

INCREASE IN TOLL RATES

AUTOS MUST PAY MORE MONEY
ON ROAD TO MOUNT HOOD.Company Claims Road Is Difficult
to Maintain in Good Condition
Without More Compensation.

OREGON CITY, Or., May 5.—(Special.)—Residents of Portland and other Oregon towns and owners of automobiles who delight in a journey to Mount Hood during the summer will find the expense somewhat greater than in previous years, as the Clackamas County Court has just granted the petition of the Mount Hood & Barlow Road Company for an increase in the tolls, and has permitted the company to establish another gate at the Salmon River. This change will also affect stockmen.

The rate of toll over and across the road for either the old Barlow route terminating at Gate Creek, or the Oak Grove route terminating at Oak Grove, has not been changed, and follows:

Each automobile.....\$2.50
Each four-wheel vehicle, two horses.....2.50
Each additional span or yoke.....50
Each two or four-wheel vehicle, one horse.....1.50
Each saddle horse with rider......40
Each horse or mule with pack......20
Each head of cattle, horse or hog......15
Each head of sheep, goats or hogs......05

It is stated by the officials of the company that the distance from the western terminus of its road to Mount Hood and the cost of construction represents one-half of the cost of construction of the whole thoroughfare and is about one-half of the distance in length of the whole road, and is more expensive to operate and maintain. The rates of toll from the western terminus to points in the vicinity of Mount Hood are fixed at one full toll for the round trip. The company says it is a hardship to maintain the bridge over Salmon River and its road from Salmon River to the toll gate for the accommodation of tourists and others without compensation.

The distance from the western terminus to the toll gate is ten miles, and at one full toll for the round trip, the return is fixed as follows:

Each automobile.....\$8.00
Each four-wheel vehicle, two horses.....8.00
Each additional span or yoke.....1.00
Each two or four-wheel vehicle, one horse.....5.00
Each saddle horse with rider......25
Each horse or mule with pack......20
Each head of cattle, horse or hog......15
Each head of sheep, goats or hogs......05

OBJECT TO THEIR DRY TOWN

Eugene Residents Praying for Rain
to Lay the Dust.

EUGENE, Or., May 5.—(Special.)—The farmer is not the only man here who is wishing for rain. The merchant, whose stock has been soiled and whose customer has been aggravated by the useless clouds of dust arising from the main streets of the city during the past few days, will welcome the rain as much as anybody.

There is no immediate prospect of any other kind of a street-sprinkler. For the past summer seasons the cost of sprinkling the streets in the business section has been paid by the business men. But last year several refused to pay, and the man on the water wagon lost money on the job. This season the cost of sprinkling must be increased unless all interested help pay the bill. With this prospect the Merchants' Protective Association petitioned the Council to have the city pay for the sprinkling. The City Attorney decided it would be unconstitutional to pass such an ordinance. The merchants then asked that the cost be assessed to the property-owners, and the Council is expected daily to meet and settle the question.

Death From Accidental Poisoning.

ASTORIA, Or., May 5.—(Special.)—Inez Jennie Peterson, the 34-year-old daughter of Mr. and Mrs. Victor Peterson, of Tenas Illine Island, died very suddenly yesterday afternoon from accidental poisoning. The child climbed upon a chair and secured some pills containing strychnine, which were on a shelf, and died a few minutes after eating them.

DAILY METEOROLOGICAL REPORT.

PORTLAND, May 5.—Maximum temperature, 72 degrees; minimum, 45. River reading at 8 A. M., 5.8 feet; change in last 24 hours, .01 foot. Total precipitation, 5 P. M. to 8 P. M., none; total since September 1, 1906, 60.85 inches; normal, 41.88 inches; deficiency, 18.97 inches. Total sunshine May 4, 6 hours 45 minutes; possible, 14 hours 20 minutes. Barometer (reduced to sea level) at 5 P. M., 29.72 inches.

WEATHER CONDITIONS.

The pressure has fallen generally throughout the North Pacific States and risen over California. Light rain has fallen in Utah and Nevada and the weather is unsettled and threatening in Northern California. No rain has fallen in the North Pacific States, and the temperature has remained nearly stationary.

Probable conditions are for showers in this district Monday with lower temperatures.

WEATHER FORECASTS.

Portland and vicinity—Showers and cooler; southerly winds.

Beautiful Floor Coverings

Our long-looked-for Carpets and Rugs have at last arrived. Never before has there been such a large assortment of high-class goods shown in the Northwest. We are now more fully prepared than ever before to furnish your home complete with the latest patterns, and in the most artistic style. ROSE CITY PARK HOME CONVENIENCES

What is more beautiful than a well-lighted residence locality? Only one thing, and that is a well-lighted home. In the evening, Rose City Park homes will be so well-lighted as to present a most brilliant and cheerful aspect. From every window and door will be seen the bright illumination that has been promised by the electric light company.

ELECTRIC LIGHTS

Electric lights will be available in Rose City Park as soon as your home is built. A beautifully lighted suburb is one of its best qualifications. This will be exceptionally true of Rose City Park.

The electric light company has agreed to supply this section of the city with service equal to the best there is in Portland. The poles will be set and the wires strung at the earliest possible moment. It is safe, therefore, to state that by the time your home is built, electric lights will be waiting for installation.

With pretty homes scattered along every street; with the very best car service that can be inaugurated; with the advantages of city water, telephone connection, graded streets, cement curbs and sidewalks, and all the improvements that can be desired in a large city, it is safe to predict that Rose City Park will soon be the residence property in greatest demand in the Northwest.

Hundreds have bought, hundreds more are buying every week, and thousands will buy within the ensuing few months. Many are buying for investment, while many more are buying to build their own homes. A decidedly desirable neighborhood, therefore, is fully assured.

Remember our free automobile service every day. You are always welcome. Come with us and bring your friends with you.
