Rather than act with indecision, the counsel of the more conserva- tive members of the organization pre- vailed at a meeting yesterday afternoon and final action was deferred. Another meeting of the union will be held June 9, and in the meantime the members of the union will seek to gain from the trans- portation companies the very best terms that can be obtained, including, of course, an advance in the existing wage schedule. FINNISH MATE OVERBOARD

John Mattison Suicides From a Schooner While Intoxicated.

ASTORIA, Or., May 26.—(Special).—John Mattison, mate of the lumber-laden schooner Letitia, which is lying in the stream, was drowned last night and is supposed to have committed suicide. Mattison had been drinking heavily and wanted Captain Mitchell to pay him off, threatening to kill the captain and also to commit suicide unless he was dis- charged. He went on board the schooner about 9:30 last evening, badly intoxicated and a short time later the Japanese cook saw him in the water. He is supposed to have jumped overboard. Mattison was a native of Finland, about 40 years of age, and joined the schooner at San Fran- cisco. His body has not been recovered. Dysentery in its worst forms will yield to the use of Carter's Little Liver Pills, aided by Carter's Little Liver Pills. Dose, one of each after eating.
