Lunacy Commission in Thaw Case Wants Expert's Evidence to Guide It.

### PRISON DOCTOR TO TESTIFY

Examination of Thaw to Be Finished Today and Report Made Monday-Thaw's Lawyers Confident Trial Will Proceed.

NEW YORK, March 29.-From sources be authentic. It nounced late tonight that Dr. Allan Mc-Lane Hamilton, alienist, will be called to testify tomorrow before the lunacy com-mission which is to determine whether Harry K. Thaw is mentally competent to understand the nature of the proceedings in his trial for the killing of Stanford White and to rationally advise his coun-met. Dr. Hamilton, it was stated, will appear as a witness at the request of the commission and will be the only expert

declaration that Dr. Hamilto would be called was a surprise, as it had been generally understood that the commission would not hear any expert testimony as to the defendant's condition of mind. Dr. Leopoid Putzel, one of the commissioners, it was expected, would be relied on to determine any medical points involved.

### He Believes Thaw Insane.

It was Dr. Hamilton's testimony at the trial that precipitated the request made by the District Attorney for a lunary commission. Originally retained by the defense. Dr. Hamilton examined Thaw and was expected to qualify as a witness for the defense. Later, however, his con-nection with the defense was severed and he was subpensed as a witness for the state. He was not called by the prosecution, but was eventually summoned to the witness stand by the defense. Under examination at that time he testified that Thaw was insane when he examined him in the Tombs last Summer and he belleved him still insane.

District Attorney Jerome, it was known, had been anxious to introduce certain witnesses before the commission, but up to tonight there had appeared little likelihood that he would be successful. This evening, it was stated, the lunacy commission notified the District Attorney that it would require the presence of Dr. Hamilton tomorrow. It was also stated that Dr. McGuire, the Tombs physician, and other officials at the Tombs will be

### May Report to Court Monday.

The Commission in Lunacy may finis its work tomorrow and be ready to report to Justice Fitzgerald by Monday. The Thaw jury will report in court once more at 10:30 o'clock Monday morning, and it

at 19:30 o'clock Monday morning, and it is the hope of the Presiding Judge, as well as the Commission, that the matter of the defendant's sanity may be disposed of by that time.

If the Commission should submit a report to the effect that Thaw fully understands the nature of the proceedings against him and has rationally advised with his counsel. Justice Fitzgeraid will simply direct that the trial proceed, without making public the Commission's finding. If the report should be against Thaw, Justice Fitzgerald will announce the decision from the bench, and if he deems the prison-er's release to be dangerous to the public peace and safety, he will sign order directing confinement in some State Hospital for the Insane, prob-

### Commission Needs No Witness.

Today being Good Friday, there was and Thaw spent a quiet day in the Tombs Prison, preparing for a renewal of his mental test tomorrow morning o'clock. The session of the Com-on at that hour will be private.

### Sure Trial Will Go On.

Thaw's attorneys are so sanguine as hey were today making plans for the esumption of the trial next week. It ms now that, if the trial is taken up azzin, the defense will probably announce that it rests without further testimony. If Thaw is decided to be of sound mind today and the trial is resumed, it should not last more than three or four days. The attorneys in their summing up adireases will not be allowed to refer in appointment and proceedings are not part of the trial record.

### Has Remarkable Memory.

During the trial all the alienists who had examine. That and who were called the atano and a suite to the prisoner's remark his more. It was this more, it was all an ascreed him in such good at id. I the commission on Thursday and the led Mr. Hartinger, his alverney to make the statement:

"That remembered more about the real athan I did."

trial than I did."
Altra Hartridge was with Thaw for two here this afternoon and upon leaving the prisoner, frankin alimitted that the present situation pleased him immensely. "I have been with Thaw for two hours" the attorney said, "and in my opinion he is in good shape physically and mentally and will go through the remainder of the ordeal as well as he did through the ordeal as well as he did through.

of the ordeal as well as he did through out the opening session of yesterday. Of ourse the position is a trying one for him, as it would be for any one, but he

has met it bravely and is greatly encour-aged at the course of events.

'I am pleased to find him in such good condition today and personally am well satisfied with the case as it stands and confident of an autome agreeable to Mr. Thaw and his attayneys."

### May Finish Trial Friday.

The secrecy of the commission's exam-nation of Thaw was not, Mr. Hartridge said, to be construed as a concession to the defendant. Necessarily matters pertaining to the original case will be brought out at the present hearing and it would be manifestly unsuitable to have the proceedings made public while the

trist proper was pending.
"I am in hopes," he added, "that the conclusion of the lunacy board will be reached by Monda, and that the trial before the jury can be resumed Tuesday. Should this prove to be so. J think the

or Friday morning."

Daniel O'Reilly, another of his counsel, who also visited Thaw at the Tombs today, later said that the defendant was in unusually good spirits. He added: "I feel confident that the commission in lunacy will work all day tomorrow and be so near through its examination by Monday that it can hand its report to Justice Fitzgerald on that day. The trial

will be resumed on Tuesday, I think, and I expect the case will be finished and go to the jury on Friday of next week."

ROUMANIA IS QUIETING DOWN

Refugees Pour Over Frontier and

Local Disturbances Continue. BUCHAREST, March 29 .- The situition in Roumania appears to be quieting down, but large numbers of refugees still continue to make their way out of the troubled districts. An official report issued today relates that all is quiet in Moldavia, the only fresh disturbance recorded being in the Tro-tush Valley, in the Neamtz district, whither troops have been dispatched. The situation in the districts of Oit and Roman has become somewhat threatening, but in Dolf, Buzer and other districts it has improved. The governments of Austria and

Bulgaria have sent steamers to va-rious ports on the Danube to convey their respective subjects to neutral territory, and Roumanians escaping from the disordered district also are availing themselves of these vessels.
