MORGAN STILL BUSY AT 83

Young Woman Denied Admittance to Cloister Unless She Becomes Governor's Wife, Proceeds to Wed the Executive.

BY FREDERIC J. HASKIN.

WASHINGTON, May 16.—(Special Correspondence.) Mr. Morgan, one of Alabama's two octogenarian Senators, traces his ancestry back to Sir Henry John Morgan, the Welsh buccaneer, who was the terror of the Spanish Main some 250 years ago.

When he was 9 years old he removed with his parents to Talladega County, Alabama, where the Cherokee Indians still held sway.

His wonderful ability to grasp a subject in short order was the cause of his being chosen to make an argument in a case involving a patent for a mowing-machine.

He has a queer mental collection of all kinds of history and information which he displays from time to time to the wonderment of his friends.

Thomas Clarke, of Alabama, had an engagement to go to church with the senator one day in winter. As they left the Morgan home church bells were ringing.

Mr. Morgan has been a member of the Senate for 30 years, and if he shall live until the expiration of his term in 1913, he will be 89 years old at the time of his retirement.

EFFORTS TOWARDS UNION

Keynote of Great Gathering Sounded by Man Who Brought Cumberland Church Back to Fold. Seattle Has Ambition.

COLUMBIA, O., May 14.—Rev. William H. Roberts, of Philadelphia, for 14 years stated clerk, was today unanimously elected moderator of the 119th general assembly of the Presbyterian Church at the opening session, following the delivery of the annual sermon by Rev. Ira Landrith, of Nashville, moderator of the last Cumberland Presbyterian Assembly, who was most instrumental in bringing about the union of the churches.

More than 900 delegates answered the first roll call, and several thousand visitors attended. The keynote of Dr. Landrith's sermon at the devotional service in the morning was an appeal for concerted effort toward the complete union of the church. The communion of the Lord's Supper was celebrated tonight by the assembly.

The moderator announced that Rev. Charles Manton, of Paris, Texas, would act as vice-moderator. The other candidates for moderator besides Dr. Roberts were Dr. W. O. Thompson, president of the Ohio State University; Rev. W. H. Black, president of the Missouri College; Rev. Francis E. Marston, of New York City; Rev. S. E. Scovel, ex-president of Wooster University; and Rev. Ira E. Landrith, of Nashville. Successive withdrawals, of which Dr. Black's was the last, left Dr. Thompson as the sole rival of Dr. Roberts this afternoon, when the balloting took place.

Seattle is an active candidate for the next general assembly, and is reported as offering to give \$40,000 to pay the expenses. Endowment for Southern Church. LOUISVILLE, Ky., May 15.—Of the \$25,000 required to be raised for ministerial education and relief of the Presbyterian Church, South, in order to secure a donation of \$100,000 from Hugh T. Inman, of Atlanta, all but \$5000 has been raised and Mr. Inman has paid \$50,000 of his donation. Two hundred and twenty-three young men have been assisted this year in their preparation for the work of the ministry.

Altogether \$25,000 has been handed during the year by the committee. The General Assembly will probably order the committee to increase the endowment at once to \$50,000. Meets on Historic Spot. DICKSON, Tenn., May 15.—As a matter of sentiment a quorum of commissioners of the General Assembly of the Cumberland Presbyterian Church went today to Bethlehem Church, South, in order to secure the birthplace of the church, and there formally held the seventy-fifth session of the General Assembly.

Southern Assembly Meets. BIRMINGHAM, Ala., May 16.—The 47th general assembly of the Presbyterian Church, South, in the United States (Southern) began a 10-day session here today. Dr. J. H. Powerton, of North Carolina, was elected moderator.

CAMP SAVES THOUSANDS. Starving Chinese Cared for in Nick of Time. SHANGHAI, May 15.—Thousands of women, children and aged persons who were dying of starvation in the streets of Sing Kian Fu were placed yesterday in a camp outside the city and are now being fed by the relief organizations. Famine and fever are spreading. The funds sent within the last seven days will prevent the cutting of the unripe grain.

Automobiles Ordered to Move. A number of automobile drivers whose public cars have been standing on the west side of Sixth street, between Morrison and Alder, were ordered to move yesterday afternoon, and to find different stands. The drivers say the owners of a building complained to the police, and that the officers were forced to take action. The business men of the block have no objection to the presence of the cars, and many of them think that the presence of machines helps business.

BACKACHE AND DESPONDENCY

Are both symptoms of organic degeneration, and nature's warning to women of a trouble which will sooner or later declare itself.

How often do we hear women say, "It seems as though my back would break." Yet they continue to drag along and suffer with aches in the small of the back, pain low down in the side, dragging sensations, nervousness and no ambition.

They do not realize that the back is the main-spring of woman's organism and quickly indicates by aching a diseased condition of the feminine organs or kidneys, and that aches and pains will continue until the cause is removed.

Lydia E. Pinkham's Vegetable Compound made from native roots and herbs has been for many years the most successful remedy in such cases. No other medicine has such a record of cures of feminine ills.

Miss Lena Nagel, of 117 Morgan St., Buffalo, N. Y., writes: "I was completely worn out and on the verge of nervous prostration. My back ached all the time. I had dreadful periods of pain, was subject to fits of crying and extreme nervousness, and was always weak and tired. Lydia E. Pinkham's Vegetable Compound completely cured me."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Falling and Displacements, and all Organic Diseases, Discharges and Expels Tumors at an early stage. It strengthens and tones the Stomach. Cures Headache and Indigestion and invigorates the whole feminine system.

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. Her advice is free.
