

FORAKER PAYING TO GET EVIDENCE

Admits Hiring Man to Find Witnesses in Brownsville Case.

HIS AGENT IS UNEARTHED

Negroes Tell Senate Committee Ferguson Interviewed Them—Disinterested Eye-Witness Gives Evidence for Negroes.

WASHINGTON, March 15.—An eye-witness to many of the incidents connected with the affray at Brownsville, Tex., was put on the stand today by Senator Foraker and before he had concluded he had been cross-examined by nearly every member of the Senate committee on military affairs, which is conducting an investigation of the alleged "shootings up" of Brownsville by members of the Twenty-fifth Infantry.

Foraker Pays Expenses. Another interesting development of today's proceedings was a statement by Senator Foraker that he paid out of his own pocket the expenses attached to sending men south to interview prospective witnesses.

Senators Overman, Foster and Warner had filed a number of witnesses with questions as to whom they had talked with before coming to Washington to testify. These witnesses confessed that they had been interviewed by a man named Ferguson as to what they knew concerning the Brownsville affray, but none of them could say whether he was a white man or a negro and they disclaimed knowledge as to Ferguson's connection with the investigation.

This form of questioning was pursued when Corporal John L. Rimmel, a cook of Company M, Twenty-sixth Infantry, had secured affidavits from men which the same men denied upon being put upon the stand, the examination was to determine whether Ferguson was a representative of that League.

Assurance was given by Mr. Foraker that Ferguson had no connection with the Committee on Envoys and Mr. Overman asked laughingly: "Well, is he a nigger or a white man?"

"I don't know; I think he is a mulatto," replied Mr. Foraker. He then withdrew the name for the reason, he said, that he was in doubt and did not want to give any offense.

The incident was passed over after an exchange of compliments between Mr. Foraker and the Senators taking the opposite side of the case. Rimmel's testimony and that of Frank Fischer, also a cook of Company M, was to the effect that he frequently heard citizens of Brownsville make remarks derogatory to the negro soldiers after the order was issued to send them to Fort Brown.

Former Private William J. Rappe of Company M, Twenty-sixth Infantry, testified at length concerning the making of threats by the citizens that the negro soldiers would be run out of town and as to the alleged bad character of Brownsville.

Experts at Penrose Court-Martial.

SAN ANTONIO, Tex., March 15.—Some expert testimony was introduced by the defense in the Penrose court-martial today. Lieutenant Wiegendorf demonstrated to the court how Springfield cartridges could be loaded into a Winchester. H. A. Stocky told of his experiment at Fort McIntosh under conditions as nearly alike as possible to those existing at Brownsville upon the night of the shooting. The witness said that a mechanical engineer had told him the gun flashes were not sufficient to illuminate the faces or bodies of the men doing the shooting.

ONLY SKIRMISHES SO FAR

Honduras Fights to End Intrigue of Zelaya Against Her.

PURTO CORTEZ, Honduras, March 15, via New Orleans, March 15.—In spite of the claims made by the commanding officers on each side that the "enemy" has been vanquished in an important battle, the fighting between Honduras and Nicaragua has, up to the present time, been confined to small engagements between scouting parties on one or the other side of the frontier, encounters that anywhere else would be classed as skirmishes. Each side has made claims of victories not warranted by the facts, and each side has caused these reports to be sent out, which are false and misleading. But while there has been no battle as yet, all the conditions are ripe for a serious engagement, and if the arrayed forces of Honduras and Nicaragua do meet in a general engagement, the conflict will be of considerable importance.

The presence of President Bonilla in the field has stimulated the Honduran forces, so that the men have confidence, and he is a fighter of experience. Honduras has armed already between 16,000 and 18,000 men and 15,000 more are being equipped as the capital. The President is in close touch with his capital by automobile. In Honduras President Zelaya is accused of harboring and aiding Honduran revolutionists to organize and promising them arms and ammunition with which to fight the present government, and it is declared categorically that Zelaya long has waited for a pretext to declare war on Honduras, his ultimate purpose being to set up in this country a President in sympathy with his own ambitions. He is

thoroughly distrusted, not only in Honduras, but in Salvador and Guatemala as well, and the Honduran government decided it was preferable to fight him in a final effort to put an end to his intrigues than to let him continue to foment disorders.

Root Despairs of Arbitration. WASHINGTON, March 15.—State Department officials have despaired of peace negotiations in Central America in the future, because of the war operations in Honduras and Nicaragua and the apparent indifference of the combatants to offers of assistance in a settlement through arbitration. The first definite announcement of the declaration of war by Nicaragua reached the State Department today through a dispatch from Mr. Eyder, the Nicaraguan Consul at San Juan del Norte, Nicaragua, which says that war was formally declared yesterday.

Recognizes Honduran Rebels. MANAGUA, Nicaragua, March 15.—The government today issued a decree recognizing the provisional government of Honduras and directing its members to be allies of Nicaragua. The last battle fought between the Nicaraguans and Hondurans was so decisively in favor of the former that it is believed it will result in ending the war. General Merino and other Honduran officers were killed.

GOLDFIELD UNDER ARMS

CITIZENS' COMMITTEE RULES TOWN ABSOLUTELY. Stores Closed at Its Behest and Guards Are Everywhere—Edict Against Forced Deportation.

GOLDFIELD, Nev., March 15.—Tonight there is an armed truce in Goldfield, neither the citizens nor the officers of the town are to be disturbed by any active move. The town is very peaceable and controlled by Deputy Sheriffs and Constables numbering 100. This afternoon the citizens' committee announced that all of the merchants of the city had agreed to exclude members of the Industrial Workers of the World from their employ. This means that all of the stores will remain closed at the will of the committee, which may permit the reopening of the butcher shops for a time tomorrow.

Frank Hamilton, organizer of the American Federation of Labor, who is in Goldfield at the behest of the citizens, said this evening that in a short time the clerks will be organized under an American Federation charter. The stores will then reopen. The citizens' committee adopted a resolution this afternoon that it is "unalterably opposed to any and all acts of violence; to any deportation of anybody, and it will use its utmost efforts to punish anyone committing the same."

Wage Conference on Sunset Route. SAN ANTONIO, Tex., March 15.—The grievance committee of the conductors and brakemen held conference today at all division points upon the Atlantic system, and secured affidavits from division superintendents. These conferences will be followed by a vote as to whether a walkout will take place. These men are asking for a 15 per cent increase in wages.

No Sympathy for Moyer. PHOENIX, Ariz., March 15.—A memorial to Congress, presented in the Council today, expressing sympathy for Moyer, Heywood and Pattison, was ordered laid on the table. The memorial requested that Congress investigate the manner of the prisoners' removal from Colorado.

COLLECTS \$600,000 TAXES Grand Rush to Pay Taxes Before Rebate Limit Expires.

Six hundred thousand dollars was the sum taken in by the tax-collecting department of the Sheriff's office yesterday—the last day allowed for the 2 per cent rebate. From 8 A. M. until midnight the stream of taxpayers continued unabated. The office was kept open by Chief Deputy Moliven until all who desired had been allowed to pay.

Individual payments varied in size as on preceding days. A check for \$52,000 was sent in by the Ladd estate. Another for \$21,000 was tendered by the O. R. & N. Company. The third largest was for \$17,000, from the Title Guarantee & Trust Company. The mail was unusually heavy and several days will be required to handle it all. All letters bearing postmark March 15, or any date previous to that, will entitle the writer to the usual rebate.

HALF INDICTMENT STANDS Walsh Wants Bill of Particulars Before Entering Plea.

CHICAGO, March 15.—Judge Anderson in the Federal Court today sustained the demurrer filed by the attorney of John R. Walsh, the ex-president of the Chicago National Bank, to 22 counts in the indictment charging him with misuse of the funds of the bank, and overruled the demurrer to the remaining counts. The court asked if Mr. Walsh was prepared to plead to the indictments. Walsh's attorney said the defendant desired a bill of particulars before entering a plea. The court fixed next Tuesday as the time when the matter of furnishing the bill of particulars will be taken up, unless the District Attorney should voluntarily furnish it before then.

Dr. Driver Tonight. At the earnest request of many members of the congregation, Dr. I. D. Driver, who has been lecturing at Grace Methodist Church, has consented to add one to the series and will speak tonight on "Conservation of Forces." He will also occupy the pulpit of Grace Church Sunday, speaking morning and night.

HARRY UP PATENTS

Garfield Issues Orders to Land Commissioner.

CLERKS WORK OVERTIME

Bullinger to Expedite Final Certificates of 30,000 Settlers—Local Officers Instructed Also—Coal Land Is Not Included.

WASHINGTON, March 15.—Secretary Garfield of the Department of the Interior has issued an order to Commissioner Bullinger of the General Land Office, intended to expedite to the utmost the issuance of patents to 30,000 entrymen whose applications have accumulated in the General Land Office. The order is based on President Roosevelt's recent action making easier the process of "proving up" under the law. It directs the Commissioner of the Land Office, "to take up for action all locations, selections and entries upon which final certificates have been issued, and, if the proof is found to be complete, and there is no pending protest or objection the same will be passed to the patent in the regular order." The order continues:

Proceed to Issue Patents. The local officers will proceed in accordance with the circular of December 7, 1906, governing the manner of giving notice of final proofs and the action taken thereon. You will furnish them maps defining the mineral areas within their respective districts as soon as they are provided by the Geological Survey.

Facilitate Final Proof. You will instruct local officers that it is equally their duty to facilitate the issuance of final certificates to bona fide settlers as to guard the interests of the public and government in preventing illegal entries and that, in the performance of their duties, they will be held to strict account for the exercise of sound discretion and good judgment. It is expected that local officers will obtain knowledge of the general character and quality of the public land over which their jurisdiction extends, and a number of cases before these officers they should make use of such knowledge, either in aiding the entrymen or in preventing an illegal entry, as the case may be.

Facilitate Final Proof. BENSON VERY SICK MAN

APPREHENSION FELT FOR SECRETARY OF STATE. Family Physician Constantly at His Side—Trip to California Is Decided Upon.

WASHINGTON, March 15.—(Special)—The statement is made at the Capitol by some of his close friends, that Secretary of State Frank W. Benson is a very sick man, although the truth of the seriousness of his illness has been kept quiet with the hope that Mr. Benson would improve rapidly. His trip to Newport, it is said, was not at all beneficial, and his trip to California will mark the crisis of his decline or improvement.

RAPS CHRISTIAN SCIENCE

Dr. Brougher Indicates Character of His Sermon for Tomorrow.

Rev. J. Whitcomb Brougher will speak Sunday morning at the White Temple by special request on "Christ or Christian Science." Once upon a time a young fellow I kicked at nothing and sprained my leg," said Dr. Brougher, "I do not think that Christian Science is either a religious or scientific movement, but that the guinea pig is either a guinea or a pig."

Runaway Boys Caught in Seattle.

SEATTLE, Wash., March 15.—(Special)—Found in company with Barney Blanchard, a runaway boy from the State Reform School, Roy Slack, 15 years old, and Ray Johnson, a year his companion's senior, were arrested here tonight on suspicion. Fear of imprisonment caused them to acknowledge that they had run away from their homes in The Dalles, Or., several days ago. Their parents have been notified.

Eells Wins at Whitman.

WALLA WALLA, Wash., March 15.—(Special)—Walter C. Eells was tonight selected as Whitman's orator for this year, winning first place in both thought and delivery. In addition to capturing the prize offered for the best oration in the local contest, he will go to Corvallis to represent Whitman in the intercollegiate contest in April, where he will have another chance to win another prize, con-

Find Salem Man in Lewiston.

LEWISTON, Idaho, March 15.—(Special)—The police have located J. T. Lindhurst, the missing Salem, Or., man. He has been in the hospital here for several days. His whereabouts were learned when he was discharged from that institution this afternoon.

Water Bailiffs Patrol River.

ASTORIA, Or., March 15.—(Special)—The closed fishing season on the Columbia River commenced at noon today and will continue until noon on April 15, when the spring fishing season will open. Two patrol boats, one under the charge of Water Bailiff Smith, of Clatskanie County, and the other under the charge of Water Bailiff Otter, began patrolling the river this afternoon. It is understood the Washington state authorities will also have one or more patrol boats on the river during the closed season.

Senator Poison Is Dined.

HOQUIAM, Wash., March 15.—(Special)—Senator Alexander Polson was tendered a banquet at the Pomona Hotel tonight by his staunch admirers of this city.

Copperage Plant for Astoria.

ASTORIA, Or., March 15.—(Special)—The Street Lumber Company's tract of timber land, located between Youngs River and the Clatskanie, and containing about 700,000 feet of standing timber, is reported to have been purchased by the Western Copperage Company, of Portland, which will erect a large copperage plant either in this city or at Youngs River Falls.

Alaska Cannery Is Safe.

ASTORIA, Or., March 15.—(Special)—Superintendent Berglund of the Alaska Fishermen's Packing Company received a letter today from the watchman at the company's cannery on Nushagak River, Bristol Bay, Alaska. The letter was dated on February 14 and says the Winter there has not been a very severe one. The company's cannery as well as the
