CANNOT USE RINK

he books them for Portland. Now that he will be unable to secure a permit to use the rink the attractions may be shut out of Portland until the new East Side Theater is completed. The Armory could probably be had but it is not well Executive Board Will Refuse Cordray's Request.

WILL DEBAR MANY PLAYS

WILL DEBAR MANY PLAYS

building itself will be 100x200 feet and will be but one-story in height. It will be of frame construction and its site is not within the fire limits. It could be erected within a very short time. The ordinances of the city do not permit the erection of wooden buildings within the city limits for theatrical purposes. The committee which met yesterday morning is strongly opposed to the use of the proposed wooden building as a playhouse and in its report to the fire commissioners quoted the ordinance which would be violated.

At the meeting of the Executive Board last week Mr. Cordray petitioned for the permit. It was referred to the fire commissioners who in turn referred it to the committee composed of Chief Campbell, Deputy Roberts and Inspector Spencentemplated as it is understood that able to visit Portland this Summer as contemplated as it is understood that John F. Cordray will not obtain a permit to use the proposed skating risk of the Crystal Ice & Storage Company on the East Side as a temporary theater. Yesterday merning Fire Chief Champbell, Deputy Fire Marshall Roberts and Building Inspector Species was and ing Inspector Spencer met and recom-mended to the Fire Commissioners that the permit be not granted, as it would be a direct violation of the city ordinances. a direct violation of the city ordinances. That the fire commissioners will adopt the report and thereby refuse to grant the permit there is little room for doubt. A half dozen or more of the best independent attractions of the East will invade the Coast this Summer and Mr. Cordray had hoped that he could secure them for Portland. Being unable to secure any of the Portland theaters he made arrangements with the Crystal Ice & Storage Company to use the building which the company will srect for a skating rink.

The East Side Theater will not be ready or occupancy before the middle of Octo-

"I have no complaint to make on the decision of the committee as the members are only following out the city ordi-mances." said Mr. Cordray last night. "but it is very unfortunate that we can-

"but it is very unfortunate that we cannot obtain the temporary use of some building suitable for our productions. I am afraid that Portland will have to miss some of the best shows in the country. It is possible that we might obtain the Armory but that is very undestrable for theatrical purposes. We had intended to book Mrs. Fiske in Portland for June I? and Mary Mannering on June 24. Several of the Shubert shows were

TOKEN FOR PROF. KROHN

SPANISH BALLET PRESENTS A WATCH TO TEACHER.

Physical Director of Multnomah Club Did Much Toward Success of Society Circus.

Professor Robert Krohn, physical director of the Multnomah Club and the Portland public schools, was presented with a handsome

nools, was presented with a handsome gold open-face watch last night by the members of the Spanish hallet which took part in the Society Circus. Some night this week Professor Krohn will fessor Krohn invite the dainty ballet dancers to a "stag" at his home. No one need to be shocked, as the members of the Spanish ballet are nearly six

weeks Professor Krohn trained the ballet and time and time again drilled the young men until midnight. So per-severing and thorough was he in his in-struction and so great was the hit of the ballet at the circus that the young men ballet at the circus that the young hen almost by a common impulse got together and decided to present Professor
Krohn with some token of remembrance.
Many of the 20 young men who took part,
in the dance work on salaries, but they
had no trouble in raising enough money
to purchase an expensive and very beautiful gold watch.

to purchase an expensive and very beautiful gold watch.

The ballet was one of the striking features of the Society Circus. The young
men, thanks to the splendid training of
Professor Krohn, gave as good a performance as the average ballet seen upon
the stage. Even from an artistic view
their presentation was a great success.

The costumes were so beautifully designed and worn that hundreds of persons who attended the circus declared that the members of the ballst could not possibly be men and bets were even made upon that score.

In addition to the ballet, the wonderful exhibition drill of the Multnomah Club Juniors, both girls and boys, at the circus was given under the Sirection of Professor Krohn. He worked as hard and faithfully with the children as he did with the ballet and the success was and with the ballet and the success was equally as great. The skill of the children and the precision with which the drill was executed was amazing to all. He also had charge of other athletic features of the show. So great a factor was Professor Krohn in the organization and the actual production of the circus that a great share of its immense success belongs to him.

the actual production of the circus that a great share of its immense success belongs to him.

The young men of the ballet compose one of the classes at the Multnomah Club. Last night when he was putting them through their regular practice Raymond O'Connor and Edward Jeffreys Jr. stepped up to him and before he realized it he was holding the timepiece. Not until he was told that the "boys simply wanted to show that their hearts were in the right place" did he grasp what the watch was for. Needless to say he was deeply impressed with the gift and the spirit with which it was given and in a few timely words spoke his appreciation. He then invited the boys to his home, and the reception will be the first retinion of any of those who took part in the memorable Society Circus.

The members of the Spanish bailet and who assisted in the presentation last night were: Raymond O'Connor Edward Jeffreys, Jr. W. B. Dresser, F. Boulan, Irving Stearns, Arthur Kerrigan, DeWitt Adler, Fred T. Gram, Harry Fisher, Francis Korrell, William Aldee, Walter Scott, Waiter Vander Werth C. Holmes, F. Bennett, Harry Livingstone, Bert Gleason, Bert Allen, Oliver Jeffreys, A. L. McFarland.

WITHOUT ANY DOUBT
