TANNERS ARE HOLDING OFF

Claim There Is No Profit at the Present Prices-Large Supply of Poor Strawberries Received.

The local hide market is in a very unsatisfactory condition, as a result of the long-continued depression in the East. The supply in dealers hands is excessive and stocks are still being treely offered. Tanners seem to be engaged in a systematic effort to bear down prices. They claim they have made no money on their lides and demand concessions before they will consider offers. In view of these conditions local prices show a further decline.

Negotiations are pending between Port-Negotiations are pending between Portland and Eastern capitalists and Receiver J. F. Reddy, of the Medford & Crater Lake Railroad, for the purchase of the property. The Oregon Trust & Savings Bank is acting as agent in the transaction. The Crater Lake road was recently put up for forced sale and the highest hid was that of Wailing Brox., who offered \$42,500. It was thought by the receiver that this sum does not represent the real value of the road and it is being held for a possible increase over that amount. If a possible increase over that amount. If any one offers a 10 per cent advance over the bid the court may hold another sale or it may also decline to accept the bid offered. It is thought that the present negotiations will be concluded successfully.
