## DUTY PAID HERE ON FIREGRACKERS

Collector to Receive \$96,285 on Shipment Brought in Steamer Arabia.

FEW CASES EAST IN BOND

One of the Largest Cargots of the Kind Ever Received in the United States -- Much General Merchardise.

The inward manifest of the Portland & Asiatic liner, Arabia, which arrived yesterday from Hongkong and Japa-nese ports, showed 28.845 cases of firecrackers, destined for 48 cities of the United States. The total weight of this confignment was in excess of 780 tons and 60 freight cars will be required to transport the Fourth of July material to Eastern cities.

The Portland Customs-House will re-

ceive \$96,285 duties on a portion of this shipment. Of the total amount of firecruckers received, 1,232 cases will go East in bond. They are consigned to Grand Rapids, Toledo and Cincin-There are 28 cases for Winnipeg. Manitoba, where Americans celebrate, although it is in Canada. The local customs business was transacted by B. E. Lippincott, acting for C. V. Pustan & Co., of New York. The duty was paid here in order to facilitate delivery. This is one of the largest shipments

of firecrackers ever received in the United States. The duty is the largest single payment ever made to the local Customs-House on anything of the kind imported. Heretofore it has been the habit of Eastern buyers to have everything sent to destination in bond in order to give their own port the credit of the business.
The average case of firecrackers re-

ceived from Hongkong contains 10,000 explosives. At this rate the shipment received on the Arabia will assist in making the Eagle scream on Independ-ence Day to the tune of 258,320,000

ence Day to the tune of 288,320,000 separate screams.

The cargo delivered to Portland by the Arabia was one of the most valuable ever received on the North Pacific coast. It will run well past the \$400,000 mark and the duties will be enormous. In addition to the firecrackets, the manifest shows matting, rice, peanuts, earthenware, curios, Chinese merchandise, and camphor.

Much of the stuff goes to Eastern cities and what is true of the firecritics and what is true of the

cities and what is true of the fire-erackers is true of the balance of the cargo. A large portion of the duty will

cargo. A large of the balance cargo. A large portion of the duty will be paid here.

Slow Progress in Trial of Manzanita Damage Suit.

The trial of the Government's damage suit against the Port of Portland is still dragging along in the United States District Court. Yesterday Judge Wolverton inquired of counsel about the probable duration of the trial, and said he would adjourn court today at noon. Attorney Flanders expected to call several more witnesses for the Port of Portland, and United States Attorney Bristol said he had some expert witnesses to examine for the Government. He thought the case might continue as long as Tuesday of next week.

A number of witnesses were examined yesterday, most of whom were called by the Port of Portland. Perhaps the most important testimony was that of Captain Groves, who gave expert evidence in regard to the position of the Manzanita wreck, with reference to the Westport beach lights and the Waterford range, lie testified that the wreck was about 1000 feet out of the line of the range about 200 feet higher than the Westport lights, the former being on, a hill on the Washington side, and the latter on the beach, on the Oregon side.

A frenzied meeting of fully 500 Chinese, in which wild scenes of disorder were enacted and during which the name of Moy Bak Hin. Imperfal Chinese Consul for Oregon, Washington, Moutana and Idaho, was hissed and name cursed, was held in was hissed and name cursed, was held in the josshouse opposite police headquarters last night. So riotous became the gather-ing that policemen were sent over to quiet the throng. No arrests were made, as immediately upon the arrival of the offi-cers the session broke up.

and Everett streets, which a number of Chinese wished to purchase as a site for the erection of an immense building for their countrymen to use for stores and dwellings. The property was to have been taken over yesterday afternoon and the deal-closed, but it was found at the last minute that a white man, sent by a Chinese, had offered a higher figure than the original price, and the owner declined to sell to the first bidders.

Bediam immediately broke loose in Chinatown, and during the afternoon emissaries went to and fro carrying to every store and every home in the district the message of disappointment, and calling on every Chinese to assemble at night in the josshouse in mass meeting. Meantime an investigation was started to ascertain the identity of the Chinese who had blocked the deal, and when the meeting was called to order by a San Francisco merchant the remove the sand of the chinese who had blocked the deal, and when the meeting was called to order by a San Francisco merchant the remove the content of the chinese who had blocked the deal, and when the meeting was called to order by a San Francisco merchant the remove the content of the chinese who had blocked the deal, and when the meeting was called to order by a San Francisco merchant the remover the content of the chinese who had blocked the deal, and when the meeting was called to order by a San Francisco merchant the remove the content of the chinese who had blocked the deal and when the meeting was called to order by a San Francisco merchant the remove the chinese who had blocked the deal and when the meeting was called to order by a San Francisco merchant the content of the chinese who had blocked the deal and when the meeting was called to order by a San Francisco merchant the content of the chinese who had blocked the deal and the chinese the chines ing was called to order by a San Fran-cisco merchant, the report was made pub-lic that no less a personage than Consul Moy Bak Hin was guilty.

Fearing trouble at the meeting, the Chinese called upon Chief Gritzmacher during the evening and asked him to send an officer to the josshouse. Patrolman Adams was detailed. At 8:30 o'clock an excited Chinaman entered police head-quarters and asked for more officers. He said that one was nothing in such a mob, and urged that more help be sent at once. Jailer Endicot was dispatched, but as he entered the building the crowds poured Columbia are rising and considerable water is expected within the next week.

Lose Suit on Ship Option.

ABERDEEN, Wash., March 22.—(Special.)—Sudden & Christensen, the San Francisco steamship men, lost their suit against Bert Morse, of this city, before a jury in the Superior Court. ## PURITY-Results-that's it

We gladly welcome the Pure Drugs Law, because it agrees with our thoughts and methods. Cascarets meet its every requirement and always did since the day they were first invented and put on the market. PURITY, QUALITY and MEDICINAL MERIT have been the principles on which Cascarets were made and marketed.

We doubt if in all the world of medical science and therapeutic manufacture better SKILLED CHEMISTS and more carefully selected constituents could be employed than in the making of Cascarets.

The RESULTS prove it.

No other Bowel Medicine on earth has reached in history the tremendous approbation and patronage accorded Cascarets by the American People, a testimonial of GENUINE MERIT and satisfactory results, for surely no sensible person would buy an article more than once, unless satisfied, or recommend it to others if not convinced of its virtues.

The sale of Cascarets at the present time is over ONE MILLION BOXES A MONTH, a fact that ought to convince anyone of the satisfac-

It is just this kind of example placed before you that ought to induce you to try a little 10c box of Cascarets and be CONVINCED of its value and effectiveness. After this harmless, inexpensive experiment you will see the reason for the unequaled popularity of this preparation as a true PERSONAL and FAMILY MEDICINE, and this realization will urge future use when necessary.

So we ask you to take a DIME BOX home with you, and "WHILE YOU SLEEP THEY WILL WORK" and make you feel well and happy. We back our request by our GUARANTY, and if you're not pleased, your purchase-money will be returned to you for the asking.

Such has been our Faith in the efficacy of this pure, clean, sweet, mild, harmless but forceful little fragrant tablet, so easy to buy, so easy to carry, so easy to take, so easy in its action, that we do not hesitate to offer this

guaranty to the world, and make good on it. ## LOST MANHOOD

Don't Be Discouraged Don't Give Up Hope There Is Help For You Act Today!

In my very extensive practice I have learned a few truths that are undeniably of In Any Uncomplicated interest to EVERY MAN. First of all I Case. find that the very serious and so-called "incurable" cases are due usually to NEG-LECT and DELAY. Again, I know that many men suffer FOR YEARS and practically RUIN THEIR HEALTH FOR-EVER trying to dose themselves with some patent nostrum that never could cure. And further, it is evident that many men will run to what they call "cheap" treatment, NO TREATMENT AT ALL is what "cheap" treatment means in nine cases out of ten. The last state of the man is worse than the first. Just before you go a line further in this announcement, stop and ask yourself as to whether YOU following in the foolish footsteps of the man who NEGLECTS himself? Are YOU trying to cure yourself with nostrums? Are looking for treatment that will not cure? If you are, it is certain that you will

## TIME IS THE TEST

The Testimony of Portland People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Portland people appreciate merit, and many mouths ago local citizens publicly indursed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? A cure that lasts is the kind that every suf-

cure that lasts is the kind that every suf-ferer from kidney lils is looking for.

David Campbell, baker, at 221 North
Seventeenth street, and living at 170 North
Eighteenth street, Portland, Or., says:

"Every word of the statement 1 made in
February, 1903, concerning Doan's Kidney
Fills is not only true, but having since
been free from kidney troubles, I am been free from kidney troubles, I am glad to state that my faith in Doan's Kidney Pills is stronger than ever. It is now five or six years since I began to suffer with a lame and aching back. It was so bud that I could not stand the pain when bending forward or straightening. I tried various remedies and began doctor's treatment, but whatever relief I found was only temporary and often I could not get any relief at all. Having read in my home paper from England that Doan's Kidney Pills were strongly recommended for such troubles, I got a supply at a local grusstore. The first recommended for such troubles, I got a supply at a local drugstore. The first box helped me so that I kept on with their use and when I had taken about four boxes, not a trace of the trouble remained and I have had no recurrence since I have told these facts in a testimonial published in 1965 and am very glad of the opportunity now to corroborate it."
