RECORDER IS TO DECIDE

ST. JOHNS ELECTION Muddle CAUSES EXCITEMENT.

Defect in Filing of People's Ticket Technical and Possibly of No Consequence.

The news published by The Oregonian that two of the city tickets nominated at St. Johns, namely the People's and the Independent, had not been filed in accordance with the provisions of the code, created no end of excitement in that growing suburb yesterday, and an effort was made to correct the omission of the required affidavits. Yesterday afternoon, after the contending factions had argued all day as to the best procedure to be followed, Pascal Hill filed a remonstrance with Recorder Thornadyke against either the People's or the Independent ticket being placed on the official ballot for the election April 1. This brings before Recorder Thornadyke the question of the legality of the filing of the People's and Independent tickets. He announces that he will make his decision this morning at 8 o'clock.

er's office with the required affidavits, but the Recorder had gone. However, the young man in charge accepted and re-cepted for the second filing. The filing was in a simple time, and would have been regular had the affidavits been filed before 12 o'clock Thursday night, and the only question involved is whether the last filing of the required affidavits by Chairman Rogers make the ticket a legal one. The code says that the ticket must be accompanied with the affidavits. It is the general impression that the omission was only a technical one that was corrected by the filing of the affidavits after the Recorder's office was closed. So far as the independent party is concerned, O. R. Downs, its candidate for Mayor, admits that he did not comply with the code in filing the ticket. He undertook yesterday morning to file affidavits to correct the omission. What the decision of the Recorder will be can only be conjectured. If he decides that the People's ticket should not go on the official ballot mandamus proceedings will be begun at once. That already has been arranged for. The Recorder may decide against the legality of the filing made by Chairman Rogers rather than undertake the responsibility of placing the ticket on the official ballot as a result of his own decision. Again, if he decides in favor of the ticket an injunction is threatened to prevent him from placing the People's ticket on the official ballot. He is on the horns of a dilemma. The big joke of the day is on O. R. Downs, who has criticized the Council for its failure to conform to the laws. He now finds himself and the ticket he heads left out in the cold because he himself forgot to follow the law.

Pass up the Beef Trust markets. Stay away from them. EAT ONLY SMITH'S MEATS.

HAVILAND CHINA.

Sold at Auction--The Golden Eagle Closes Big Deal.

One of the most sure proofs that The Golden Eagle, Portland's youngest department store, is rapidly taking its place in the front ranks of this city's great mercantile enterprises, is the recent purchase closed by them of a solid car of the famous Haviland china which Mr. Lewit, the manager of this popular store, secured at the bankrupt sale of a large Boston house, which recently was closed by the Sheriff. This purchase was made at a most ridiculous figure--in fact, at less than the price of the commonest china, and the sale which is announced for Monday should be one of the most interesting ever held in this city, especially to all lovers of fine china, as Haviland is and has been known for years as the world's best, and this event will give those who heretofore have not been able to buy this fine dinnerware an opportunity of its extreme cost, an opportunity to secure a set at prices that will make this the most talked-about sale ever held in this city.
