FIGHTING IS NOW **EXPENSIVE LUXURY**

Smith and White Will Pay Dearly for Any Future Encounters.

MUST GO SEPARATE WAYS

Sailor Boarding-House Men Must Forego Old Friendship or Forfeit Penalties of \$250 and \$100. for Its Resumption.

When James & e, of kidnaping fame, and my corrious William Smith, of pugilistic reputation, meet on the street after this they must keep on their way, forgetful of the fact that they have been friends for 20 years past and associates in the sailor boarding-house business for six. Should they pause to engage in one of their characteristic little discussions of each other the luxury will cost Smith exactly \$200, and White will be com-

pelled to pay \$100 for his fun in addition to possible doctors' and hospital bills. This restriction was placed on these well-known persons by the Municipal Court yesterday forenoon. Fines have been levied on the "mysterfous" portion of the sketch time and time again but he always comes back for more. The lux-ury of battle seems too great a tempta-tion, especially when the consequences are usually nothing more than small

But with the luxury of beating up his old friend costing \$250, as it now does, the court figures that Mr. Smith may

feel reluctant to spend the money. And White may not feel greatly inclined to measure his strength at \$100 per measure.
These sailor board-

Ing-house feuds have been before the pub-lic intermittently for the last fly years, Nobody has ever been hurt much but if all the threats

made by the various partners had been rarried out, the coroner would have died of overwork long they fear him singly let them come en

Yesterday's appearance in court was the second since White was sentenced to the penitentiary for stealing a Nor-wegian, who was trying to ship on a limejuicer. The worry and toll attendant upon securing a pardon dispensed with, White forthwith enjoyed the old-time pleasure of a wrangle with Smith. He and Harry White were in a saloon at Third and Pine street when they met

Smith. They ex-changed the com-pliments of the sea-Mr. Smith is to have pleasure it would give him to be instrumental in ter-minating the earthly James emmarks with an um-brella which he brought to bear on

Mr. Smith's head, greatly damaging the umbrella. Teeth, fists, feet and vocal pyrotechnics figured in the tableau that

lowed. Just what happened or how the affair came out is not recorded.
"I thrashed them both and now they're sore at me," was the "mysterious" man's version of the affair to Judge Cameron,

It developed that Smith has parted with his interest in the boarding-house busi ness and that he has no further call for meeting the White brothers. So Judge Cameron suggested that the two friends keep away from each other for awhile. Just to show that his suggestion was made in good faith, the court remarked that the cost to Smith would be \$250 and to White \$100 should they seek the luxury of each other's company in the future. Further than that, the next time they mix, the grand jury will get a chance at their case, the Judge added.

LAY CABLE UNDER RIVER

Pacific Telephone Company Installs 100 New Trunks.

The Pacific Telephone & Telegraph Company is lifying a new submarine cable across Williamette River to assist in handling the cross-river traffic, which is constantly growing, because of the rapid building of residences on the East rapid building of residences on the East Side. The new cable contains 200 wires, or 100 circuits, and will provide 100 addi-tional trunks between the exchange at West Park and Alder streets and the

BOARD WALK AT SEASIDE

Town Council Authorizes Improvement to Cost \$7000.

When the Summer colony arrives at

when the Summer colony arrives at Seaside this season it is expected that opportunity will be presented for strolls along a broad board walk overlooking the ocean At a meeting of the City Council of West Seaside yesterday an ordinance was passed levying an assessment for the construction of this walk, which it is thought will become very popular, just as have the board walks at Atlantic City and other Eastern seaside resorts. resorts. walk to be built at Seaside will ex-

tend north from the Moore Hotel to the Necanicum road, opposite the lower bridge. At this point the walk will be built back from the ocean, returning parallel to the other section, past Locks-Hall. In this way there will be a circuit, along the water and through the grove past the numerous cot-

feet wide and that in the grove six feet wide. Altogether it will be about three miles in length. The portion to be con-structed along the sand will be on piling and bulkheaded, securing its permanency.

The cost of the walk will be about \$7000, which will be assessed to all of the lots in West Seaside, according to the benefits to the property. Collection will begin just as soon as the necessary legal details can be attended to, and the contract will soon be let. It is hoped that the walk will be completed by July 1, so that it may be used during practically the entire season this year.

COMES TO INSPECT CHURCH

Dr. Brezee, Head of Nazerene Denomination, Due Tonight.

Dr. P. F. Brezee, general superintendent of the Church of the Nasarene, will arrive in Portland tonight and will remain a few days looking over the work bere. Dr. Brezee is on his way home from Brooklyn, N. Y., where he had been attending the annual meeting of the Pentecostal Churches of America. At this meeting those two bodies, the Nasarine and Pentecostal, united and will hold

their first session together next October in the First Church of the Nazarene, in Chicago. This church stands for "spostolic purity of doctrine, primitive sim-plicity of worship and pentecostal power in experience, the dispensational truth being that Jesus Christ baptises believers with the holy ghost, cleansing them from all sin, and empowering them to witness the grace of God to man."

The church in Portland was organized less than a year ago. There are now two churches in Portland, one the First Church, at 428 Burnside street, and in sellwood, where the organization has sought the old Methodist Church prop-erty. The Northwest District, which has been in session at North Yakima. Wash, closed Sunday night, Dr. Brezee pre-siding. There were encouraging reports from all over this district. Rev. A. R. hern would have died of overwork long lines. Mr. Smith has landed once of twice, but the trouble for the most part has remained in oratorical form. The Whites and the Grants have admitted that they are afraid of Smith because of his prowess and Smith has replied that if they form a long the smith has replied that if they form a long the smith has replied that if they come as the smith has replied that if they come and smith has replied that if they come as the smith has replied that if they come as the smith has replied that if they come as the smith has replied that if they come as the smith has replied that if they come as the smith has replied that if they come as the smith has replied that if they come as the smith has replied that if they come as the smith has replied that if they come as the smith has replied that if they come as the smith has remained in oratorical form. The were encouraging reports from all over this district. Rev. A. R. Denrich was returned to the First Church of Portland, and Rev. and Mrs. Etta McIntyre were sent to the work at

> Dr. Brezee will remain in the city over Sunday and preach Sunday morning and evening in the First Church, 428 Burnside street, and will also preach at 3 P. M. in the Sellwood Church. Dr. Brezee is considered one of the strongest preachers in this country.

CONFERENCE FOR

Delegates From All Clubs in State to Meet at Salem.

exception are enthusiastic over the first annual boys' conference, to be held at Salem, May 25-26. The conference is career of the two particularly for boys over 14. The talking is to be done by the boys themselves, who will present plans for the coming year.
Any boys' club or organized Sunday school class is invited to send delegates. Credentials are obtainable at the Y. M. C. A. boys' department. The programme for the two days is

Saturday Morning, May 25.

HEAVY DEMAND FOR WHEAT

Flour Shipments Amount to 172,192 Barrels, All of Which Goes to the Orient - San Mateo Chartered for Grain.

The steamer Nicomedia, of the Portland & Asiatic Steamship Company, cleared yesterday for the Orient with 59,871 bar-rels of flour, 173,000 feet of lumber and

rels of flour, 173,000 feet of humber and general cargo. The steamer will leave down this morning at daylight.

The cargo of the Nicomedia is the largest that has cleared foreign from this port during the month. The flour portion is several hundred barrels in excess of the Russian steamship Selenga which cleared May 8. The value of the cargo of the Nicomedia is \$250,363. The flour value was \$215,528.

Wheat flour and lumber exports for the menth to date aggregate \$1,068,290. In ad-

menth to date aggregate \$1,988,290. In addition to this general cargo to the amount of \$60,612 has been sent to the Orient. Of the breadstuffs sent foreign the flour amounts to 172,192 barrels and the wheat to 568,696 bushels. Before the end of the month three more cargoes will be dispatched, which will raise the flour ship-ments to more than 250,000 barrels, and the wheat close to the seven figures. The steamer Hyndford, of the North China line, is due to arrive within the next

Entered Thursday. American steamship Nome City (Hanson), with ballast from San

Cleared Thursday.

American steamship George W. Elder (Jessen), with general cargo for San Predo and way ports. American barkentine J. M. Grif-

fith (Sanders), with 700,000 feet of lumber for San Francisco. American steamship Excelsion (Erickson), with 540,000 feet of lumber for San Francisco.

American steamship Nome 'City (Hanson), with 250,000 feet of ties (part cargo) for San Pedro.

five days, and she is scheduled to carry all flour. The Hyndford is a vessel of 2775 net tons register, and will carry up-wards of 60,000 barrels. Other steamers of that line are due and it is possible

that company. heavily. The steamers Hyades and Mack inaw have been chartered, and will arrive about May 20. W. T. Carroll yesterday fixed the steamer San Mateo for a grain cargo for San Francisco. The San Mateo will arrive a few days after the Hyades. She is now in San Francisco, having reached that port from Salinas Cruz and San Diego. Wheat is being rapidly moved from the

interior, and the amount left over at the beginning of the cereal year will be less than for a number of years past. The amount remaining on Snake River has been reduced to 84,600 sacks. Movements from that section and from the Palouse have been active of late. The upward trend and the California demand have greatly facilitated the movement. The cercal year ends June 30.

SHORTAGE IN THE FRUIT CROP

Snake River Points Are Behind Average for Shipments. Reports from the Snake River country

show a shortage in the estimated fruit crop for the approaching season, and the quantity to be moved during the next few months will be several hundred cars short of the average.

The shortage will not be general, but is confined to certain districts. At Bishop's, Kelly's, Hunt's, Truax, Odel's, and Offields' the yield will be about normal. The shortage comes in Wawawi and Almota where only 20 per cent will be shipped. At Alpowai it will be a little better than 10 per cent, while at Clark-ston and Ilia only 5 per cent of the average yield can be depended on.

FREIGHT EMBARGO IS LIFTED

Shipments Again Being Received for San Francisco.

Freight is again being received for San Francisco by the San Francisco & Port-land Steamship Company. The embargo on Ainsworth dock has been removed, and for the first time in over two months the Portland shippers were accorded the privilege of sending freight to that wharf for shipment south.

For more than two months there has been a congestion of freight on the docks and south-bound business has been held up as far as that company was concerned. The steamers Columbia and Costa Rica have maintained a regular

Four Lightships to Be Built. Rids will be advertised today for the

construction of four lightships for the lighthouse department of the United lighthouse department of the United States. The vessels are to be single-screw steel vessels and equipped with engines and bollers. Bids will be opened in the office of the Lighthouse Board, in Washington, D. C., June 15. The specifications call for the delivery of one boat at Thompkinsville, N. Y.; one at Yerba Buena, Cal.; one at Astoria and one at Seattle.

AFRAID OF PARALYSIS From Boston, Mass.

A NERVOUS SUFFERER CURED BY DR. WILLIAMS' PINK PILLS.

The Medicine That Makes Rich, Red Blood and Performs Wonders as a Tonic for the Nerves

Why are nervous people invariably The answer to that question explains

why a remedy that acts on the blood can cure nervous troubles.
It explains why Dr. Williams' Pink Pills for Pale People are also for nervous

It is because of the intimate relation between the red corpuscles in the blood and the health of the nerves. The nervous system receives its nourishment through the blood. Let the blood become thin, weak and colorless and the nerves are starved—the victim is started on the road that leads to nervous wreck. Nervous people are pale people—but the pallor comes first. Enrich the blood and the ner*s are stimulated and toned up to do their part of the work of the body. Dr. Williams' Pink Pills make red blood and transform nervous, irritable, alling people into strong, energetic, forceful men and women.

Mrs. Harriet E. Porter, of 20 Liberty avenue, South Medford, Mass., says:

"I had never been well from child-hood and a few years ago I began to have dizzy spells. At such times I could not walk straight. I was afraid of paralysis and was on the verge of nervous prostration. Then neuralgia set in and affected the side of my face. The pains in my forehead were excruciating and my heart pained me so that my doctor feared neuralgia of the heart. I tried several different kinds of treatment but they did me according ment but they did me no good.

"One day my son brought me some of Dr. Williams' Pink Pills and I found that they strengthened my nerves. I took several boxes and felt better in every way. There were no more dizzy attacks, the neuralgia left me and I have

been a well woman ever since."
Dr. Williams' Pink Pills are invaluable in anæmia, rheumatism, after-effects of the grip and fevers and in sick headaches, nervousness, neuralgia, and even partial paralysis and locomotor atexia. Our booklet "Nervous Disorders, a Method of Home Treatment" will be sent free on request to anyone interested.
Write for it today.
Dr. Williams' Pink Pills are sold by

all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y

Tides at Astoria Today.

Comes Unusual Report of the Work of Fer-Don.

STIRRED UP THE CITY

Young Man Seems to Have Met With Astonishing Success in the East.

Cripples Made to Walk, Deaf to Hear, by This Man's Great Medical Discoveries, of Which Enormous Quantities Were Sold During His Visit in Boston-His Charitable Work Ex-

The great Fer-Don, the individual who has been in our city for the past year, is about to leave for Portland, Oregon, where he will establish an office of his European and American Medical Experts and look after the sale of his famous Fer-Don Medical Compounds. He has certainly kept our city in a furore of excitement. Old and young, rich and poor, seem to be beside themselves over this young man, who was a stranger in Boston until a year ago.

Fer-Don is a man of about 36 years of age, who has acquired a fortune in the past few years from the sale of his famous remedies. Reports from other cities which preceded the young man's visit here were of a most startling nature; many of the leading dailies going so far as to state that many had been cured of rheumatism, tumors, cancers and many chronic diseases. Many persons suffering from deafness of years' standing have been made to hear the ticking of a watch by one application of this man's remedies. In consequence, people flocked to him by thousands and his preparations sold like wildfire, and the offices of his medical experts were crowded daily.

Until Fer-Don reached our city many of the reports of the marvelous cures were regarded as fictitious; upon his arrival, however, he proved to citizens in front of their own eyes what his remedies would do. He even went farther than that, proving to us who were skeptical that many of these cures were permanent. He also advanced the theory that stomach trouble was the foundation of almost nine out of ten cases and claimed to have a medicine which would restore the stomach to proper working order and thus get rid of such troubles as rheumatism and affections of the liver and kidneys, in about five or six weeks' time. The statements seem to be borne out by the results effected, and now Boston and the whole State of Massachusetts is stirred up by the Great Fer-Don, his wonderful Remedies and his staff of European and American Medical Experts. His headquarters resemble a veritable stampede, and his doctors are kept busy attending the sick and giving out the medicines in large quantities.

Fer-Don has also earned a reputation for charitable works. It is said he distributes one-tenth of his earnings to the poor and needy. While performed in an unobtrusive manner, reports have reached our ears of many good deeds done.
