

FUEL FANTASY IN YAKIMA VALLEY

First Train Passing Through Yakima City Will Be Held Up by Citizens.

SITUATION IS DESPERATE

Not a Tenth of the Demand Can Be Supplied by Local Mines—Gas May Be Cut Off in North Yakima.

NORTH YAKIMA, Wash., Nov. 30.—(Special.)—North Yakima in the entire Yakima Valley is suffering from a fuel famine. Yesterday the Cascade Lumbermill gave out notice that it would shut down very soon to make repairs as a result of the flood and that after the shutdown there would be no more wood. Coal cannot be had here one-tenth of the amount required to get a ton of coal out of the mines. A whole trainload of coal passed through here today and yet two cars were sent out. This is the situation. Hundreds of people are without fuel of any kind with slight prospects of getting what will be required for winter. The gas plant has a short supply on hand and may run out entirely. The people of Yakima City are without coal and none has been taken there by the companies this week. The people have organized themselves together and are preparing to capture the first train of coal that stops there on its way East. All the little towns along the route go out and throw off what they want from the passing trains. The situation will be such here in a very short time that the coal will be confiscated when it comes here by the train loads. The price has been raised \$1 per ton by the Northwestern Improvement Company.

WEEK SUPPLY IS IN SIGHT

San Francisco Is Running Close Up in Its Coal.

SAN FRANCISCO, Nov. 30.—The Examiner says today: San Francisco is threatened with a shortage of coal. It is estimated there are less than 2000 tons of domestic coal in this city now. The Titania is due here Monday from San Francisco with 2000 tons that is only a drop in the bucket. Sheilah will make port next Thursday with 5000 tons, but by that time the 6000 tons of the Titania will have been used. In other words the 10,000 or 12,000 tons of coal due here next week will last San Francisco about a week, and unless vessels begin to arrive in this port loaded with coal the people may be reduced to extremities. Many importers, interviewed on the subject confirmed the possibility of a shortage in fuel, but express the hope that something will occur to relieve the local situation. One dealer said that although the coal supply is very short, there is no danger of a famine, and that arrivals aggregating 20,000 tons are expected here shortly. An advance of \$1 per ton by the retailer to the consumer was made recently.

Payette Citizens Help Themselves.

PAYETTE, Idaho, Nov. 30.—With the thermometer standing at near the zero mark, and over 100 families out of fuel, a large number of prominent citizens held a meeting Wednesday night and decided to hold up the first train. A watch was put on at the depot, and at 5 o'clock yesterday morning word came over the telephone that a coal train was coming. The almost every able-bodied man to turn out. The crew was told to cut out eight cars, but when the railroad company was wired this night the members of the citizens to take only two cars, and that the company would set six cars last night from a train that was then at Mountain Home. The two cars were promptly unloaded. No one who had coal could get any, and only one ton was given to one family.

FUNERAL OF F. W. HUNT

BODY OF EX-GOVERNOR LAY IN STATE AT BOISE.

Escorted to the Cemetery by United States Cavalry and Fraternal Orders.

BOISE, Idaho, Nov. 30.—The funeral of the late Frank W. Hunt, ex-Governor of the state, was held today. From 10 to 2 the remains lay in state in the capitol, guarded by a detachment of United States troops and representatives of the Knights Templar. At 2 o'clock the remains were removed to St. Michael's Episcopal Cathedral. Bishop Hunter delivered a short address, after which the service of the Knights Templar was read. Two troops of United States cavalry escorted the remains to the Masonic cemetery and all state and other officials attended. There was a long procession of Knights other Masons, Elks and Spanish War Veterans. During the day all business houses were closed.

BALLARD NIGHTS ARE HIDEOUS

Fanatics Run Out of Seattle Carry on Peculiar Antics.

SEATTLE, Wash., Nov. 30.—Run out of Seattle by the police, members of the "Church of God's Own Children" have camped at Ballard, and the nights are made hideous by frantic shouts and shrieks of the converts. A strange religious frenzy has taken a strong hold on the members, and men, women and children, who seem to be originally rational, become raving maniacs while going through weird performances. Women cry and scream so loudly that they can be heard for blocks, and children do their best to imitate their elders. During the period of conversation one person always gives out an unearthly yell, this signifying that a new spirit has come over him and that he is saved. Children vie with one another in going through the performances and bringing in converts, praying, moaning and yelling and rolling on the floor in apparent agony for hours at a time. It is feared that if the meetings are not stopped immediately, some of the women members will lose their minds. The church is called the "Jones Street Free Mission." It does not be-

BRANCH LINE TO GLADSTONE

Chautauqua Directors Are Also Promised Light and Power.

OREGON CITY, Or., Nov. 30.—(Special.)—The management of the Oregon Water Power & Railway Company has advised members of the Board of Directors of the Willamette Valley Chautauqua Association of its willingness to build and operate a branch line from Gladstone Station on its main line, to the Chautauqua grounds; light the buildings and grounds and furnish the power to operate the pumps, this service to be continued throughout the Chautauqua season. Secretary Cross has called a meeting of the board of directors to be held Monday morning when the proposal of the street railway company will be considered. Now that improved transportation facilities are promised, one of the great handicaps under which the Chautauqua management has long contended is believed to be about to be surmounted. When the old association was dissolved several weeks ago, the board of directors of the old organization was directed to proceed and organize another association to maintain a very liberal and helpful policy in the interest of the future growth and success of the Chautauqua. The management of the street railway company gives the Chautauqua people positive assurance that it proposes to establish and maintain a very liberal and helpful policy in the interest of the future growth and success of the Chautauqua.

SLOANE DRUNK AT MINES

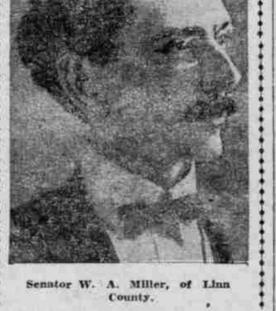

BOY GRIEVED AT EXHIBITION MADE BY HIS FATHER.

Said to Have Cried for Four Days Following the Visit Paid in September.

SPOKANE, Wash., Nov. 30.—(Special.)—The first testimony intended to disprove the theory that Sidney Sloane murdered his father, James K. Sloane, for the purpose of robbery was given this afternoon when S. B. Herron, superintendent of the properties at the mine, testified that he had seen Sloane at the time of the crime young

NEW MEMBER OF OREGON TEXT-BOOK COMMISSION.

Senator W. A. Miller, of Linn County.

Sloane had come to him \$141.30. This money was to have been paid Sloane September 1. James A. Sloane was slain in the interim. Herron stated he had known the late Mr. Sloane for several years and that there was only one time when he had seen him not under the influence of liquor, this being when Sloane was out in the country and was unable to procure liquor. Witness told that Sidney Sloane was much depressed on the occasion of a visit by Mr. Sloane to the mines, when he was in an intoxicated condition and saying that the youth cried for four days following the visit, the youth declaring it was too bad he could not acknowledge his father was drunk. The introduction of the last-named testimony was only after a strenuous fight by Attorney Nicholson for the defense. The other witnesses offered by the defense testified that Sidney was in the habit of tapping the mill and cigar machines at the establishment in which his father was interested; that when Sidney was 11 years of age he labored under the delusion that someone was trying to injure him; that Sidney while working at the mines would labor for one or two hours and for no reason would abandon work and remain idle for half a day.

W. M. LADD HAS RESIGNED

M. A. Miller Appointed in Place on Textbook Commission.

SALEM, Or., Nov. 30.—(Special.)—W. M. Ladd resigned today from his position as a member of the State Textbook Commission and Governor Chamberlain appointed M. A. Miller, of Lebanon, to succeed him. Miller is State Senator from Linn County and is a member of the Board of Regents of the University of Oregon. He has given considerable attention to public schools and to the subject of public school textbooks. It is thought that for this reason he was appointed. He has always asserted that textbooks cost too much and as a member of the Textbook Commission he will now have an opportunity to point out the manner in which they can be made to cost less. The other members of the commission are: H. W. Scott, P. L. Campbell, W. M. Colvig and C. A. Johns. The commission will meet in 1907 to adopt a series of textbooks for a period of six years.

Branch Road to Raymond.

SOUTH BEND, Wash., Nov. 30.—(Special.)—At a special meeting held by the County Commissioners, begun Thursday evening and continuing nearly all night, an appropriation of \$350 was made for the building of a branch county road from Raymond to connect with the new county road from here to Willapa. The citizens of Raymond agree to contribute \$2000 further the project.

WIND AT BAY CITY

Shells of Burned Buildings Are Thrown Down.

BOY'S SKULL IS CRUSHED

Hit by a Brick Dislodged From the Walls of the Palace Hotel—Flagpole Falls on Contractor.

SAN FRANCISCO, Nov. 30.—Eddie Cuneo, aged 11, was killed and his companion, Joseph Castro, aged 10, was badly injured this afternoon by falling bricks, which were blown from the top of one of the ruined walls of the Palace Hotel. The bricks fell on the Market street side. Immediately after the accident the police stretched ropes across the street for the purpose of preventing further accidents and as a result the cars running on Market street were held up for some time. At the time of the accident, the lad who was killed and his little friend were walking along the sidewalks. Blowing almost with the velocity of a hurricane, the high north winds prevailing over the city today brought down wall after wall throughout the ruined district. The high ruins of a building in Second street, near Market, toppled over with a roar, and for minutes afterwards only a drifting cloud of dust marked the place where the walls had stood. The shell was over 100 feet high, and the material was of immense weight, but fortunately no one was in the immediate neighborhood when the collapse occurred. Another burned building on Leidesdorff fell shortly afterwards, and the sudden detonation caused a serious panic in the commercial section. Huge chimneys, that were the only remaining portion of high buildings, were thrown over by the wind. The wind blew a flagpole from the Ghirardelli chocolate factory at North Point and Larkin streets this afternoon. The flagpole struck Joseph F. McGinn, fracturing his skull. McGinn is a street contractor and was working in the street near the factory with a gang of laborers. All of them escaped when the heavy pole fell except McGinn. His injuries are considered fatal.

Train Runs Over Sleeper.

SHERWOOD, Or., Nov. 30.—Albert Bealand, aged about 20, only son of Mrs. Bealand, a widow of Middleton, was run over and out to pieces by a Southern Pacific train shortly after 5 o'clock last evening. Thanksgiving festivity in the Sherwood saloon was the cause of Bealand's end. After spending the day drinking, he fell on the track and lay there, but was helped to his feet and started toward home. He had gone about half a mile when he again fell, and this time remained stumbling until the train ran over him. The remains were taken to Middleton, where an inquest is being held today by the Coroner of Washington County.

Los Angeles Mail Boxes Robbed.

LOS ANGELES, Nov. 30.—Mail-box robbers have appeared in Los Angeles. Last night before 11 o'clock, six boxes in the residence section were broken and robbed of their contents. Letters were torn open and scattered in all directions about the boxes. Many checks were found among the remnants, but the amount of money taken is not known.

Many Orchards Are Set Out.

NORTH YAKIMA, Wash., Nov. 30.—(Special.)—Since the first of October, 350,000 fruit trees have been received in Yakima for fall planting. The orders for spring delivery will run the total number up to 1,000,000 for this season's planting.

River Steamer Is Capsized.

ANTIOCH, Cal., Nov. 30.—The river steamer Tribby, Capt. H. H. Heston, capsized here at 12:40 P. M. today, by the strong North wind which got under her canvas. The crew of nine men were thrown into the water, but all were rescued by Frank Sampson, who went to their rescue in a launch. The steamer, which is of 15 tons burden, soon sank. She is owned by Henry B. Rideout.

LEAGUE MEETS AT UMATILLA

Effort Will Be Made to Unite Organizations of Two Counties.

HEPPNER, Or., Nov. 30.—Preparations are being made here for the meeting of the Umatilla Development League December 11. Two hundred delegates are expected to be here at that time. Arrangements have been made for a special train from Pendleton, and a large delegation is expected from Walla Walla. Prominent speakers of the state have promised to be here and much good will undoubtedly result from the meeting. It is the intention of those at the head of this affair to organize the development leagues of the two counties into one league to appear as a committee to confer with the legislators and try to get laws enacted at the coming session of the Legislature that will be beneficial to this section of Eastern Oregon.

Wounded Man May Recover.

SALEM, Or., Nov. 30.—(Special.)—All indications are that Frank Dick, who

TURED OF LIFE

AWFUL SUFFERING From Dreadful Pains From Wound on Foot—System All Run Down After Six Months' Agony—Not Able to Work—Completely Cured in Two Weeks

MIRACULOUS CURE BY CUTICURA REMEDIES

"Words cannot speak highly enough for the Cuticura Remedies. I am now seventy-two years of age. My system had been all run down. My blood was so bad that blood poisoning had set in. I had several doctors attending me, so finally I went to the hospital, where I was laid up for two months. My foot and ankle were almost beyond recognition. Dark blood flowed out of wounds in many places, and I was so disheartened that I thought surely my last chance was slowly leaving me. As the foot did not improve, you can readily imagine how I felt. I was simply disgusted and tired of life. I stood this pain, which was dreadful, for six months, and during this time I was not able to wear a shoe and not able to work. "Some one spoke to me about Cuticura. The consequences were I bought a set of the Cuticura Remedies took effect immediately. I washed the foot with the Cuticura Soap before applying the Ointment, and after two weeks' treatment my foot was healed completely. People who had seen my foot during my illness, and who have seen it since the cure, can hardly believe their own eyes." Robert Schoenhauer, Newburgh, N. Y., Aug. 21, 1905.

No More Cold Rooms

If you only knew how much comfort can be derived from a PERFECTION Oil Heater—how simple and economical its operation, you would not be without it another day. You can quickly make warm and cozy any cold room or hallway—no matter in what part of the house. You can heat water, and do many other things with the

PERFECTION Oil Heater

Turn the wick as high or low as you can—there's no danger. Carry heater from room to room. All parts easily cleaned. Gives intense heat without smoke or smell because equipped with smokeless device. Made in two finishes—nickel and brass. Oil found beautifully embossed. Holds 4 quarts of oil and burns 9 hours. Every heater warranted. If you cannot get heater or information from your dealer, write to nearest agency for descriptive circular.

THE Rayo Lamp

Equipped with latest improved burner. Made of brass throughout and nickel plated. An ornament to any room whether library, dining-room, parlor or bedroom. Every lamp warranted. Write to nearest agency if not at your dealer's. STANDARD OIL COMPANY

TEST CASE ON JUDGE

Idaho Democrats Hold That Mormons Cannot Vote.

POINT TO LATE TESTIMONY

Injunction Will Be Asked to Prevent Alfred Budge, Just Re-elected, From Taking His Seat on the Bench.

BOISE, Idaho, Nov. 30.—(Special.)—H. W. Lockhart, chairman of the Democratic state committee, who was in this city today, formally announced the determination of the executive committee to bring a case to test the eligibility of Judge Alfred Budge to hold office under the Idaho constitution. Judge Budge is Judge of the Fifth District Court, comprising the counties of Oneida, Bannock and Bear Lake, and has just been re-elected to that position without opposition. It has been understood for some time that the Democratic committee intended to test his right to hold office, and the purpose now has been officially announced. Mr. Lockhart admits Judge Budge is not a polygamist. He does not state the exact ground upon which his ineligibility will be charged, but it is generally known that the general trend of the reasoning is upon which the case will rest. The constitution of the state provides that no polygamist shall vote, the inhibition extending to any person who belongs to a church, teaches polygamy or encourages persons to enter into that state, and the purpose now is to test the status of all Mormons in Idaho as voters.

Progressives Name a New Ticket.

SOUTH BEND, Wash., Nov. 30.—(Special.)—Although nine-tenths of those nominating the "Progressives" for the city offices Tuesday night withdrew from the

WE CURE MEN FOR \$10

OUR FEE ONLY \$10 In Any Uncomplicated Case

Licensed to Practice Medicine in Oregon

A Physician's Noblest Efforts

To restore a man to health, strength and vigor, and give him his rightful place among his fellow men, is worthy of the noblest efforts of a physician's life, and every good physician works earnestly to this end. We offer you this aid, this help, this assurance of restoration, and if you will come to us we will spare you the penalties associated with diseases and weaknesses of men. We will help you to escape from the slavery that is holding you captive and impeding your progress. Do not be deluded with the idea that diseases and weaknesses of men will correct themselves—they never do.

We cure safely and thoroughly. Again we state that a little talk with us will not cost you a cent, and we may be the means of restoring you to your right condition again. We do not except any cases that we cannot cure.

Our physicians are men of good character, regular graduates of reputable medical colleges and legally registered and licensed to practice medicine. We do not have a so-called "case taker" who poses as a doctor and if the truth was known, that he never attended a course of study of medicine in his life. We have been located in Portland for 25 years, and have a reputation that is second to none in the Northwest. Call and write if you can not call.

HOURS—9 A. M. to 5 P. M. Evenings, 7:00 to 9:30. Sundays, 9 A. M. to 12 Noon.

St. Louis MEDICAL and DISPENSARY

CORNER SECOND AND YAMHILL STS., PORTLAND, OREGON.

17 YEARS IN PORTLAND

When Others Fall Come Here for Treatment. Located in Portland in 1889. We have made a specialty of diseases of men for 25 years. We have been established seven (7) years longer than any other specialist in the city. We make no false representations to build up our business, but depend principally upon patients we have cured sending us comes to us, but we claim that we can cure a larger proportion of cases with our system than can be done by any other. Specialists try to imitate our methods in every state in the Union. Nobody counterfeits anything that is not the genuine article. We will not undertake any case except there is a reasonable prospect of a cure being effected.

Will you investigate our methods? It is to your interest to do so. We make cures every day—some astonishing, almost beyond belief. We treat men for nervousness, rupture, rheumatism, weak organs, hydrocele, varicocele, blood diseases, skin diseases, and stomach, heart, lung, liver, kidney, bladder and urinary diseases. Over 50 per cent of our cases have been cured at a cost of \$10.00, and many only \$5.00, during the past 17 years in this city.

Consultation free and confidential. Office hours—Daily, 9 A. M. to 8 P. M.; Sundays and holidays, 10 to 12.
