

PAY MORE FOR SUGAR

Local Market Will Probably Advance This Morning.

MOVES UPWARDS IN EAST

California & Hawaiian Co. Raises Its List 20 Cents—No Word From Western Up to Close of Business Hours.

An advance in the local sugar market will probably be announced this morning. All grades of refined sugar went up 10 cents per hundred in the East on Thursday and this move was reflected on the Coast yesterday. Soon after noon the California & Hawaiian Company advanced its list prices 20 cents per hundred all around. A similar rise in the Western Refinery's price was looked for, but up to the close of business hours no such advance was received. This was attributed to wire trouble, and the belief was general among the jobbers that they would be notified this morning of an advance by the Spreckels Company similar to that made by the California & Hawaiian. In the absence of such advance local prices were not advanced yesterday.

The Eastern sugar market is in a very strong position, as it has been for some time past. New York market advances dated Monday said:

"The higher prices commanded by raws have brought about a better feeling in the refined market, and brokers are predicting an advance in price by all refiners within a few days, contingent upon the receipt of their strength and upward tendency. Most of the delayed contracts made early last month, and which have now expired, have been cleaned up, and the trade is in a position to buy more sugar. Demand should be good about this time of the year, naturally, but in addition to this, grocers and jobbers seem to have little on hand."

MORE EASTERN POTATOES ARRIVE

Twenty Cars Have Been Already Ordered for This Market.

In addition to the two cars of Minnesota potatoes that reached Portland Thursday, a car was received from Wisconsin yesterday. It is estimated that 20 cars from Minnesota, Wisconsin and Colorado are now on the way to this city. They will all be needed, and more too, for the Oregon crop is closely cleaned up. From the point of economy, however, the movement is bad for the State, as these outside potatoes, which cost not less than \$1.50 to lay down here, are used to replace home potatoes, the bulk of which were sold at comparatively low prices. The feature of the market yesterday was the strong inquiry from California for seed potatoes. The orders of course could be only partly filled, and that with great difficulty. Owing to the flooding of lowlands in the California potato growing districts the largest growers have found new locations and are now trying to buy seed wherever they can. It is said that 20,000 acres of land heretofore used for other crops are being prepared for potato growing. The new fields will equal or exceed in size those already planted, but will hardly produce such large crops.

WESTERN WASHINGTON POTATO LOW.

Orting Growers Sell His Crop at 6 1/2 Cents a Pound.

TACOMA, Wash., April 12.—(Special.)—Isaac Pincus & Sons purchased today from an Orting grower 75 bushels of choice hops at 6 1/2 cents a pound. This lot was one of the finest produced in the Orting district. The grower was offered 20 cents on contract for the hops, and could have sold them after they were in the bale at one time for 14 cents a pound.

The market shows no signs of improvement. Advice received by the local dealers from the leading hop centers of the world are discouraging. A telegram from New York, received this morning, read: "Consider the market outlook hopeless for this year and next."

ANOTHER ADVANCE IN ONIONS.

Buyers Try to Make Contracts, but Do Not Meet With Success.

Most of the Portland buyers advanced their quotations on onions yesterday, some asking up to \$3.75 per hundred. A good many farmers are hauling in small lots of onions, but as the majority of such receipts are inferior they have but little effect on the market.

It is reported that buyers are out in the country trying to make contracts with growers for their coming crops, but they are meeting with poor success, as nearly every farmer is aware of the situation in California and believes that high prices will prevail next winter.

STORAGE APPLES WILL BE HIGHER.

Reserve Stocks Will Soon Be Drawn Upon—Orange Growers.

The stock of Oregon apples out of cold storage is about exhausted, and as soon as the trade is forced to use storage stocks entirely much higher prices can be looked for.

The firmness of oranges is still a feature of the fruit market. As it is almost impossible to procure medium sizes of navel, the jobbers are preparing to bring up Mediterranean Sweet.

Among yesterday's receipts were some Los Angeles strawberries in indifferent condition, which offered at 15 to 20 cents a pound. Two cars of oranges and two of cabbage were due last night.

Creamery Butter Market Unchanged.

The creamery butter market was weak yesterday, but no lower, either on front street or at the city creameries. Country butter is arriving more freely, and as the outlet for it is poor the price has dropped.

The supply and demand for eggs is about even and the market holds steady at 20 cents.

Chickens continue scarce and very firm.

Bank Clearings.

Bank clearances of the leading cities of the Northwest yesterday were:

Portland	\$1,433,000
Seattle	\$1,433,000
Tacoma	\$1,433,000
Spokane	\$1,433,000

PORTLAND QUOTATIONS.
