

SATURDAY BARGAINS

Read This First—The Bargains Follow

Our new store, to be at Fifth and Alder, in the new Failing building, looks now as though it would be still longer delayed. Next week we will work night and day on the fixtures, but even if the lumber tie-up does not delay us it will hardly be ready by April 1. This is what J. M. Acheson says: You know that our present quarters are small. J. M. Acheson never fools you; don't want to—couldn't if he would—wouldn't if he could. The new store will be the most practical and best equipped on the Coast, and J. M. don't propose to open it until it is completed and right if it "takes all Summer," hence the following Saturday Bargains: All new goods just unpacked, don't forget that. We need the room; we need the space; we need the money. Also don't forget J. M. A's old motto: "Nothing shall cost you one cent if you are not satisfied." Thousands of you—our old customers—remember his singing this motto to you during the past. It's ever good. Our goods are grand; selected by us personally in the Eastern centers—yes they are grand—lots of them most too grand to show in this old shack of a building, but we have to do it. It isn't our fault; we didn't want to. It's your gain.

And ladies remember that we have the genuine Man Tailors to fit your Coats and Suits. No guess work. We are the only people in the City supporting real, genuine, expert factory help.

THE J. M. ACHESON CO. 131 FIFTH STREET NEAR ALDER

JOHN B. COFFEY INDORSED

FAVORED FOR MAYOR BY FEDERATED TRADES COUNCIL.

Candidates for City Attorney, Auditor and Councilmen Also Given Approval of Organization.

INDORSED BY FEDERATED TRADES

Mayor—John B. Coffey.
City Attorney—William B. McGarry.
City Auditor—Ed T. Hatch.
Councilmen-at-Large—M. J. Driscoll, William Elliott and William Cuddy.
Councilman, Fourth Ward—George L. Baker.

John B. Coffey was indorsed by the Portland Federated Trades Council last night as a candidate for the nomination for Mayor at the primary nominating election. Other indorsements by the council for nomination to other city offices were made as follows: William R. McGarry, for City Attorney; Ed T. Hatch, City Auditor; M. J. Driscoll, William Elliott and William Cuddy, for Councilmen-at-Large; and George L. Baker, Councilman from the Fourth Ward.

The indorsement of these candidates by the Federated Trades Council is not the equivalent of an indorsement at the hands of the labor organizations of the city. It is but the preliminary step towards getting the names of these candidates before the members of that organization for their consideration. The names of the candidates indorsed at last night's meeting will be submitted to the central committee of the labor party. This committee will appoint another committee to inquire into the fitness of the candidates that have been recommended, as to whether or not they are suitable men for the offices to be filled.

This committee will make a brief report as to the candidates, all of which is included in the printed list that is prepared for the referendum vote of the members of all of the unions in the city that are affiliated with the Federation of Labor. The candidates that receive a majority of the vote cast at this election are designated as the choice of the labor organization in the city election.

The list of candidates so far presented is incomplete, but each of the different unions has the privilege of submitting the names of other candidates prior to the time for holding the referendum election.

Fire in Junk Shop.
The smell of burning rags aroused the landlord of the lodging-house over 175 Front street about 9 o'clock last night. He called up the Police Station by telephone, asking that an officer be sent to investigate. Captain Bruin responded and located the fire in the second-hand store of Savronsky & Son, at 175 Front. He promptly broke in the door and with a few buckets of water extinguished the fire, which was in a lot of rags thrown into an old stove, which was unconnected with any chimney. Sparks and smoke were pouring from the opening in the

stove. A pile of mattresses was near the stove and had the fire not been extinguished the place might have been the scene of a holocaust, for the rooming-house above was filled with lodgers, and the building is a flimsy wooden structure. A still alarm about 10 o'clock called the fire department to Fourth and Washington streets, where a chimney fire was extinguished.

EX-FIREMAN PASSES AWAY

Ex-Captain Gardner Succumbs After Operation for Appendicitis.

Ex-Captain L. J. Gardner, of Home Company No. 1, Portland Fire Department, died early this morning at Good Samaritan Hospital from the effects of an operation for gangrenous appendix. Gardner was taken to the hospital one week ago.

The Late L. J. Gardner.

yesterday when he was stricken with an aggravated case of appendicitis, and was placed on the operating table Saturday. After the ordeal he rallied nicely and hopes were entertained for his recovery. Thursday he took a turn for the worse and yesterday morning his condition became serious. Toward nightfall he became unconscious and sank gradually until he died.

L. J. Gardner was a member of the Fire Department for over ten years, during which time he rose from a pipeman to the rank of captain and was in command of Home No. 1 at the time of the big shakeup following the confession of Captain Turnbull of Chemcat No. 2, which resulted in the summary discharge of practically the entire crews of the two companies stationed in the Second-street house. Gardner's delinquency consisted principally in his neglect to report various derelictions in the line of duty on the part of a number of the men under his command. He was well liked among the firemen.

Dangers From Grip.
An attack of grip seldom results fatally but it is the indirect cause of many deaths. It does not result in pneumonia, which is frequently the case. It leaves its victim with a cough which lingers on long after every other symptom of the disease has vanished. The system is thus left in a weakened condition and is susceptible to almost every other disease. The grip can be greatly lessened in its severity if Chamberlain's Cough Remedy is used, and any tendency toward pneumonia promptly checked. There is no medicine which has met with greater success in the treatment of this disease. It cures the cough and leaves the system in a natural and healthy condition.

SPANISH WIFE MISSING

CHARLES VAN KROONENBURGH SEEKS HER HERE.

German Linguist and Globetrotter Says She Deserted Him in Tacoma—Romance Ends Badly.

Charles Van Kroonenburgh came to Portland last night in search of his wife, Senora Maria del Rosario Bascuana Van Kroonenburgh, who deserted him at Tacoma late Wednesday night. He is a teacher of languages and was in Seattle all day Wednesday conducting classes. On returning to his home in Tacoma late at night he found his girl wife missing. A pathetic little note told him that she had gone from him forever because he had ceased to love her. She declared her undying love for him, but said she would never return. It is the second time that she has deserted him within the last year and the husband says he thinks her to be insane at times.

"She is both an angel and a demon," said he. "I am a correspondent for several foreign newspapers and my work often prevents my being with her. At times she becomes gloomy and on the least provocation her Spanish blood boils into flame. Then she is dangerous. She is but a girl, barely past 20 years of age, and if it were not that she is alone in a foreign country, I would not try to bring her back. I love her and shall take her home to Spain, where her parents live, when I find her."

Mr. Kroonenburgh is of the opinion that his wife either went to Spokane or came to Portland, and if he fails to locate her here he will go to Spokane this evening.

It was while traveling in Spain several years ago that the big blonde German first met the comely, dark-eyed Spanish girl. He later met her in Cuba and followed her to Mexico City, where he wooed and won her. Since their marriage they have traveled in all parts of the United States and were preparing to leave for Spain at the time Mrs. Van Kroonenburgh's sudden disappearance.

BUY ON GLISAN STREET

Fritz Strobel and Charles Barensteecher Invest Total of \$72,500.

For a total consideration of \$72,500, Fritz Strobel and Charles Barensteecher have purchased the entire half-block extending from Ninth to Tenth on the north side of Glisan street. Half of the holding was bought yesterday. The remainder was acquired a little more than a week ago. The property is an excellent warehouse site, and it is expected that it will soon be improved.

The quarter-block at the northwest corner of Ninth and Glisan was bought by Strobel and Barensteecher from L. H. Lewis for \$50,000. It was a cash transaction, and was made through the agency of D. B. Mackie, of the Commercial Investment Company. The other quarter was bought from Thomas Papworth for \$22,500.

The property lies in a district that is rapidly growing in importance as a business section. There is a streetcar line on Glisan and a railroad spur on Ninth, giving excellent transportation facilities. The present improvements on the half-block are of little value, and it is said that they will soon be removed to be replaced by a large wholesale building. The purchasers recently sold the Louvre to Theodore Kruse.

purchased in the name of the Hibernia Savings Bank for \$2,000. It is reported that a three to five-story brick building will be erected when Stark street is opened. The sale was made by E. J. Daly and W. B. Streeter.

Government Agents Return.

Horace Stevens, Joseph B. Marvin and James D. Ward, assistants to Thomas H. Neuhausen, Special Inspector to the Interior Department, arrived in Portland yesterday morning from San Francisco, where they have been engaged in work for the past two months. They probably will soon be at work collecting evidence to be placed before the next Federal grand jury.

BUSINESS ITEMS.

If Baby Is Cutting Teeth.

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, reduces the gums, allays all pain, cures wind colic and diarrhoea.

KISER FOR SOUVENIR PHOTOS.

Northwest Scenery—Lobby Imperial.

A little medicine of the right kind, taken at the right time, is invaluable. That means Carter's Little Liver Pills, and take them now.

EXAMINED BY ALIENISTS

PETER GARRETT TAKEN BEFORE MEDICAL EXPERTS.

Foundation Laid for Insanity Plea. Antone Grohs, One of Boy's Victims, Very Low.

The first direct indication that insanity is to be the defense of Peter Garrett, the young man who murderously assaulted Antone Grohs, James Higley and Jack Gavin in the Spokane saloon last Tuesday night, was given yesterday, when Attorney John F. Watts, after a long session with the District Attorney and the city authorities, finally secured permission to have his client examined by experts.

Attorney Watts engaged Dr. W. H. Ames and Dr. William House, the latter being chief surgeon at the Crystal Springs Sanitarium at Mount Tabor, and at 7:30 o'clock last night the two experts, Attorney Watts and Detective Sergeant Baty took Garrett into the office of Chief of Police Gritzmacher, where the physicians questioned the prisoner for nearly an hour.

Garrett maintained a sullen demeanor throughout the examination and had to be assured several times by his attorneys that the physicians were his friends, and answers to the various queries were audible only to the questioners and the police sergeant, who occupied seats near him. Rarely did he raise his eyes to

Dr. House, who conducted the examination. Sitting with downcast eyes the prisoner answered the questions put to him in monosyllables.

After the examination the alienists refused to give out any statement, announcing that they had not reached any conclusion and that they would report to Attorney Watts as soon as they had compared notes.

At the Good Samaritan Hospital last night it was given out that Antone Grohs had taken a slight turn for the worse. Small hope is now entertained for his recovery. James Higley is much better, and aside from the possibility of blood-poisoning, his chances of recovery are now better than at any time since he was shot.

NOTED MINISTER TO SPEAK

Rev. Howard Agnew Johnson Will Appear in Two Pulpits Sunday.

Rev. Howard Agnew Johnson, D. D., for a number of years pastor of the Forty-first Street Presbyterian Church of Chicago, and later pastor of the Madison Avenue Church of New York City, will speak Sunday morning and evening at the First Congregational Church, corner Park and Madison streets. In the afternoon at 5 o'clock he will speak at a mass meeting held at the Calvary Presbyterian Church, corner Eleventh and Clay streets, telling of his two-year visit among the mission stations of the Presbyterian Church throughout the world. He was sent out on this tour by the general assembly of that church, and has just returned from Honolulu. He is now in Tacoma visiting relatives, and will pass through this

city on his way to Los Angeles, where he will attend a conference of Christian workers.

When Dr. Johnson was in New York City he started a movement among the young men of his church which has been far-reaching in its effects, many other organizations being patterned after his. In the interest of men he will speak at the First Presbyterian church Monday night to men only, when it is planned to organize a men's league including all the Presbyterian churches of Portland.

City Saves Cost of Their Keep.

VANCOUVER, Wash., March 15.—Three of the prisoners who have been confined in the city jail under sentence for vagrancy succeeded in making their escape this morning. The officers have no knowledge of their whereabouts, and as it is considered certain that the men have left the city, no particular effort is being made to locate them.

Scalp Specialists Use and Recommend NEWBRO'S HERPICIDE

"I am sending you my photograph to show what Newbro's Herpicide has done for me. Since I first tried Herpicide upon my hair I have used it exclusively in giving scalp treatments to others, and I would not think of trying to get along without it." (Signed) MRS. ANNA CONNER. 2807 Archer Ave., Chicago, Ill.

Hundreds of lady scalp specialists and hairdressers use and recommend Newbro's Herpicide, instead of products of their own manufacture upon which a much larger profit could be made. They claim that Herpicide makes friends for them and gives much better satisfaction. Some hairdressers use Herpicide for obstinate cases only, but why not use the best first? Herpicide is a delightful dressing that can be used when there is no disease of the hair or scalp, and as an actual remedy for dandruff, itching scalp and falling hair it stands in a class singularly its own. Many ladies object to a gummy and sticky hair dressing, or one that is full of sedimentary chemicals intended to dye the hair. The marked preference for a clean and dainty preparation, particularly one that overcomes excessive oiliness and leaves the hair light and fluffy, is reflected in the enormous sale of Newbro's Herpicide. Discriminating ladies become enthusiastic over its refreshing quality and exquisite fragrance. It stops itching of the scalp almost instantly.
