

GENERAL DEMAND

Active Inquiry for Oregon Wool in Eastern Markets.

STOCKS HAVE RUN LOW

Only Two and a Half Million Pounds Left at Boston at a Recent Date—Strong Position of the Market.

Wool—Oregon clips in strong demand at Boston. The market is strong for the product of Oregon and all other kinds of wool as well.

The active demand in the Oregon wool market in the past two weeks, which has resulted in a practical clean-up of the clip of the state, was but a reflection of the strong inquiry that has existed in the Eastern market for the product of Oregon.

Recent advice from Boston estimated that there are 2,500,000 pounds of Valley wool and 2,000,000 pounds of Eastern Oregon wool remaining on that market.

Of the trading in Oregon wool in the Boston market last week, the Commercial Bulletin says:

There is considerable activity in Oregon wool, both staple and Valley being involved. Many are seeking to acquire the former, and a recent transfer of 500,000 pounds of the commodity has been reported.

From most part of the world there come any hope of lower values in the future. The consumption of the United States is practically unchanged in size, our operations are about the same as in 1905.

UNCERTAIN MARKET FOR TURKEYS. Eastern Supply Coming That Will Not Hold Prices.

The Christmas turkey market is very uncertain and there is no assurance that prices will hold up to the close. Speculators have started out heavy, indicating better supplies in the country than was expected.

Hops Strong and Active. The hop market continues decidedly active, both in this state and in California.

Supplies of Fresh Produce. Yesterday's receipts on Front street included five cars of bananas in good condition, one car of oranges, one car of sweet potatoes and a car of Grand Ronde apples.

Cheese Becoming Scarce. The cheese market is very firm. There are only 1200 cases in the Tillamook country and not over 4000 cases will be made there in December and January.

Bank Clearings. Bank clearances of the leading cities of the Northwest yesterday were:

Portland \$1,028,290; Seattle \$1,354,344; Tacoma \$75,958; Spokane \$80,724.

PORTLAND QUOTATIONS. Butter, Eggs, Poultry, Etc. BUTTER—City creameries, extra creamery, 25¢ per lb.

Vegetables, Fruits, Etc. DOMESTIC—FRUITS—Apples, common to choice, 50¢ per box.
