APPROACHES NEED REPAIRING -APPROACHES NEED REPAIRING.— The time is fast coming when the approaches to the Burnside bridge will have to be repaired and the bridge redecked. As leading man of the Belasco stock company here two years he was decidedly popular and he was given a flattering reception on his first appearance last night. He is one of the more prominent metropolitan leading men and long since established himself with the most critical public.

A. B. Chase Player-Pianos Combine the Good Qualities of the Best

Out of Many Experiments Comes a Perfect Product

You are most cordially invited to come to our pariors and see and hear these splendid new instruments; every musician who has heard them has been astonished at the naturalness of their interpretations. We take pleasure in the fact that the A. B. Chase player-plane, a perfect product in the mechanical instrument line, has been consigned to us for Northwestern distribution. The manufacture of this instrument is the final result of the conception of an ideal, worked out through a long period of close application, by the best inventive musical genius. Constructionally, it is a marvel of simplicity, compactness and utility, having the player-mechanism below the keyboard, and entirely self-centained so that it can readily be removed from the case. Each part is so perfectly adjusted to its corresponding parts as to produce a complete machine almost human in its interpretations.

The case with which it is operated is one of its strongest points—a child's hand can set going the most difficult of compositions, after a few moments instruction.

A great advantage is the readiness with which the player-piano can be transformed to a manual plane—simply by removing the roller; thus you have two excellent musical instruments in one, using either at with.

"The House of Quality" is the Northwest distributing center for musical instruments known the world over as the best in their line: pianos, player-pianos, organs, Victor talking machines and records. If you want the BEST you will find it here at a reasonable price and the same price to every purchaser.
