LOWER WOOL PRICES

Not Enough Care Taken With Valley Fleeces.

VIEWS OF LEADING BUYER

Same Quality of Wool in Eastern States Brings Several Cents More-Prospects East of the Mountains.

ket, which is about to open, one of the largest buyers makes this statement: "The market for Valley wool is lower and prices realized for last year's clip were a disappointment to the buyers. Wool of the same quality from Hastern States brought several cents per pound more and met with & readier sale.

"Among the causes for this is first the poor state in which growers put up the fiseces, tying with any old string, or hemp

There has always been a ready market for early lambs at high prices, which are easily raised in this section and with the wool, fleeces weighing from eight to ten pounds, the sheep would pay for themselves in one year. Every farmer could and should have from a dozen to several hundred sheep.

"All through the Fall and Witstan. four times the number of sheep in the Val-

"All through the Fall and Winter the

The general features of the hop market are unchanged. Very few of the dealers can get Eastern orders and those that have any orders to fill find the execution of them difficult because of the firmness of growers. The indifference of the Eastern trade is bepinness. 12: cottage. 11%: shoulders. 12: cottage. 11%: should plents. eral features of the hop market

MONEY MARKET IS EASIER

Good Support Is Given Stocks, But the Demand Is Slow and Trading of Extremely Halting Nature.

NEW YORK, April 2.—The stock market was affected today by the recovery that has of the first part of last week. A dispo sition to take profits on the considerable recovery which has occurred coincided with a lessened inclination to buy stocks. The sustaining measures which have been appar ent for several days past were not entire ly withdrawn, however, and the consequence was a halting and an irregular movement of prices which testified to the conflict of forces in the market. The conflict relapsed more and more into professional hands, and the quotations increased in duli-

The measures of support in the market were particularly effective against the unfavorable influence of the fall of prices of Americans in London before trading began here. Fuyare during the depression appeared as cellers to take profits.

Some attention was paid to the news

Some attention was paid to the news from Washington and some part of the heaviness in the Harriman stocks was attributed to the sentimental effect of the position of antagonism between the President and the head of that system, revealed by publications during the day. The professed confidence of a party in the speculation yesterday that the President's utcerance on the Government policy toward railroads would abate all alarm on the subject in financial markets was not so active a fac-

financial markets was not so active a factor in the situation.

The most notable developments of the day were in the money markets. The relaxation was marked and practically universal both here and abroad. In London the discount rate yielded to below the bank rate for the first time in many weeks. New York bankers secured \$25,500,000 or gold in London without bidding higher than the pravailing rate. The effect was pronounced, however, on the sterling exchange market here, which rebounded violently. Sales of securities here for foreign account added to the demand for foreign exchange. The funds offering in time loans were notably to the demand for foreign exchange. The funds offering in time loans were notably increased and a 5½ per cent rate was quoted for all periods. Horrowers were little inclined to employ time loans with call loans fast yielding to almost nominal ligures. These conditions helped the later recovery in stocks.

recovery in stocks.

Very confident predictions that the Atchison dividend rate would be raised to 6 per
cent tomorrow put up the price of that
stock. The day's net changes showed declines predominating, and the closing tone
of the market was rather heavy.

Bonds were more benefited by the caster
money market than stocks, and there was
an appearance of a considerable absorptive
demand at higher prices. Total sales, par
value, \$2,912,000. United States bonds were
unchanged on call.

OVERLAND HOTEL IS SOLD

Sebastian Natscher Buys Property

for \$36,000.

The Overland Hotel was sold yester-day to Sebastian Natscher, the for-mer owner of the eld Oregon Hotel, at First and Davis streets. The deal was closed by Sherlock & Woerndle for the Portland Trust Company of Oregon, who were the owners of the property. The hotel is located at the southwest

The hotel is located at the southwest corner of First and Couch. It is a three-story brick building on a site 50x95 feet. The price paid was \$38,-000, which is considered reasonable. Property on First street has been advancing for some time.

F. H. Rogers, E. E. La Bree and H. J. Wilkins, of Roseburg, the the purchasers of a lot on the west side of Union avenue, between East Pine and East Ash. The property was owned
