

FORAKER TO OPEN ATTACK ON TAFT

First Speech in Ohio Campaign to Be Made at Canton Tonight.

TAFT SENTIMENT STRONG

War Secretary's Headquarters Are Opened and Managers Say Drift to Him Is Overwhelming—Foraker to Confer With Backers.

CLEVELAND, O., April 9.—(Special.)—Senator Joseph Benson Foraker will, unless present plans miscarry, open his campaign against Secretary of War Taft at Canton tomorrow night. He is to be the guest of honor at a banquet to be given by the Canton Boosters...

Mr. Foraker will go to Columbus Thursday morning, where he will hold a conference with his lieutenants. He will discuss the Taft Presidential movement in Ohio, and no doubt will devise plans to counteract the sweep of sentiment in the Secretary of War's favor.

State Insurance Commissioner Voorhis tonight announced that he had received reports from every county in the state and that each says the Taft sentiment is strong in some cases being overwhelming for the Secretary of War. The Taft campaign is in full swing, headquarters having been established in the new First National Bank building, in Columbus. Mr. Foraker is expected to open his headquarters in Columbus the latter part of this week.

Just at this stage of the game of politics as played by Mr. Taft and Mr. Foraker for the high stakes of the Republican nomination for President, the former certainly seems to be best gathering in pretty much everything that is in sight in the Buckeye State.

WASHINGTON, April 9.—Senator Foraker left tonight for Canton, O., where he will make an address before the Board of Trade tomorrow night.

INTEREST IN FORAKER'S TALK His Speech Tonight Will Be Opening Gun in Ohio Campaign.

CANTON, O., April 9.—Much interest attaches to tomorrow night's meeting here, which will be addressed by Senator Foraker. His address is generally regarded as being the opening of the Presidential campaign in Ohio.

KANSAS IS WITH ROOSEVELT Curtis Says It Would Vote for Renomination if He Is Willing.

WASHINGTON, April 9.—Senators Hansbrough and Curtis saw the President today. The latter declared that Kansas is for the President under his policies. "If the President should conclude that he will take the nomination again, Kansas will no doubt support him. If some other man is nominated, Kansas will support the President," added the Senator.

Delegate Andrews, of New Mexico, a close friend of Senator Penrose, who, it has been charged, was the "prominent man" who gave away the story of the alleged combination against the President was at the White House again today. This is his fourth visit. He refused to talk when asked whether Penrose was expected at the White House. No appointment has been made for the Senator.

ACH AROUSES JUDGE DUNNE Ruef's Lawyer Rebuked for Slurs Cast on Prosecution.

SAN FRANCISCO, April 9.—Four telegrams were examined today in the Ruef trial. Two of them contained the qualification tests and were passed into the box as probationary jurors. They are James Ota, a commission merchant, and Simon Varhagen, a produce dealer. The other two, Frederick H. Coon, a salesman, and Theodore F. J. Kast, a grocer, were excluded for bias.

As a result of the day's proceedings the number of jurors who have qualified but are yet subject to peremptory challenges was increased to seven. Five more talesmen remain to be examined before the present panel is exhausted and it becomes necessary to draw a fresh panel of 100 or 200 from the regular jury list or order a special venire from the body of the county.

The statement by the defense recently made that it will exercise all of its ten peremptory challenges to select five men that none of these seven veniremen thus far passed into the box will be permitted to try the case. It is believed that the feature of today's proceedings was a heated encounter by Special Prosecutor Hiram Johnson and Henry Ach, of counsel for Ruef, and repeated admonitions to Mr. Ach by Judge Dunne that his conduct was "most reprehensible."

The examination of Mr. Coon, a salesman, was conducted by Mr. Johnson. In examining for the defense Mr. Ach developed a doubt of the juror's name being on the assessment roll and he was temporarily passed until the roll is produced in evidence.

In the course of an exhaustive examination by Mr. Ach for the defense Mr. Ota admitted that he had gained from newspaper reports a very strong impression that Ruef was a dishonest and corrupt man. "But," said the juror, "I could put that impression aside long enough to give him the fair trial."

Mr. Ota said that the returning by the grand jury against Ruef of 56 indictments for bribery had greatly strengthened his belief in Ruef's guilt. He also said Ruef's failure to appear for trial and the declaration by the court that he was a fugitive from justice. At this point Mr. Ach reverted to the line of examination previously employed by the defense to determine whether in the minds of talesmen there existed the belief that Judge Dunne considered Ruef guilty and desired his conviction.

Though Mr. Ach's question was admittedly put it apparently roused the indignation of the court. "Don't ask any more questions on that point," commanded Judge Dunne.

"Does your honor mean," said Mr. Ach, "that I am not to ask this juror or any other juror whether his mind has been influenced toward the defendant by any belief the juror might have gained, though

erroneously, as to what the court desired in this case?" "That is exactly what I mean," was the reply.

The most interesting incident happened when Mr. Ach asked Mr. Ota whether if any contributions to the prosecution had been made that fact would influence his attitude toward the defendant. Mr. Johnson angrily objected to the question and questioned the sincerity of the defense in asking it.

"The gentleman knows," he declared, "that he need any honorable procedure for you to assist the court by naming your informant than for you to cast out these 'speculations.'"

Mr. Ach, much excited, made this reply: "I except to the remarks of the court. I know my business as an attorney and I don't need any lecture from the court or from anybody else as to my manliness."

Mr. Ach finally took his seat after several admonitions by Judge Dunne who informed the attorney that his conduct was "most reprehensible."

FINDS REDEEMING FEATURE David Starr Jordan Sees the Silver Lining in Graft Cloud.

LINCOLN, Neb., April 9.—In a lecture here tonight, President David Starr Jordan, of Leland Stanford University, referred to the municipal corruption in San Francisco. He said that there was evidence of graft, but there was satisfaction in the fact that most of the grafters were either in custody, in jail or out on bail. In other cities, said President Jordan, there was corruption, but prosecution had not been pushed like in San Francisco.

MAKE HARRIMAN ANSWER COMMISSION WILL ASK ORDER FROM FEDERAL COURT.

Must Tell About Sales of Southern Pacific and New York Central Stock by Himself.

WASHINGTON, April 9.—According to a decision reached by the Interstate Commerce Commission today, E. H. Harriman will be made to appear in the United States Circuit Court in New York in answer to proceedings to compel him to answer certain questions which he refused to answer when he was on the stand at the recent hearing by the Commission in New York. The action will be brought as soon as Messrs. Kellogg and Severance, special counsel, can prepare the case for court.

The hearing at which Mr. Harriman appeared was in connection with certain transactions of the Union Pacific. On advice of counsel he refused to answer the questions put to him. It was brought out in his testimony that the Union Pacific owned a large amount of Southern Pacific stock. Mr. Harriman was asked whether any and, if so, how much of that stock belonged to himself, when he bought it and what price he paid for it, but he declined to answer.

Another question which he refused to answer and that on which the Commission desires light was whether or not any of the directors of the Union Pacific were interested in the sale of certain shares of stock of the New York Central Railroad at the time they were sold to the Union Pacific.

TO WRING ANSWER FROM KUHN Interstate Commission Asks Court to Compel a Reply.

NEW YORK, April 9.—It was said on seemingly good authority in this city tonight that the Interstate Commerce Commission would ask for an order compelling Otto H. Kuhn to answer the questions that he refused to answer at the hearing here. These questions were mainly in regard to what interest the directors of the Union Pacific had in the stocks that were turned over to that road by Kuhn, Loeb & Co., of which Mr. Kuhn is a member. Another question that the commission will ask Mr. Harriman, it is said, is what he paid for the St. Joseph and Grand Island stock that he sold to the Union Pacific.

Arguments will be heard by the Circuit Court on the petition for the orders. If the decision is against the commission an appeal, it is said, will be made to the United States Supreme Court.

WILL SLOW DOWN ALL TRAINS Western Roads Agree on Policy of Retaliation.

OMAHA, Neb., April 9.—Western railroads have definitely decided upon a date for lengthening the schedules of their fast trains, and on June 9 all trains will be slowed down. This announcement comes from the Union Pacific headquarters in Omaha and is the result of a conference among the general passenger agents of the roads involved.

Those in the agreement are the Union Pacific, Rock Island, Northwestern, Great Northern, Northern Pacific, and the Burlington. Other roads are expected to subscribe to the agreement. If it is alleged, was made necessary by the cutting of rates by Western state Legislatures.

SUES THE SOUTHERN PACIFIC Kentucky Attorney-General Demands Assessment Be Raised.

LOUISVILLE, Ky., April 9.—Attorney-General Hayes today filed a suit against the Southern Pacific Company and the members of the County Board of Supervisors for 1906, seeking to compel the Board to reassemble and assess the company in a valuation of \$50,000,000 instead of \$500,000 for that year. It is alleged that the County Assessor fixed the assessment of the company at \$50,000,000 and that the Board reduced the valuation to \$500,000. This action is charged as "capricious, arbitrary and illegal."

Effect of Nine-Hour Law on Roads COUNCIL BLUFFS, Ia., April 9.—In preparation for the nine-hour law, the Chicago & Northwestern Railroad is closing offices of its smaller offices throughout Iowa. Twenty offices upon the Council Bluffs division have been discontinued within a week, and many others will be closed this Spring.

The railroads are unable to secure telegraph operators sufficient to man the offices, now that this class of men can only work nine hours. The operators are being moved to the larger offices where it is necessary to have three men instead of two as formerly. In this way expenses are kept down, the law is adhered to, and the larger offices handle the work formerly distributed among the smaller ones.

Special Session on Betting. JEFFERSON CITY, Mo., April 9.—The 4th General Assembly convened in extraordinary session today. Governor Folk's message recommended the enactment of a statute making it a felony to register a bet upon a horse race either on a blackboard or other substance, or to

NEW BUCKET-SHOP TALK Minneapolis Chamber of Commerce Begins Inquiry.

MINNEAPOLIS, April 9.—Testimony given today by A. S. Hicks, a former broker of Superior, together with the evidence of A. W. Harris, given Saturday, indicates that the local chamber of Commerce, in its action against the board has unearthed a bucketshop scandal affecting St. Paul, Minneapolis, Cincinnati, St. Louis, Omaha, and Kansas City and other Western cities.

The action of the Chamber of Commerce is brought to prevent the use of its quotations by the Superior Board of Trade, the Wisconsin Stock & Grain Company and the Superior Clearing House, all of which concerns are made defendants to the suit. It is also alleged that these companies are all affiliated and connected with the Edwards-Wood Company, on behalf of which it obtained an injunction some months ago.

Hicks testified that he was hired by the Edwards-Wood Company, in St. Paul and sent to Superior with instructions, "to trade and make a market." While there he bought and sold many hundred thousand bushels of wheat without orders from Wood or any one else. He said his transactions were all with two men whom he knew to be in Edwards-Wood employ.
