

BEATTY ANSWERS BORAH'S ATTACK

Ex-Judge Says the Senator's Charges Are False and Cowardly.

NO INFLUENCE ON JURY

Accuses Borah of Appealing to Washington to Prevent Indictment—Denies He Was Active Candidate for Senator.

NEW YORK, May 7.—(Special.)—Ex-Judge Beatty, who was recently interviewed in Washington on Senator Borah's indictment, and who in turn was accused by Mr. Borah of having used his judicial position to further his political ambitions and to force Mr. Borah's indictment, today makes a vigorous attack on the new Senator. In part Mr. Beatty says: "I did not commence this controversy. I am only meeting assaults made by Borah. I did not exercise any influence with the grand jury to have Borah or any one else indicted. I confess that such baseless and reckless charges, coming from one I have never wronged, and a United States Senator, are a surprise to me. Not only are they false, but they are cowardly. They were delayed until I had left my home enroute for a long absence in foreign lands."

Method in Madness.
"He knows they are untrue. His chief object in making them is not my injury. His madness is not without method. Having it appear that he is persecuted substitutes for the real issue a presumption of his innocence. From the beginning his policy has been to obscure the truth by directing attention to the false, and let it be remembered that he and his aides are responsible for all that has been said, for not a word has come from the court officials."

No Influence on Grand Jury.
"I do not know of my own knowledge that Mr. Borah was indicted, and have not said it repeatedly. I know that testimony was actually presented to the jury. As was my duty, I left the District Attorney to marshal the testimony and the jury to consider it, uninfluenced by any views of mine. I have carefully avoided expressing any opinion upon the merits of the case as to the guilt of any one, and I have none now to offer."

Only Receptive Candidate.
"Speaking of his attempts to secure election as Senator, Judge Beatty says: "While Borah and I have lived for 15 years in the same town, he seems just to have discovered my faults. Within the past year he has repeatedly said, once in public print, that if he could not be elected to the Senate, he desired that I should be. It might be inferred from his statement that I was an active Senatorial candidate. He has been wrong by my judicial position, I was not. At the joint request of four prominent Republicans, including the State Chairman, I became a candidate, but my campaign was chiefly by letters to individuals suggesting my candidacy and their support. No one was importuned or urged, neither was any one promised any office, reward or other consideration."

"William, the Promiser."
"On the other hand, so generous is Borah reported to have been with his promises that he has been the cognomen of 'William the Promiser.' 'I sought election only as the law provides through the Legislature. He, having once failed thus, resorted to the state convention, where by combination and division of spoils with those he had denounced as corrupt he succeeded.'

NO EVIDENCE OF INNOCENCE

Goldfield Accused Murderers on Trial—Miners' Union Manifesto.

GOLDFIELD, Nev., May 7.—The Preston Smith murder trial was resumed today with the defense putting on witnesses to prove an alibi for the defendants charged with conspiracy. No testimony was introduced to prove the innocence of the men directly charged with the murder, the attempt apparently being to lay a foundation for an application for bail for Shriners, St. John and others accused of conspiracy.

The Miners' Union has made public a letter to Judge Langan strongly denouncing the author of the anonymous threatening note received by him yesterday and closing as follows: "We have every confidence in you and know that you will give the defendants a square deal, and that all they are entitled to."

SEATTLE WANTS SHRINERS

Puget Sound City Makes Effort to Get Next Conclave.

LOS ANGELES, Cal., May 7.—The opening session of the 33d Imperial Council of the Mytic Shriners was held today, and for the first time since their arrival, the thousands of Shriners from every part of the country were assembled. Officers and representatives of the Council gathered at the Imperial headquarters at the Alexandria Hotel and were escorted to the Scottish Rite Cathedral, where exercises were held by all the Arab and Bedouin patrols in full uniform. Barely had there been presented such a splendid spectacle as that of the long line of men garbed in brilliant Oriental attire, who led the way to the meeting place. Followed by scores of automobiles and carriages, carrying the officers and delegates, the procession was over a mile long.

tention of the Imperial Council at its initial session. So great was the attendance that the streets in the vicinity of the Scottish Rite Cathedral were absolutely impassable for over an hour. Distinguished Potentates M. H. Flint, of Los Angeles, and Mayor A. C. Harper, a member of Almalakha Temple, welcomed the Shriners. The Mayor presented Imperial Potentate Alvah Clayton with a massive gold key to the city.

In response Mr. Clayton expressed his gratitude for the eloquent and gracious welcome extended and invoked the continued blessings of Allah upon Almalakha Temple. The remainder of today's session was devoted to official reports and routine business. The election of officers and the selection of the next place of meeting will take place tomorrow. It is expected that St. Paul will secure the next Imperial Council, but a movement has been launched in favor of Seattle.

The festival of flowers began this evening with the first of a series of electrical parades, in which several thousand Shriners participated. Nearly 10,000 Shriners were in line. The display of electrical floats was designed to represent precious stones. Some of the floats were decorated with thousands of lights. Potentate George A. Filmer, of San Francisco, was grand marshal of the parade. J. C. Slater, of Seattle, was one of his aids.

WASHINGTON MEN PLEAD WITH OREGON COMMISSION.

Inspector Lytle Insists Quarantine Must Be Maintained—Governor Withholds Decision.

SALEM, Or., May 7.—(Special.)—Extended arguments were heard by Governor Chamberlain today upon the question of proclaiming a quarantine against Washington sheep. The Washington interests were represented by State Veterinarian S. W. Nelson, of Tacoma, and H. R. Brison, of Walla Walla, a member of the Wenaha Wool Growers' Association. These gentlemen admitted that in two interior counties of Washington sheep are badly infested with scab, but they deny the disease exists in the flocks in the southeastern Washington counties. They argued, therefore, that if the proclamation should be issued it should exempt sheep in non-infested counties.

Oregon's Sheep Commissioners, Smythe, Boylan and Steuninger, and Inspector Lytle insisted that sheep in the counties referred to are infested with scab, though not so badly as in interior counties, and that in order to make the Oregon inspection and dipping law effective Washington sheep must be subjected to quarantine regulations.

Inspectors McClure and Hutchinson, of the United States Bureau of Animal Industry, were asked to make a report, and while they did not mention any particular instances of scabby sheep in southwestern Washington, they indicated the belief that this region could not well be entirely free from the disease.

Governor Chamberlain will announce his decision before the end of this week.

TRAINS CRASH IN A FOG

Four Trainmen Killed and Several Passengers Slightly Hurt.

WHEELING, W. Va., May 7.—In a dense fog early today the New York-Chicago Express, No. 7, upon the Baltimore & Ohio Railroad, crashed into an east-bound freight train as it was taking the siding at Rosby's Rocks, 20 miles east of here, killing four of the railroad men, seriously injuring three others, and slightly injuring five passengers.

The engine, baggage, mail and express cars were demolished, but the passenger coaches and the sleepers were uninjured. The cause is said to be the fog which prevented the engineer of the passenger train from seeing a flagman who was protecting the freight train.

The dead: A. A. WARNER, baggage man; W. THOMAS, fireman on freight; J. K. PAINTER, express messenger; CHARLES CHRISTY, fireman of the passenger train.

The most seriously injured: G. W. Riley, engineer of freight train, leg cut off above ankle and internal injuries.

M. L. Parkinson, fireman of freight train, collar bone broken, and head injured.

HARRY THAW'S FAT INCOME

Second Largest Among Those of All Thaw Heirs.

PITTSBURG, May 7.—Four trustees' accounts under the Thaw will were filed for official audit today. They are the second triennial accounts rendered since the Fidelity Trust Company began administering the affairs of the legatee six years ago. Harry K. Thaw is shown to have been the recipient of the second-largest income of any of the heirs, nearly \$60,000 having been paid to him from this source alone. This sum was exclusive of the income which he derives from various other bequests under his father's will. The account of Harry Thaw shows there is due him under the direct legacy allowed by his father the sum of \$45,334. The income from this as invested by the trustees during the three years covered by the account is \$38,963.

HIS PARTING VISIT

Dying Lawyer Confers With Federation Leaders.

DENIES ANY DISSENSION

Murphy in Last Stages of Consumption—Defense May Call Steve Adams—Boise Forbids Street Oratory.

CHICAGO, May 7.—(Special.)—Sensational developments in the controversy between President Roosevelt and labor unionists over the Meyer-Haywood trial loomed up today in reports that Chief John E. Wilkie, of the Government secret service, is on his way to Boise, Idaho, under direct orders from the President.

It was reported that Chief Wilkie will be aided by a special corps of Government sleuths, who will watch the legal struggle, investigate the evidence, and keep President Roosevelt informed of every move made in the case. Chief Wilkie returned to Chicago today, but left again for the West tonight.

BOISE, Idaho, May 7.—(Special.)—John H. Murphy, of Denver, for many years the chief attorney for the Western Federation of Miners, is here. It is said he has come for a farewell visit to the accused men, being very ill with consumption and not likely to live long. He seems very feeble and impresses those meeting him as being near the end.

During the afternoon he had a protracted conference with the prisoners. Later he made the statement that the talk of friction between the prisoners and also between their counsel was unfounded. Nevertheless, close observers here are entirely satisfied there is and has been much friction.

There is a rumor that he is the intention of the defense to have Steve Adams brought down from Wallace to testify for the accused. Persons connected with the defense refuse to confirm the statement, but do not directly deny it.

NO ORATORY IN OPEN AIR

Boise Forbids Agitation While Trials Are in Progress.

BOISE, Ida., May 7.—As a precautionary measure, street speaking or preaching will be stopped in Boise during the trials of William D. Haywood and the other leaders of the Western Federation of Miners for the alleged murder of Frank Steunenberg. It is feared that freedom of speech in the street might lead to local agitation for or against the prisoners and possibly disorder.

"Silent" Smith's Will Made Public.

REMAINS LAID IN TOMB

Distinguished Company Attends Funeral of Multimillionaire in New York—Remote Possibility of Direct Heir to \$25,000,000.

NEW YORK, May 7.—The will of the late James Henry Smith was made public tonight. The value of the estate is estimated at about \$25,000,000. All his near kin receive legacies and there are bequests to two local hospitals. The will provides for a direct heir, but of this it is said there is not a remote possibility. His nephews, George Grant Mason, of Aberdeen, S. D., and William Smith Mason are the principal beneficiaries of the estate, receiving two-thirds and one-third, respectively, of the residue. His cousin, James C. Keith, of Vancouver, gets \$100,000.

George Grant Mason was until recently division superintendent of the Chicago, Milwaukee & St. Paul Railroad. William Smith Mason is a bank official at Evanston, Ill. The will is understood to be offered for probate at Goshen, Orange County, tomorrow.

Funeral services of the millionaire, who died at Kyoto, Japan, while on his wedding trip, were held in St. Bartholomew's Episcopal Church today. The body was taken in a special train to Woodlawn Cemetery for burial. The services were conducted by the Rev. Barton Parks, the pastor, assisted by Dr. Wood. A surprised choir of 100 voices sang the funeral music.

Among the relatives and friends who attended were Sir George and Lady Cooper, the Duchess of Manchester and her father, Eugene Zimmerman, Mrs. A. J. Drew, Miss Anita Stewart, Mrs. Smith's daughter, William Rhineland Stewart, Jr., her son, E. H. Harriman, Mrs. Clarence Mackay, Mrs. Oliver Harriman and Mrs. Stuyvesant Fish.

REHEARING IN LAND CASE

Convicted Episcopal Clergyman Gets Review in Upper Court.

ST. PAUL, May 7.—A rehearing in the case of George W. Ware, plaintiff in error, against the United States, was begun today in the United States Circuit Court of Appeals.

Appellant was convicted below on an indictment of the Federal grand jury, under which it is alleged he conspired with two others to defraud the Government out of title to large tracts of land in Hooker County, Nebraska. Exception was taken to the charge of the Judge to the jury, and the statute of limitations is set up as a defense.

ARMOUR RAISES LABORERS' WAGES

OMAHA, May 7.—Most of the packing-house strikers at Armour's plant refused to work today, after management having agreed to an increase in the wages of all common laborers to 19 cents an hour. Some boys in the lard refineries are not yet satisfied. They ask for a raise from 10 to 12½ cents an hour.

2000 HODCARRIERS JOIN STRIKERS

CHICAGO, May 7.—Two thousand hodcarriers and building laborers today joined the strike of the bricklayers. A speedy settlement is predicted. The total number of men now out is about 10,000.

TOOK \$100,000; GETS SIX YEARS

BIRMINGHAM, Ala., May 7.—The jury in the case of Alex R. Chisholm, expatriated teller, charged with having embezzled \$100,000 from the First National Bank of Birmingham, when sum it is alleged he lost in cotton speculation, brought in a verdict of guilty today, and fixed the punishment at six years in the Federal penitentiary and a fine of \$10,000.

MAY TIE UP ALL LOS ANGELES

Teamsters Try to Get All Labor Unions to Strike.

LOS ANGELES, May 7.—The conference today between the striking teamsters, their employers and the committee of the Merchants' & Manufacturers' Association, failed to accomplish a settlement and the teamsters left with the expressed intention of endeavoring to precipitate a sympathetic strike involving all the labor organizations of the city. The teamsters refused to take back all the men or sign an agreement with those re-employed.

Out of 23 unions which reported tonight on the proposition of the Teamsters' Union that a sympathetic strike of all the affiliated labor organizations be called, 12 voted in favor of and 11 against calling a general sympathetic strike. There will be meetings of the unions tomorrow and on Wednesday night. It will not be known whether a sympathetic strike will be called until Wednesday night.

SMELTERMEN ON STRIKE

SALT LAKE, May 7.—Two hundred men, comprising half the force of ore haulers at the plant of the American Smelting & Refining Company at Murray, a suburb, walked out today because the company asked for time to consider their demand for an increase of 25 cents per day in wages. The remainder of the men decided to await a reply from the company. There are 900 men employed at the plant. Operations are not materially hampered by today's walkout.
