rails. At two of these places any transfer of passengers is simply impossible until the entire track is restored. At Cantara, just above Dunsmuir, the tracks are still in bad condition, the slides keep working down on the track as fast as they are removed, and tonight additional slides are reported coming in. Train No. If from Fortland arrived close on time, but ties up at Ashland each night, proceeding south to Sisson early next meaning.

The Chemawa Indian School second hasketball team last night defeated the local Y. M. C. A. Zebras in the Y. M. C. A. Zebras in the Y. M. C. A. gymnasium by the decisive score of 22 to 15. From start to finish the Chemawa braves had the Indian sign on the Portland palefaces and simply played stripes around them. At the close of the lirst half the score stood 14 to 11 in favor of the Indians and that the score was not larger was due to the fact that the Chemawa team had never before played in the symnasium. The Chemawa Indian School second

in the second half the Indians woke up and got into the game in earnest, with the result that they scored 18 to the Zebras' 4 in the second half. In the last half the Indians' goal was seldom in danger. Superior team work and better throwing of baskets enabled the visitors to win the game. The Zebras could not beate the baskets and when a player did get the ball he would give it a weird heave and it usually fell into the hands of a waiting brave. The game was one of the roughest ever witnessed in the Y. M. C. A., with honors about even. Tonight the indians will meet the Ai-
