## CLUBS ARE ACTIVE

**East Side Organizations Start Campaign.**

**WILL HAVE A BUSY WEEK**

**Proposed Charter, Amendments Come Up for Careful Examination and the People Will Be Told How Best to Vote.**

During the coming week in particular and until the June election the East Side push clubs will be especially active, not in advocacy of the election of any of the candidates, but the amendments proposed to the city charter will be taken up. A campaign of education will be undertaken through these clubs so that the people will understand how to vote on the amendments.  
 Tomorrow night the United East Side Push Club will hold a meeting on the corner of East Morrison and Second streets to hear those amendments discussed, particularly the one concerning the improvement of streets and also the rebuilding of Madison-street bridge. This organization is representative of all the East Side clubs, of which there are 12 at present. Representatives to the united organization will be able to carry back to the suburban clubs the information they get at the general meeting. It is hoped that every club representative will attend the meeting tomorrow night and bring along note books.  
**Business Men's Convention.**  
 On the club programme for the week is a business men's convention to be held next Thursday evening in Odd Fellows' Hall, corner Grand avenue and East Pine streets, under the auspices of the East Side Business Men's Club. Secretary Biglow has sent out invitations to more than 300 business men, covering the whole of the East Side from Sellwood to St. Johns and eastward to Montavilla, and a big crowd is expected. A varied programme has been provided for this occasion. Five-minute talks will be had from business men as to the best method of building up and holding East Side trade. Time is limited to five minutes, owing to the large number who are expected to speak, and only business men will be given opportunity to be heard. Besides the talking part of the programme, there will be an entertainment. There will be a sparring contest in which Frank Saxe and Fred Saxe will give an exhibition. The Oregon Male Quartette has been engaged for the evening. An orchestra has also been provided.  
**Mass Meeting at Sellwood.**  
 A mass meeting will be held in Campbell's Hall at Sellwood, on Umattila avenue, under the auspices of the Sellwood Board of Trade, to organize for the erection of a building for the permanent home of the Sellwood Branch Library. Sellwood Y. M. C. A., United Artisans and the Board of Trade. It is proposed to unite the forces of these four organizations in the movement to purchase ground and erect a general home for them all under one roof. Possibly a quarter-block may be required and a two or three-story frame or brick structure may be decided on as the result of a conference of representatives of these organizations.  
 The Sellwood Branch Library, under the management of the Portland Library, is proving a great success, the only trouble being in getting books fast enough to supply the demand. Mrs. Vorhees, librarian, reports that she has run up to 300 each day, which cannot always be met in a small branch with limited facilities. There is a branch Y. M. C. A. in Sellwood which seeks a home. The United Artisans have already purchased a lot for a building. At the mass meeting plans will be discussed which may lead to the erection of an ample home for all.  
**Seeks Fire Protection.**  
 The Neils Progressive Club meets tonight on Killingsworth avenue at 7:30 to consider fire protection, street improvements and the possible indorsement of some candidate for Councilman from the Tenth ward. A volunteer fire company has been organized and apparatus of some sort is wanted.  
 At the last meeting of the club L. M. Davis, C. H. Beard and W. J. Peddicord were mentioned as Councilman-at-large. S. Zigler, C. A. Ambrose, H. C. Parker and C. H. Carter were appointed a special committee to decide on the qualifications of these three men. It is a delicate duty. A report is expected tonight. Politics is not to enter into the discussion.

## NOTARY NOT QUALIFIED

Governor Mead Imposed On by Washington Petitioners.

OLYMPIA, Wash., April 7.—(Special)—The following statement was given out at the Governor's office today, a name being withheld by direction of the executive:  
 Governor Mead has demanded from a notary public in Klickitat County a report of all acts performed by him as a notary public. This man was appointed in April, 1906, on the regular petition signed by 20 freeholders certifying that the applicant possessed the qualifications of an elector in this state. Recently the Governor has learned that at the time of his appointment he had been a resident but six months, and therefore was not an elector of this state and not eligible for appointment as a notary public.  
 The Governor has addressed a letter to each of the signers of the petition calling their attention to the condition that exists. If the notary referred to has performed any extensive business, the Attorney-General may be called upon to look into the matter further.

## WILLAMETTE RIVER RISING

**NO DANGER FROM FLOOD, SAYS FORECASTER BEALS.**

**Warm Rains Melt Snow in Foothills and Stream is Coming Up Slowly.**

Weather Forecaster Beals says there is no danger of damage by high water in the Willamette at this time. The warm rains of the past few days have melted much of the snow in the foothills. A marked rise in the Willamette has resulted, especially in the upper river. Mr. Beals does not expect the river here will exceed the 14-foot stage, which is not sufficient to submerge the lower docks. It is not expected that this stage will be reached here before Wednesday.  
 Reports from stations along the upper Willamette are to the effect that this stream has risen only 2½ feet at Salmon during the last 24 hours. At Eugene a rise of but one-tenth of a foot was reported for the same period. The river at that point last night registered 15.5, which is considered the highest point it will reach. The temperature has not been sufficiently high to melt all of the snow in the mountains, otherwise there might have been occasion for anxiety.  
 The Columbia River at stations above The Dalles is stationary and the same is true of the Snake River and its tributaries. During the last 24 hours the Columbia at The Dalles has risen but six-tenths of a foot. This removes all danger of a flood here from back water. The following stages in the Willamette River were reported at 5 P. M. yesterday:  
 Eugene, 15.8 feet; rise last eight hours, 0.1 foot.  
 Harrisburg, 10.9 feet; rise last eight hours, 1 foot.  
 Albany, 13 feet; rise last eight hours, 2.5 feet.  
 Jefferson, 12.3 feet; rise last eight hours, 1.8 feet.  
 Salem, 12.3 feet; rise last eight hours, 1.8 feet.  
 Portland, 10 feet; rise last eight hours, 1.2 feet.

## DR. ATWOOD IS ARRESTED

Physician Accused of Illegal Operation on Hattie Fee.

The arrest of Dr. O. H. T. Atwood, a physician with offices in the Lewis building, Saturday night, marks the first of a crusade against physicians who perform illegitimate operations in this city. The taking into custody of Dr. Atwood was brought about by the revelation of facts resulting from the arrest of W. B. Haldiman last Thursday. Haldiman is charged with a crime against Hattie Fee, 35 years old, the daughter of Mrs. Katharine Fee. Mrs. Fee for some time was Haldiman's housekeeper. Mrs. Fee was not informed

## GRAFTERS IN DEPARTMENT

**POLICEMEN IN UNIFORM SAID TO BLACKMAIL CITIZENS.**

**Investigation of Ugly Rumors Now in Progress—Fallen Women Also Victims.**

It has been reported to the heads of the police department that a member of the force in uniform has been guilty of petty grafting, his victims being guilty of minor infractions of city ordinances. His demands for hush money have been accompanied by threats to arrest the offender unless the latter makes it worth the policeman's while to overlook the offense.  
 An investigation is now being made. If the charges can be substantiated the summary removal of the officer will follow. Special Policeman Joe Fitzsimmons reported such a case to Captain Bailey a short time ago. A traveling man told Fitzsimmons that while slightly intoxicated an officer approached him and threatened him with arrest for being out after hours unless he produced \$5. The man had only \$3 with him and the officer compromised on this amount. The incident is said to have occurred at Sixteenth and Everett streets. The description given by the traveling man was too vague to reveal the identity of the alleged grafter.  
 It has also been reported at headquarters that an officer, usually not in uniform, has been in the habit of visiting certain disorderly houses in the North End and exacting tribute from the inmates by threats of arrest. The name of this officer is said to be known, but the

## Will Prepare County Exhibit.

A. F. Miller, of Sellwood, has been commissioned by the County Court to prepare an exhibit for Multnomah County to be installed at the State Fair, and he has already taken steps to secure a creditable display. In making his rounds last week Mr. Miller left pumpkin and squash seeds and various grain with farmers who will grow them for the exhibit. He visited Fairview and Pleasant Valley and at both places found the farmers willing to do all possible to make the display a good one.

## WE HAVE JUST RECEIVED SHIPMENTS OF FANCY-FINISHED, GRAIN-FATTENED, EASTERN OREGON STEERS AND POLK COUNTY PRIZE LAMBS.

They will be sold over our counters this week at the prices mentioned below. We have also plenty of choice veal and grain-fed pork.

When Smith says a thing, it's so. When he advertises an article he has it. He expects to give you the best in the land and correct weight on honest scales.
