Made In Porto Rico From Porto Rican Tobacco

That's one thing that's sure about El Toro cigars-something extremely doubtful about the many so-called "Porto Rican" brands. The recent increased cost of Porto Rican

leaf is responsible for the many brands of doubtful quality now being rushed on the market.

EL TORO Cigar-5 Cents

is the one cigar you can be sure is genuine Porto Rican-in name and quality.

El Toro represents the best 5-cent cigar that Porto Rico can produce. Smokers of El Toro cigars know how far superior this brand has always been to any cigar sold for 5 cents.

This year's Porto Rican tobacco crop is better than ever before and only the choicest selections are used in the El Toro. For this reason the El Toros now on the market are particularly recommended to smokers.

Every El Toro is now banded. This is the cigar that has done so much to popularize Porto Rican cigars among discriminating smokers.
