HARD PAVEMENT FOR STREET.-Killingsworth avenue is to be improved with hard pavement between Union and Patton avenues, to cost according to the City Engineer's estimates, \$53.412. While this has long been a residence district a considerable business center has been built all around the carbarns. On Killingsworth avenue several business buildings have been erected. This improvement of Fillingsworth avenue several business buildings have been erected. ings have been erected. This improvement of Killingsworth avenue is one of the accomplishments of the Nolta Improvement Association. It is important because it means an improved thoroughfare all the way down the Peninsula to St. Johns. Patton avenue is to be improved to a connection with Dawson street, which is now being improved.

ALBINA WATER TOWER REMOVED .- The Company's plant, has been torn down, service now being given by the new main from the Mount Tabor reservoir. The water tower at Highland also will be removed, as its days of usefulness were over on completion of the Mount Tabor main. There is not likely to be a shortage at any point on the Peninsula this
year. A 12-inch water main is being
laid along Union avenue to Woodlawn
and also east of Woodlawn to Columbia
Heights, all connecting up with the large

## SANITEL FACE FREAK

The Oxygen Face Cream convince you that at last there is an ideal face cream.

It is not only a delightful emollient, absolutely pure and free from any grease, but it goes much farther— it is a wonderful skin tonic, a tissue builder. Sanitol Face Cream contains exygen which invigorates the tissues, stimulates the blood vessels, and gives to the skin the transparency and glow of healthy youth. Pure white, delicately scented — a pleasure to use it. It is immediately absorbed and will not soil the most delicate fabric or the whitest glove.
