

NEEDS PROTEST FROM CHURCHES

Olympia Senate Puts on Shelf Bill to Repeal Sunday Closing Laws.

HOUSE IS BUSY ALL DAY

Evening Session Found Necessary. Sharp Debate Between Falconer and Megler, in Which "Daddy" of House is Badly Worsted.

OLYMPIA, Wash., March 1.—(Special.)—In the Senate today, bills of Pierce procured indefinite postponement of his bills repealing the Sunday closing law, which have stirred up church people all over the state to protest, and Piper of King was defeated in his effort to postpone indefinitely the Senate amendments to the House direct primary bill, which Piper claimed are proposed only to provoke a conflict between the House and the Senate, and to defeat the passage of a primary bill this session.

Four new bills were offered in the Senate today, in which three were defeated, cleaning up the calendar so that about 4 o'clock the Senate took the customary adjournment until Monday morning.

The House began work at the beginning of the morning and held morning, afternoon and evening sessions, culminating during the afternoon in an interesting verbal duel between Speaker Falconer of Snohomish and ex-Speaker Megler of Wahkiakum, in which the present Speaker won a notable victory over the "Daddy" of the House.

Bills Up to the Governor.

Under the constitution, Monday will be the last day in which bills may be introduced in the Legislature. Of the four new ones today, one was by Senator Stevenson, authorizing the deaf and dumb language to be taught in high schools, and one by Representative B. B. Johnson of prosecution for malfeasance in office.

Ten of the bills passed by the Senate today were measures which had previously passed the House and were introduced by the Governor as soon as amendments are concurred in. The more important of these are the following: Providing that the assessment of telegraph, telephone and electric companies shall be made by the State Tax Commission instead of the County Assessors; providing that timber bought separately from the land shall be taxed as personal property; prohibiting employment of boys as messengers; punishing family desertion and non-support; increasing the military state tax levy one-tenth to one-fifth mill; and providing that hereafter no plot of property shall be approved unless at least one-tenth of the area shall be dedicated for park purposes, and also the bill creating four new Superior Court districts to be filled immediately by appointment of the Governor and later by election.

The Senate defeated, on vote, the bill to provide a collegiate course for the Bellingham Normal School, and indefinitely postponed a Senate bill to extend the term of the Supreme Court Judges from six to ten years.

Liberal Sum for State Roads.

All of the 11 bills passed by the House today were road bills, introduced by the road committee bills, providing respectively an appropriation of \$25,000 to the State Highway Commission, and five proposed state roads, including that from Woodland, Coville County, to the mouth of the Big Muddy in Skamania County, and providing for state aid from the federal fund of county roads generally throughout the state under certain conditions.

Another bill passed by the House appropriates \$50,000 for the construction of a State Reformatory for youthful and first-time convicts; another requires license of pilots for boats navigating rugged sound; another makes the close season for razor clams June 1 to September 1; another makes the Insurance Commissioner's an elective office after 1908; another repeals the old law prohibiting the enticing of sailors from ships.

This latter is one of the old statutes, and its repeal was urged on behalf of the Sailors' Union, who at the time of the recent strike of coast seamen found the law prohibited them from visiting ships to induce the sailors to strike. Jones introduced a similar bill in the Senate, which the Senate defeated. This bill was introduced in the House by Abrams and will probably be killed when it reaches the Senate.

Falconer Worst Megler in Debate.

The Megler-Falconer debate came up over the proposition to include gasoline in the net weight inspected by the State Oil Inspector. Megler contended that the sole effect of the oil inspection bill has been to levy a tax of half a cent a gallon on the people of this state, and, over the price paid in adjoining states, and that this is solely to furnish comfortable jobs for office-holders. He particularly opposed an inspection of gasoline because it would increase the price to consumers.

Falconer declared that when the inspection bill went into effect from the Standard Oil had a monopoly of the business in the state and furnished poor qualities of oil at about 17 cents. Now there are several independent firms selling oil in Washington, the quality has improved and the price has dropped to about 14 cents. He pointed out that unscrupulous dealers substitute the cheap benzine for gasoline and the results are explosions and accidents, sometimes with fatal results. Megler's amendment to cut gasoline out of the bill failed, and the bill was passed with a big majority.

In the Senate this morning Piper offered a joint resolution, which carried, asking Congress to appropriate \$25,000 to the Government departments, Smithsonian Institution, National Museum, and to aid the Philippines for the Alaska-Yukon Pacific Exposition. After this resolution had also passed the House it was wired to Congress.

MEAD MAKES APPOINTMENTS

Henry A. McLean Is Named for Seattle Fair Commission.

OLYMPIA, Wash., March 1.—(Special.)—Governor Mead today appointed Henry A. McLean, of Mount Vernon, Skagit County, a member of the State Commission to the Alaska-Yukon-Pacific Exposition. This is the second named of the seven prescribed members.

Leo Johnson, of Sunnyside, the representative from Yakima County, was today named by the Governor a member of the Board of Regents of the State College at Pullman, succeeding L. B. Hinton, of Colfax, whose term will expire March 6. The appointment is for six years. Johnson is now engaged in a mercantile business, but was formerly a Methodist minister and was pastor of the First Methodist Church at Walla Walla, from 1890 to 1902. He led the fight in this section for the passage of a local-option bill, but the measure was defeated.

ADAMS CASE TO JUROR ON MONDAY

Cracked and Bleeding in Many Places—Became so Bad that Nail Came Off Finger—Tried Many Remedies and Consulted Three Doctors, but Got No Relief—Now Cured and Is Very Proud of Having Tried CUTICURA REMEDIES

PROUD OF HAVING TRIED CUTICURA REMEDIES

"I had eczema on my hands for about eleven years. The hands cracked open in many places and bled. One of my fingers was so bad that the nail came off. I had often heard of cures by the Cuticura Remedies, but had no confidence in them as I had tried so many remedies, and they all had failed to cure me. I had seen three doctors, but got no relief. Finally my husband said that we would try the Cuticura Remedies, so we got a cake of Cuticura Soap, a box of Cuticura Ointment, and two bottles of Cuticura Resolvent Pills. Of course I kept Cuticura Soap all the time for my hands, but the one cake of Soap and half a box of Cuticura Ointment cured them. It is surely a blessing for me to have my hands well, and I am very proud of having tried Cuticura Remedies, and cured my eczema. Mrs. Eliza A. Wiley, R. F. D. 2, Lacombe, Iowa, Oct. 18, 1906."

DATE OF CRIME NOT VITAL

Set Forth That "On or About August 10" Covers Wide Latitude—Did Adams Kill Tyler Point for Jury to Determine.

SPOKANE, March 1.—A Wallace, Idaho, special to the Spokesman-Review says: It is probable that the Adams case will go to the jury Monday, arguments to the jury being made today.

On resumption of court at 2 o'clock, Henry P. Knight began his address, but had only spoken 10 minutes when he was taken sick and court adjourned, first for one hour and later for the day.

During the time he spoke, Knight said: Gentlemen of the jury, it has been stated that the defendant is a member of the Western Federation, but it is not for you to deliberate to what class the man charged with murder belongs.

It is your sole duty to decide whether or not he fired the bullet that killed Fred Tyler.

To a certain extent this will depend on the identification of the crime found in the Marble-Creek district, and with regard to this part I do not think there will be any question in your mind. We have introduced as witnesses the mother of the murdered man and his friends, and it would seem that the identity has been proved beyond all question of doubt.

The defense has rested the case on an alibi and so far as that goes, it is good. We have no objection to the part of the testimony of the defendant is charged with murder on or about the 10th of August, 1906, but this does not mean to imply that the murder was committed exactly on that date or few days before or after.

It does not mean to imply that the murder was committed during the month of August. It is only necessary for you to find whether or not the defendant killed Fred Tyler prior to August 10, 1906, the date which is set for the trial.

We believe that evidence introduced by the defense has only helped to confirm the case of the state, and we are satisfied that Tyler was killed during the month of August. He was killed at a place which cannot well be remembered; in fact, where it was almost impossible to find dates unless they are fixed by some event of unusual importance.

The part of the state rests on the testimony of Archie Phillips, Mrs. Phillips, Chandler, and other minor witnesses, and in the confession of defendant from the beginning to the end, which was given on the date of July 4, 1904.

It is evident that Adams had been afraid of specific dates and has steered clear of them at all times. First, to what witnesses Mrs. and Mr. Phillips say in regard to clothing worn by the defendant. You will remember that they detailed particularly what kind of handkerchiefs, what kind of clothing and other matters, and the testimony of Williams identified a number of items found at that particular place.

At this point Judge Woods made an announcement that owing to the indisposition of Mr. Knight, court would adjourn.

At 2:15 court met again and Knight not having recovered, adjournment was made until tomorrow.

ADAMS' ALIBI WILL STAND.

Motion to Reopen Case Overruled.

Slim Chance for Prisoner.

WALLACE, Idaho, March 1.—The slimmest fight that has occurred in the long trial of Steve Adams for the murder of Fred Tyler ended this morning in a notable victory for the defense, when Judge Wood announced that he would overrule the petition for permission to recall Mr. Arthur Phillips and reopen the case for the prosecution.

The testimony to be given by Mrs. Phillips was regarded as vital for the case of the state, it having been discovered that the date on which she heard the shots that are alleged to have killed Tyler was Sunday, August 7, not Wednesday, August 10, as assumed all along by the state.

The defense, it is conceded, has been able to establish a strong alibi for Adams on Wednesday, August 10, but has left unguarded the morning of August 7, on which date Mrs. Phillips now claims the shooting occurred.

The state's new theory is that it would have been easy for Adams, after the shooting early in the morning, to travel to Mason's cabin in time to take part in the birthday dinner at which his presence is so well attested. All this new evidence the defense is now able to exclude.

While it is believed here that this startling change in the aspect of the trial renders Adams' conviction of the murder of Tyler decidedly improbable, it is not believed he has any chance of regaining his liberty at the present time. He is badly wanted by the state as one of its most important witnesses in the approaching trial of Moyer, Heywood and Pettibone, officers of the Western Federation of Miners, for the assassination of ex-Governor Steunenberg. At least three courses are open to the state.

It can hold Adams for trial for the murder of Settler Boutle, which crime he confessed to Detective McParland; can hold him for complicity in the Steunenberg murder, also mentioned in his confession, or may send him to Colorado, to be tried for taking part in blowing up the depot at Independence, where several nonunion miners were killed.

The principal witnesses for the state in rebuttal this morning were W. B. Chandler and Miss Mamie Sherrer, of Spokane, who testified to having met Jack Simpkins in the St. Joe country, August 24, 1904. Chandler identified a photograph of Simpkins and gave a description of the appearance of the man. It is believed the last witness will be dismissed today and arguments will start not later than Saturday morning. The case will probably go to the jury next Tuesday or Wednesday.

Stenographer Hubner, who took Adams' confession, and Warden Whitney, of the penitentiary, were called by the state and testified that Adams said, "I do not want my wife to suffer for my crime."

The last witness for the state in rebuttal was George H. Root, of Wallace. He testified to meeting Simpkins and Adams at a meeting of settlers in the Marble Creek country about August 1, 1904, when the matter of claim-jumping was discussed. The defense announced that it had no further witnesses.

Officers County Sunday Schools.

Table listing various meats and their prices, including Choice Brisket Beef, Beef Necks to Boil, Beef to Stew, Beef Kidneys, Oxtails, Pigs' Feet, Corned Beef, Veal Shanks for Broth, Beef Shoulder Roast, Pot Roast Beef, Beef Shoulder Steak, Best Round Steak, Rump Roast Beef, Hamburger Steak, Veal for Stewing, Beef Tripe, Pork Hocks, Pork Mixed Sausage, Beef Brains, Loin Steak, Rolled Rib Roast, and others.

SPECIAL PRICES GIVEN TO HOTELS AND RESTAURANTS

The Harry Wood Market Company THE HOME OF GOVERNMENT-INSPECTED MEATS CORNER FIRST AND ALDER STREETS

Owing to error in copy, last evening's Journal quoted Shoulder and Round Steak 12 1/2c instead of 7c and 8c respectively.

Free Ferry at Castle Rock. CASTLE ROCK, Wash., March 1.—(Special.)—This town is to have a free ferry. Through the efforts of citizens, sufficient money has been raised to purchase the ferry here, and yesterday the transfer was made to the committee having the matter in charge. Monday the County Commissioners will take over the property as a gift to the county, and operate it at county expense.

Jobs for Three Inspectors. SALEM, Or., March 1.—(Special.)—The new sheep inspection law enacted by the recent session of the Legislature will not go into effect until May 25, or 90 days after the final adjournment.

Will Rid Chinook of Tougils. SOUTH BEND, Wash., March 1.—(Special.)—Owing to railroad building in the southern part of Pacific County, the town of Chinook is being overrun by a gang of toughs. The company commissioners were petitioned to appoint a special officer to look after that section, and named Isaac Boltkamp as Deputy Sheriff for that town and vicinity.

Railway Appeals Joint Rate Case. OLYMPIA, Wash., March 1.—(Special.)—A suit styled the O. R. & N. vs. Washington State Board of Railroad Commissioners and Attorney-General Atkins, was filed in the Federal Circuit Court at Seattle this afternoon. This is in the nature of an appeal from the judgment of the Whitman County Superior Court on the joint wheat rate proposition.

Oregon Express Four Hours Late. MEDFORD, Or., March 1.—(Special.)—No. 35, the Oregon Express, was delayed for four hours one mile south of Medford for four hours by a broken axle rod. The train was running at a high rate of speed when the accident occurred and the flying axle rod battered the cab into kindling wood.

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort. A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

Willamette Girl Orators Win. SALEM, Or., March 1.—(Special.)—Willamette University girls defeated McMinnville College girls in debate tonight on the question, "Resolved, That the municipality should purchase and operate its street railways, water and light plants." For Willamette, the affirmative was supported by Clara May, Helen Smith and Mabel Glover. The McMinnville team was composed of Anna Andrews, Lola Kuhn and Stella Webster.

Resume Trains to Spokane. PENDLETON, Or., March 1.—(Special.)—More than 100 passengers left here yesterday on the first train to go direct from Pendleton to Spokane during the month of February. The last train to make the trip arrived in Pendleton the evening of
