EWING TO CALL FOR VOTE

If It Is Found Impossible to Get San Francisco Field in Shape, Opening Game Will Take Place April 6.

SAN FRANCISCO, March 24.—(Special.)
—In the event of the rain continuing the fore part of this week, an effort will be made by some of the league officials to have the opening of the Pacific Coast League season postponed for one week. This would mean that the season would open in Los Augeles and Sun Francisco. open in Los Angeles and San Francisco Saturday, April 6, instead of next Satur-

May.

While it is not desired to take this eter unless absolutely necessary, it will be impossible for the local management to get the grounds in shape for play unless there is a change in the weather condi-tions. For that reason, it is believed to be the best plan to call for a telegraphic vote of the league delegates the middle of the week on the proposal for a post-

INDOOR MEET AT THE ARMORY

Every Company Will Have Entries in Track and Field Games.

All entries for the big indoor track meet to be held at the Armory tonight are in. Great competition exists between the different companies in the regiment, and cach goes into the meet with the intention of winning the championship. Companies B and F are pitted against each other, and one of these will be winner.

Ten events are scheduled for the meet, the 50-vari dash, high jump, 220-

meet, the 50-yard dash, high jump, 220-yard hurdles, mile run, half-mile relay race, bayonet race, tent pitching, tug-of-war and a wall-scaling race. In the 50-yard dash there are 16 entries, and men from nearly every company in the regiment have signified their intention of going in. At the last meet, the 50-yard dash was the most exciting and interesting of all the events and the remarkable good time of five and one-fifth seconds was made. The time was made in the trial heat, and in the finals the man who made this remarkably good time was unable to re-peat the performance.

Aside from the wall-scaling, tent-

pitching and bayonet race the meet will be the same as any other track meet and all the important events will be placed first on the programme.

DEBATE OREGON-WASHINGTON

Team From Scattle Will Go to Eugene on Wednesday.

UNIVERSITY OF WASHINGTON. March 2L-(Special)-The two debat-ing teams are getting in shape for the interstate debates next Thursday evening. The affirmative ream, composed of Victor Zedwick, leader, George L. Spirk and Harlan Trumbull, will meet a team from the University of Idaho here in Denny Hall.

The negative team, composed of W. B. Rasmusen, leader, Charles W. Hall and Ed M. Harves, will debate the University of Oregon at Eugene on the same day and hour.

same day and hour.

Considerable stress has been laid on this debate, because Oregon has defeated Washington in debate the last two years. Charles W. Hall is an experienced debater, having debated against Oregon twice and once against Idaho.

Ed M. Hawes has never debated in an intercollegiate contest. He is at present general manager of student affairs at the university.

W. B. Rasmusen is a graduate of Pacific University, and has led three teams, one against Whitman and two against Washington. The team leaves for Eugene next Wednesday morning.

Weakness

Functional weakness in men is in reality a comparatively simple allment, and is but a symptom of local disorder, a state of chronic inflammation of the prostate gland. No stimulating treatment, whether internal or locally applied, can do more than excite temporary activity. By my system of local treatment I restore absolutely normal conditions throughout the organs involved, which promptly results in complete and permanent restoration of strength and vigor.
