MUST WORK OR STARVE

KELLY BUTTE STRIKERS ON HORNS OF DILEMMA.

Gorge Themselves on Hearty Meal, Then Quit Work-Are Given Supper of Bread and Water.

Starvation is the club the County Court Starvation is the club the County Court will use, as a strike-breaker at the Kelly Butte rock quarry. Some 55 county prisoners, infected by the run of troubles on the outside world decided to have a little strike of their own yesterday forenson. They very judiciously waited until after a hearty meal had been served preliminary to beginning work for the day and then fistly refused to lift a hand.

"We want an eight-hour day," was the chouns that greeted Guard Briggs. And

chorus that greeted Guard Briggs. And threats fell on deaf ears as well as did coaxing. The chain-gang would not work. The rockpile force was never celebrated for its working ability and while the crew of men puts in nine and ten hours a day the work it does would not measure up to that of half the number of paid

laborers.

The strike was probably hatched up in the night by sine new arrivals and the men died about all day, smoking, and enjoying their strike to the utmost. Last night the strike was beginning to lose popularity when supper hour came with nothing to eat but bread and water. The County Commissioners gave instruc-The County Commissioners gave instruc-tions that the gang be deprived of regu-lar rations until its individual members returned to work. Until the strike is cuiled off bread and water, in scanty al-lowances, will compose the entire menu. A similar siglike occurred several months ago and was broken very effectively in the same manner, the leaders being locked in a dungeon several rays besides subsisting on the bread-and-water diet.

Decisions in Federal Court.

Judge Charles E, Wolverton handed down three opinions yesterday. In the case of Corbitt & Macleay vs. The United States, a suit in relation to an importation of foreign burlap, Judge Wolverton affirmed the judgment of the Board of Appraisers in the local Custom Houses. In the case of R. E. Moody vs. I. L. Patterson, Collector of Customs, at Portland, the Court again affirmed the judgment of the Board. This suit was the outcome of a dispute regarding the classification of a shipment of foreign coal tar preparation for sheep dip.

In the matter of C. Hartman, a bankrupt, the judge sustained the objections to Hartman's discharge. Judge Charles E. Wolverton handed

Logging Company Incorporates.

The Columbia Logging Company filed articles of incorporation with the County Court yesterday. The capitalization al-leged is \$250,000, and the purpose an-nounced is the carrying on of a general logging business in Columbia County. The incorporators are F. W. Ellis, A. L. Veazie, and J. C. Veasie.

zie, and J. C. Veasie.

Articles were likewise filed by the Pacific Light and Power Company, which announces its intention of generating power, with a capitalization placed at \$20,000 Incorporatora; C. P. Houston, D. A. Houston and Alex Sweek.

Aliens Want to Vote.

The opening of the registration books has had the effect of arousing aliens to a desire to vote. Ten declarations of in-tention to become American citizens were feel with the county clerk yesterday, the number being the largest of any one day in recent months. Those taking out their first papers at this time will not be permitted to vote at the coming election, however. The law requires that new cligens shall reside in the county for one year before heing according the privilege of voting. Those admitted may vote next year.

Ten Days More to File Motion.

An additional ten days in which to file motion for a new trial in the case of Ed Nelson and C. H. Danielson, recently convicted of killing Oscar Lindgren, was allowed by the state Circuit Court yester-day. Thirty days was likewise granted in which to file a bill of exceptions.

Rev. J. Whitcomb Brougher takes with Rev. Paul Rader, pastor of the Has sale-Street Congregational Church, as to the sentiments expressed in his sermor Sunday on "The Church." I like the people and I want the people. If Mr. Rader does not want the people they will soon find it out, and he will not have to tell them to start way. Of course if tell them to stray away. At a meeting held last week in Estacada, in charge of the Bush-ness Men's Club, a number of farmers ness Men's Ciub, a number of farmers were present, and after going over the situation with agents of the Hazelwood Company it was decided that the inducements were sufficient to justify the establishment of the factory.
