WILL WORK FOR **EQUITABLE RATES**

E. W. Wright Leaves Today for London to Attend Shipowners' Meeting.

TRY TO END DIFFERENTIAL

Facts Will Be Presented to Members of Sailing Ship Owners' Union. Port of Columbia Act Will Have Weight.

The Chamber of Commerce, in connec tion with the O. R. & N. Co. and the Morthern Pacific, is sending E. W. Wright to London to appear before the Salling-ship Owners' International Union at the April meeting. Mr. Wright was sent by the same parties to a meeting held in Paris last October, and at that time was by the shipowners, the reasons for eying of a freight differential of is 3d per ton against Portland and in favor of Puget sound on all grain

specific grievances claimed by the shipowners as a reason for the differen tial were all satisfactorily adjusted with the exception of a charge of @ cents per ton for hauling heliast away from the docks after its discharge from the ship, and a charge for bar pilotage at the mouth of the Columbia, neither of these two charges being in effect on Puget Sound. By the passage of the Port of Columbia bill it has been possible to secure from the railroads an agreement to absorb the pilotage charge, and the Pacific Bridge Company has agreed to take care of all ballast free of charge to

The past Winter has been an exception ally hard one on shipping at the mouth of the Columbia, but Mr. Wright goes armed with an array of facts which prove beyond controversy that the Puget Sound fleet has fared no better, and in the delays on account of sailor troubles, has suffered much worse than that from Portland. For this reason it is expected that, unless some new grievance has developed since last Fall, the shipowners will stick to their agreement and abolish the dif-

Prior to the formation of the shipowners' union, the rates were the same at Portland, Puget Sound and San Fran-cisco, but for the past four years, Port-land has been penalized to the extent of five shillings per ton, and Puget Sound to the extent of \$8 3d per ton in favor of San Francisco. The injustice in the rates is the most pronounced in favor of San Francisco, but the heavy differential in favor of the bay city against Puget Sound and Portland, is of less concern in the North them the western to be provided to the North them to the North them to the North them the profiler one between the North, than the smaller one between

Northern ports, r. Wright will leave this afterno and will sail from New York next Thurs-

RECEIPTS INCREASING DAILY

Wheat Coming in Larger Quantities. Conditions on Snake River.

Wheat receipts are increasing daily, and grain vessels in the harbor are all working. The regular line steamer Numbra will complete her cargo tomorrow norning and will be ready to leave down Saturday at daylight. There are a numr of crafts in port which will finish in ne to total up a few thousand bushels wheat for March experts.

of wheat for March exports.

Snake River steamers, are over 100,000 busicels behind on their grain deliveries. It will require hard work for the balance of the season to get all the crop from shipping points before new season grain. begins to come in. In addition to this

the low water will have to be counted on.

March I there were 330,400 sacks of grain at points above Riparia waiting abipment. Coal famine, car shortage and ice all played a part in the grain blockade on the river. During February less than 8,000 sacks were moved. The three boats operated by the O. R. & N. Co., were led up for about ten days either for want of fuel or because there was an insuf Scient amount of rail tonnage to take

On completion of the Snake River railroad as far as Almota it was ex-pected that this would relieve the steamers to a great extent, but up to date the rail line has not moved a sack of wheat, either from Almota or points below.

TELEPHONE GOES TO DOLPHIN

Rumor Has It That Captain Spencer Has Leased the Steamer.

The steamer Telephone, which has laid at the old Duniway dock on the East Side for the past 18 months, was towed to the delphin and tied up yesterday. What will be done with the craft is a matter that is interesting steamboat men. Reports as to the future of the Tele-phone have been floating in the air for two years. Some months ago Captain Cochrane, managing owner of the steamer stated that he would take her to San Francisco and place her in commission on the Sacramento River. No action was taken in this regard. Now it is asserted that Captain Spencer has secured control of the craft and will operate her in connection with the Charles R. in connection with the (

DERELICT TOWED INTO PORT

No Trace of Captain or Crew of Gasoline Schooner Bessie K.

MARSHFIELD, Or., March 13.-The asoline schooner Bessle K which foundered off Port Orford about a month ago and later turned turtle, has been towed into the Rogue River by R. D. Hume, with the tug Katle Cook. No examina-tion has been made but it is thought the hull of the Bessle K has been gutted. No trace has been found of Captain Lazzarvich er the crew of eight men. Since being sighted two weeks ago every effort has been made to tow the derelecinto port but until Wednesday attempts

Water Board Spends \$50,285 for New Pipes.

ALL LAID ON WEST SIDE

Twelve-Inch Tubes Will Replace Six and Eight-Inch Mains, Affording Better Fire Protection to a Large District.

The Water Board yesterday afternoon authorized the expenditure of \$50,285 for the replacement of inadequate mains with olpes of larger size. The money will be used on the West Side and the im-provement is being made according to recommendations of Fire Chief Campbell. who says that the present mains are too small to afford sufficient fire protection. The new mains will be laid as follows: Twelve-inch, Thirteenth street from

lefferson to Hall.

Twelve-inch, Hall street from Thirteenth o Twelfth. Twelve-inch, College street from Say nth to Twelftl

sch, Tweifth street from Jeffer to Hall Twelve-inch, Eleventh street from Jefferson to Hall. Twelve-inch, Tenth street from Jeffer-

on to Hall. Thirteenth street from Twelve-inch. Jefferson to Hall Eigth-inch, Clay, from Thirteenth to Seventeenth. Fourteenth street from

Lovejoy street from Tenth Twelve-inch, Hoyt street from Tenth to Fourteenth

Twelve-inch, Johnson street from Tenth to Fourteenth.
Twelve-luch, Twelfth street from Jefferson to Davis. Fourteen-inch, Flfth street from Mor-

ison to Alder.

The Board ordered that work be begun laying the mains as soon as the material can be had. The portions of the city that will be affected by the improvements ar new for the most part supplied with si-and eight-inch mains.

and eight-inch mains.

The Board voted to purchase the plant of the Mount Tabor Water Company for \$5,900 from J. M. Arthur. This deal has been under consideration for some time. The city acquires the pumping station and one acre of realty, and Superintendent. Dodge, of the Water Department, will take possession April 1 if the Council authorizes the sale.

An offer was received from H. R.

An offer was received from H. B. Kublick to sell the water system of Wood-lawn for \$25.00. Mr. Kublick has a franchise from the city which runs until 1912 four miles of mains and a pumping sta-E. E. Quakenbush has expresse his willingness to sell his plant at Pied mont and the Water Board will consider any proposition he may make.

At the Theaters

What the Press Agents Say.

CRESTON CLARKE TONIGHT.

Favorite Actor Will Present "The Ragged Messenger" at Heilig. The attraction at the Hellig Theater ourteenth and Washington streets, tonight

Fourteenth and Washington streets, tonight, Friday and Saturday nights with a special matthee Saturday, will be the favorite actor, "reston Clarke, supported by a capable company in the problem drama, "The Ragged Messenger." Creston Clarke has wandered into many different paths during his stage career. He never entered one where he proved his right to be more clearly than he is doing this season in "The Ragged Messenger." It is as nearly perfect Ragged Messenger." It is as nearly perfect as was his "Monsieur Beaucaire" of last

WILL DISCUSS ANNEXATION

Residents of Settlements Along Mt. Scott Line Call Mass Meeting.

A mass meeting of the people of the settlements along the Mount Scott rail-way between Anabel and Woodmere, will way between Anabel and Woodmere, will be held in Laurelwood hall tomorrow night at 8 o'clock to discuss the question of annexation to Portland. At a revent meeting of the Woodstock Push Club. C. Ben Riesland, L. J. Keily and O. T. Olsen were appointed to take up the campaign for a vote on annexation in the southeastern district. It is felt that, so far as the county road east of Woodstock was concerned, missionary work for annexation had already been done. Some opposition was encountered there, but it has been practically overcome. However, there is some strong opposition and ever, there is some strong opposition ap-parently east of this road including the thick settlements along the electric car-line, and this committee desired to ascertain just what the sentiment of the

cople is toward annexation.

Two years ago a mass meeting held in
the half at Kern Park did declare for xation, and appointed a committee to take the matter up, but it was then found that action had been taken too late to get a vote on the question at the gen-eral election, so it was decided to postpone the movement until the election of 1907. Since then several thousand people have been added to the population and sentiment may have changed.

The principal object of the committee is to get a vote on the question at the June election. If it be found that the general sentiment of the people is apparently against annexation to Portland in the Arieta district, then the line will be drawn on the county road just west of Anabel, and the settlements to the eastward will not be included in the annexation movement.

The population of the district it is proposed to annex to Portland is variously estimated from 10,000 to 15,000.

CITY PHYSICIAN IS CHOSEN

Dr. W. R. Coffman Elected by City Board of Health.

Dr. W. R. Coffman was elected City Physician at a meeting of the Health Board yesterday afternoon. There were four applicants for the position, and when the ballot was taken a deadlock ensued between the four members of the board, two of whom favored Dr. F. J. Zeigler and the other two Dr. Coffman, Mayor Lane, who is the ex-officio member of the board, was then called upon to cast the deciding ballot, which was for Coff-

'Now is the time for fireworks, so ahead with your speeches." remarked Mayor Lane to the members of the board when it was found that there was a dead-

Mayor Lane was asked to vote, but he said he would rather have a little time in which to make up his mind. The other members insisted that he decide then and there and he voted for Dr. Coffman. The election yesterday was held to fill the vacancy created by Dr. W. V. Spencer, the resigned.

The meeting of the board was held to The meeting of the board was need to discuss the new garbage crematory, and it was voted to advertise for bids for the construction of such a plant. The new crematory will have a capacity of not less than 100 tons of mixed garbage a day. The site of the plant has not been determined. The crematory will not cost over \$12,000, and the action of the board yesterday in ordering advertisements for bids was authorized at the last meeting

BURNING SORES

Boy in Misery 12 Years-Eczema Spread Over Body in Rough Scales, Cracked, Inflamed, and Swollen-Case Pronounced Incurable, but Completely Cured by Two Sets of Cuticura Remedies.

HIS SKIN NOW FINE AND SMOOTH AS SILK

"I wish to inform you that you, wonderful Cuticura has put a stop to twelve years of misery I passed with my son. As an infant I noticed on his body a red spot and treated same with different remedies for about five years, but when the spot began to get larger I put him under the care of doctors. Under their treatment the disease spread to four different parts of his body. The longer the doctors treated him the worse it grew. During the day it would get rough and form like scales. At night it would be cracked, inflamed, and badly swollen, with terrible burning and itching. When I think of his suffering, it nearly breaks my heart. His acreams could be heard down-stairs. The suffering of my son made me full of misery. I had no ambition to work, to eat, nor could I sleep.

"One doctor told me that my son's eczema was incurable, and gave it up for a bad job. One evening I saw an article in the paper about the wonderful Cuticura and decided to give it a trial.

"I tell you that Cuticura Ointment is worth its weight in gold, and when I had used the first box of Ointment there was a great improvement, and by the time I had used the second set of Cuti-

was a great improvement, and by the time I had used the second set of Cuticura Soap. Cuticura Ointment, and Cuti-cura Resolvent my child was cured. He is now twelve years old, and his skin is as fine and smooth as silk. Michael Steinman, 7 Sumner Avenue, Brooklyn, N. Y., April 16, 1905."

C C OUR RECORD • 40 YEARS OF CURES

The value of S. S. S. as a blood purifier has been thoroughly proven by its forty years of successful service in the treatment of blood and skin diseases of every character. It is the best known and most generally used blood medicine on the market today, because in the forty years of its existence it has not disappointed those who have used it, and as a result of its universal success in curing disease it has made friends EVERYWHERE. It has been on the market for forty years, and its record in that time is one of which we are justly proud-it is a record of forty years of cures. As a remedy for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all diseases arising from an impure or poisoned condition of the blood, S. S. S. has no equal. It goes into the circulation and thoroughly cleanses it of all impurities and makes a complete and lasting cure of these troubles and disorders. It furnishes to weak, polluted blood, rich, health-giving and health-sustaining qualities, and as this pure, fresh stream circulates through the system, all parts of the body are invigorated and made strong and healthy. S. S. S. is the only blood medicine on the market that can claim absolute freedom from minerals in any form. This great medicine is the product of nature's forests and fields, and is made from the healing, cleansing juices and extracts of roots, herbs and barks. It is, therefore, in addition to being a certain cure for blood troubles, an absolutely safe medicine for young or old. It is not an experiment to use S. S. S.; it is a remedy with a record and one that has proven its worth and ability by its forty years of cures. If you need a blood remedy begin the use of S. S. S., and write our physicians and they will send you a book concerning your trouble, and will give you, without charge, any medical advice. THE SWIFT SPECIFIC CO., ATLANTA, GA.

DR. TAYLOR

The Leading Specialist

Contracted Disorders Every case of contracted disease I treat is thoroughly cured my patients have no relapses. When I pronounce a case cured there is not a particle of infestion or inflammation remaining and there is not the eligibitest danger that the disease will return in its original form, or work its way into the general system. No contracted disorder is so trivial as to warrant uncertain methods of treatment and I especially solicit those cases that other doctors have been unable to cure.

Stricture

My treatment for stricture is en-tirely independent of surgery. A complete cure is accomplished without cutting or diffating. All growths and obstructions in the urinary passage are dissolved, the membranes cleaned and all irriation or congestion removed throughout the organs involved.

Perhaps the most prevalent of all aliments peculiar to men, yields readily to the mild methods of freatment I employ.

"Weakness" is merely a sympton of local disorder, usually an infiamed condition of the prostate gland. This I overcome by a thoroughly scientific system of local treatment, and the full and mormal degrees of strength and vigor is permanently restored.

HAND

Is especially valuable during the for digestion, good to the palate and Summer season, when outdoor occupations and sports are most in order. GRASS STAINS, MUD STAINS

AND CALLOUS SPOTS yield to it, and it is particularly agreeable when used in the bath after

violent exercise. All Grocers and Druggists.
