# BOOMS BRYAN AGAIN

George F. Williams Hails Him as Party Savior.

TRIBUTE PAID ROOSEVELT

Bryan Commends Him for Doing Right and Declares Popularity Is Due to Adoption of the Democratic Doctrine.

BOSTON. March 15,-The Democratic tate committee today gave a dinner in onor of W. J. Bryan. Among the guests were George Fred Williams, of Boston, who in a speech referred to Mr. Bryan as the "acknowledged leader of the Na-tional Democratic party." Speaking di-rectly to Mr. Bryan, he said:

I have no right, sir, to place you in the position of a candidate for office until you have authorized it, but I take no undue advantage of my position, and I believe I represent the sentiment of the Massachusetts Democracy when I say that the suc setia Democracy when I say that the suc-cess of our party rests upon your shoulders, whether you will have it or not.

If President Roosevelt abides by his re-fusal to become a candidate, no Republican, unless he be more radical than the Presi-dent, can prevent the election of W. J. Bryan to the Presidency.

Beaten in 1896 by Corruption.

The dinner followed a reception, at which about 200 Democrata were introduced to Mr. Bryan. An address by Mr. Bryan followed. Taking up the story that he wrote the Democratic platform of 1856, Mr. Bryan declared he wrote but little of it and deserved little of the credit, but he had more to do with the

platform of 1900. He said:

I think that, if we had had a vote unpurchased and untimid in 1906, I should have been elected by an overwhelming majority.
I shall not discuss the amount of fraud

perpetrated in 1896, but we had against the largest corruption fund that was e used in a campaign. No one, he said, rejoiced more than he in the vindication that has come to Democratic ideas, for dearer to him than any office was the triumph of the things

for which they had been fighting. He Pays Left-Handed Compliment.

And I rejoice that I never lose any op-portunity to thank the President for what he has done. The President was one of my opponents. No one ever used harsher lan-guage than he did loward our cause. Yet I want no man to anticipate me in hearty commondation of anything he does that I halleye is right.

believe is right.

The Republican party has been in power for ian years with undisputed rule. We find the Republican party not so popular today. The party has gone on the toboggan alide so that it has just one man whom it regards as popular enough to be the candidate for President. Why is it that the President, aione, has escaped the paralysis that has fallen upon all the resi? There is only one explanation and that is his popularity is due to the following of Democratic doctrines.

Simp Due to Share Slump Due to Sharks.

Mr. Bryan charged that the slump in stocks, of which the men in high finance complained, was caused by the very men who are now complaining. He added: if I may venture a prediction I would sat in the fight that is coming the Demoratic party will be looked upon as the protector of the small investor against the T. mantpulation of the sharks that have power kin Wall street.
