In 1897 the general society hon-ored the four founders, Mrs. Mary S. Lockwood, Miss Eugenia Washington, Miss Mary Desha and Mrs. Ellen Hardon Walworth, with special medals. In 1994 the date of the annual Continental Con-gress was changed from February 22 to the conteners of the Stills of Lexing the anniversary of the Battle of Lexington, April 19

Many Real Daughters Live.

An effort to discover how many real daughters of Revolutionary soldiers still lived mot with astonishing results. Many of the soldiers who were young at th the war married late in life and left children to inherit their names and honors. Several hundred of these chughters were found and admitted to the local chapters in various parts of the country, though time has taken heavy toll of them lately and the number has been greatly reduced. Each daughter that the hapters were able to locate was given a souvenir spoon made especially for this purpose, and in one instance it proved to be the only bit of silver in a desolate mountain heme in Georgia, whose poverty was later releved by the care of the local chapter. Many "real daughters" were pensioned by special act of Congress, but nore have been cared for by chapters as a patriotic obligation.

Hall of National Records.

The president-general of the D. A. R. as always been a woman of National ominence. The first was Mrs. Benjamin Harrison, who died in office. She was suc Harrison, who died in office. She was suc-ceeded by Mrs. Adial Stevenson. The others were Mrs. Daniel Manning, Mrs. John W. Foster, Mrs. Charles W. Fair-banks and then Mrs. Donald McLean, the present incumbent. In 1859 Mrs. Mary S. Lockwood urged that measures be taken to establish in Washington a hall for keeping the records of the society. The rheratone was laid with much ceremony April 19, 1964. This building fulfills a can of George Washington, who hoped see a National hall where the records to see a National half where the records pertaining to the achievements of the men of the Nation might be carefully preserved. This building, now almost completed, is an imposing structure that will comfortably hold the conventions and various meetings of the D. A. R., will provide frequencies of the D. A. R., will provide frequencies of the non-transition of the second state of the second the records and will stand as a monu-ment to the particulum of the second states. ment to the patriolism of the women of America who have built it. The grounds cost a little over \$50,000 and the building between \$50,000 and \$400,000.

War in Tobacco States.

CLARKSVILLE, Tenn., April 17 .- The destruction of tobacco-plant beds in this district by "hight riders" has reached an alarming stage and it is feared that, unless the depredations are stopped, there will be an unuqually light crop. During the past week a number of plant beds have been salted and the plants killed. Trainmen have been threatened with violence if they hauled tobacco-growers not connected with the growers' association.

Bichard Koehler, purchasing agent for the Northwestern lines of the Harriman system, was called and testified that the cost of materials purchased by the rail-roads has increased on the average 54 per cent since 1897.

Hearing Will End Today.

The hearing will probably be concluded today. The case will then be argued in Washington, D. C., before the Interstate Commerce Commission, June 2, when a decision in the case may be expected.

Commissioner Frouty expects to take up the case of Howard Mills against the transcontinental railroads today upon the completion of the evidence in the Spo-kane case. This will be short, and will probably be finished this afternoon. At-torney Cushing, who appeared for the complainant, has arrived from San Fran-cisco and will introduce only two wit-
