. Cross today ordered the deportation of 14 Chinamen who came to this city on board the smuggling schooner Frolic.
