FRONT STREET

ONE HALF BLOCK, 200-FOOT FRONT-AGE ON FRONT STREET, IN THE WHOLESALE DISTRICT.

Convenient to depot and wharves. Half of this property improved by a three-story brick, with high ceilings. Now used as six-story building. Pay ing \$500 a month. Other quarter pays \$85 a month. Dirt cheap at \$100,000, and can be bought on casy terms.

Morrison Street

The northwest corner of Sixteenin and Morrison streets, 100x100, facing south and east, is the finest site now on the market for a hotel or large apartment house. Nothing better is to be had on Morrison street and nothing cheaper. The price for a short time will remain at \$40,000. Only \$15,000 cash is needed to handle this. We can furnish a first-class tenant to any one who will buy and build upon this property.

Seventh and Glisan

The hotel located upon the south-east corner of this intersection is a money-maker. It was leased during the hard times for \$275 a month, and that lease has about two years to run. It is a four-story building and will rent for a great deal higher figure when the present lease expires. By that time Jim Hill's terminals will be huilt and you will not be able to buy the property for \$50,000. Better take it now while you can get it at \$40,00, especially as the first payment need be only \$15,000.

A Home Worth Having

To find a good home in a good location, built before the present night prices for labor and material, without having the price raised on you to the limit is not an easy task. We have found just such a place, it is a full lot, well improved, the house has eight rooms and is thoroughly modern in every respect. Furthermore, it is within easy walking distance of the business center. Price \$5000, one-half case.
