

AFFECT ALL CRAFT

New Pilot Rules Must Be Carried by Every Power Boat.

ORDER EFFECTIVE JULY 1

Masters, Pilots and Owners of Vessels Plying on Inland Waters Must Post Copies of New Rules on Their Respective Boats.

Masters and mates of ocean-going vessels, masters and mates of river steamers, operators and owners of motor boats, whether licensed or not, licensed, must provide themselves with and carry on board their respective vessels copies of the "Pilot Rules for the Inland Waters of the Atlantic and Pacific Coast," and the rules for lights for ferriesboats.

This order is effective July 1, 1907, and was received yesterday by Local Inspectors Edwards and Fuller, from the office of Supervising Inspector-General George Ulmer. It was in the form of a circular letter and applies to all vessels on both sides of the continent. The order is in keeping with the change made and new rules adopted by the Board of Supervising Inspectors at the January meeting. There are a number of important changes. The letter to local inspectors follows:

An initial supply of forms 803 (placard) and 804 (pamphlet), "Pilot Rules for the Inland Waters of the Atlantic and Pacific Coast," and of new form 804a, entitled "Rules for Lights for Ferriesboats and Barges and Canal-Boats When in Tow of Steam Vessels on the Inland Waters of the Atlantic and Pacific Coast," will be sent to you within a few days by the division of printing.

All said rules were adopted by the Board of Supervising Inspectors at the meeting of January, 1907, and shall be effective on and after July 1, 1907. Upon receipt of the forms referred to, you will please furnish a copy to each of your respective districts, a copy of the new edition of form 804, pamphlet pilot rules, to each master, mate of ocean-going steamer, pilot, and joint pilot, and engineer of motor vessels, and to each operator of motor vessels, not holding license, or hereafter receiving license (original or renewal), and to owners of motor vessels, masters of barges, and of canal-boats, and to any other persons entitled to same, and you will also please furnish two copies of form 803, placard rules, and two copies of form 804a, to each inspected steam or motor vessel, and, as far as practicable, to each motor vessel not inspected.

Local inspectors shall, when practicable, when officiating, ascertain the names and addresses of owners of motor vessels and send the form to them. On and after July 1, 1907, the new placard rules shall be kept on board or posted up in the vessels, as required by the rules for posting, and inspectors when inspecting or visiting vessels, shall be careful to see that the latest editions of the rules are on board, or posted as required. It will be noted that these rules contain several important changes from the old rules.

PRAISE WORK OF FIREMEN

Captain Olson, of Steamer Jim Butler, Gives Crew Full Credit. Captain William Olson, commanding the steamer schooner Jim Butler, which was partially burned at Linnton, Oregon, this morning, is greatly pleased with the action of the crew of the fireboat on that occasion. Had it not been for the men on the George H. Williams, the steamer Jim Butler would have been a total wreck. In speaking of the affair yesterday Captain Olson said: "Had it not been for the efficient work of the fireboat and her crew the Jim Butler would have been entirely destroyed. The fire gained so rapidly that myself and crew were driven out of the hold. We had fought the flames to the limit. On the arrival of the fireboat several of her crew went into the hold of the burning vessel and faced the danger of burning oil and the possibility of exploding tanks. In my opinion it was a very brave act and I will award to the steamer crew each man on the fireboat would be handsomely rewarded."

HARBORMASTER FILES REPORT

Recommends Lights Be Placed on Docks and Snags Removed. Harbormaster Spier has brought to the attention of the Executive Board the need of a number of improvements on the Portland water front. Among them are the removal of obstructions to the fireboat which enter at a number of places and the placing of suitable lights on all docks.

Captain Spier recites the case of the fire at the Portland Mattress Factory, which occurred several days ago. The fireboat was unable to get close enough to do effective work on account of the broken-off piling and snags in the vicinity of Ankeny street. The fireboat was compelled to lay outside the outer line of the Ash-street dock.

Relative to the light on the docks Captain Spier recommends the placing of electric lights to succeed the dingy oil burners now in use on many of the wharves. All recommendations of the harbormaster were referred to the police committee.

QUARRY WILL RESUME WORK

Labor Troubles Soon at End and a New Crew Will Be Sent. Labor troubles at the quarry of the Columbia Contract Company at Fisher's Landing, Wash., will be at an end within a few days and the delivery of stone to the jetty will be resumed by the end of the present week.

Daniel Kern, manager of the company, stated yesterday that an entire new gang of men would be sent to the quarry before the end of the week and that the steamers would go into commission immediately towing rock to Fort Stevens. The steamer which will leave the dock and will tow between Skamokawa and Fort Stevens. Several days ago the crew at the quarry struck. A demand for shorter hours and more pay. Manager Kern promptly discharged the entire force. He has secured others to take their places. The suspension of work caused considerable trouble at the jetty as the rock crew at that point was compelled to lay off on account of lack of material.

Flinds Current Too Strong.

CASCADE LOCKS, Or., June 10.—(Special.) The steamer J. N. Tuel made an unsuccessful attempt to reach the locks yesterday afternoon, on her initial trip up the Columbia. She got as far as the lower rapids, but in the present high stage of water was unable to stem the strong current and was obliged to return to Bonneville where she tied up for the night.

Marine Notes.

The steamship Alliance arrived late last night from Coos Bay points. She

came at a fast run up the Coast. The Alliance will leave for the South again Thursday night.

The oil tank steamship Assunon arrived up last night. She is discharging at Portsmouth.

The steamship Costa Rica sailed for San Francisco yesterday morning with 24 passengers and a full cargo of freight.

The steamship Johan Poulsen arrived up at Linnton yesterday and will take a part cargo there. She will shift to Inman, Poulsen & Co.'s mills today.

Arrivals and Departures. PORTLAND, June 10.—Arrived Steamship Assunon, from San Francisco; steamship Daisy Alliance, from Coos Bay; steamship Daisy Freeman, from Astoria; steamship Johan Poulsen, from San Francisco. Sailed Steamship Costa Rica, for San Francisco, Astoria, June 10.—Condition of the bar at 5 P. M., moderate; wind, west; weather, clear.

At the Stock Theaters

"Belle of Richmond," at the Star. "THE BELLE OF RICHMOND" is the hit of the Star this week, and anybody who visited the house last night will want to see the play again. The play is one of the best productions ever put on at the popular playhouse and both the management and actors deserve a great deal of credit for their work in presenting the piece. "The Belle of Richmond" is a Southern drama, unfolded in a simplicity and criminal actions of a bank president, an honored citizen. It tells the story of this man's plot to throw the blame of the bank on the bank of an innocent young man; revealing how a woman, daughter of the real criminal, sweetheart of the innocent man, went to the lover's rescue. Numerous other characters are drawn in the plot, the most important of which are that of the young lawyer who undertakes to prove the defendant. To William Dietl is assigned the part of the erring bank president. He executes his role to perfection, although it might be mentioned that his makeup is not the best. The part of Gerald Gordon, the young lawyer, is enacted by Raymond Whitaker, and that of Nellie Mason, the heiress, taken by Margaret Pitt. The rest of the company is well cast and it can be said in the fullest sense of the word that the play is a success. "The Belle of Richmond" will continue for the week, with matinees Tuesday, Thursday, Saturday and Sunday.

"All the Comforts of Home," Lyric. WILLIAM GILLETTE'S delightful comedy, "All the Comforts of a Home," is being given a good portrayal at the Lyric this week by the Allen Stock Company. The play goes with a spirited movement that adds zest to the merits of the piece, which is one of the favorites among English comedies. Amusing situations follow each other throughout the four acts of the play, keeping the audience in almost a continuous roar.

This week Mrs. Clara Allen returns to the company in one of those character parts which fit her so well. Miss Verma Felton takes the boy part of Tom in which she is particularly happy. She excels in boy characters and she is a favorite this week with the Lyric patrons.

Theodore Bender, a retired producer-dealer who takes every opportunity allowed by his termagant wife to flirt with an opera singer, who is also a lodger at the Petebone's, is capably portrayed by Forrest Seabury. Mrs. Allen plays the wife. Their daughter, with whom Petebone's nephew is in love, is played by Charlotte Mumford.

Marie Thompson does good work in a double role as El Fl. from the Opera Comique, and as Petebone's second wife, Miss Bertha Cordway, in a suitable part as Petebone's daughter. Harry Blanchard appears as Petebone, Irving Kennedy has a part which suits him as a young man of leisure and the other members of the cast give good accounts of themselves. "All the Comforts of a Home" will run at the Lyric all this week.

At the Vaudeville Theaters

ACCORDING to the law of averages, the good show which the Grand offers this week was due, for to tell the truth the Sullivan-Conside house has not maintained its high average during the two weeks just passed. The present bill, which opened yesterday afternoon, is good enough to make many amends, however. Far and away the best act on the programme is that of Miss Olive, the juggler wonder. This young woman does some really remarkable stunts, her plate-catching being the best work of the kind ever seen here. This is the most interesting and juggling act ever seen in local

vaudeville. It is worth anybody's time to go to the Grand just for this act alone.

The Four Masons, in their comedy sketch called "A Country School," made the audience laugh yesterday, and in a measure filled the requirements of a high-class sketch troupe. Clarence Lutz, the armless wonder who swam the Williamses four years ago on the afternoon that the old Morrison-street bridge collapsed, is one of the attractions this week, and a good one. His performance is amazing in view of his physical shortcomings. Frederick Roberts still insists on staging, and does something about "When the Snowbirds Cross the Valley." Whelan and Seales do a clever German dialect singing and conversational act, which seemed to give general satisfaction.

George Evera is a very funny black-face comedian, who introduces some new features and gets all that coming to him in the way of applause. Harding and Ah Sid, a famous team of acrobatic comedians, do a creditable sketch called "Fun in a Chinese Laundry." The moving pictures are quite interesting. The whole show is a worthy one.

Pantages.

PANTAGES has managed to pull together another lot of good acts this week—that is, the majority of them are good. One or two even succeeded in being better than good. Particularly is this so of the Fernando Duo, clever freak musicians, who get music out of everything, from barrels to tin cans. It is not that nerve-racking music of the average vaudeville burlesque, but a might that is quite legitimate, in a refined comedy act, at least. The Fernandos are French, and must have brought their act across the pond with them, at any rate, it is as new and novel as it is clever.

Lemair and Lemair, Hebrew impersonator and comedians, are a night will be booked as a feature act. They have a veritable comedy mine with them, and divide the fun up with their audience most liberally. After them come the Lorett Twins trio, which is billed as the feature. These people are clever athletes, and those who like acts of this sort will enjoy this particular turn very much.

Bratt and Roberts, who call themselves blackface comedians, probably feel rather lonely with the ancient jokes and poor singing, among so many really clever people as are on the bill this week. Jean Wilson, baritone, was warmly greeted upon his return to Pantages with a new series of illustrated songs. He seems to be popular with Pantages audiences. U. Woodward, lamboogie juggler, put forward some new stunts in the juggling line, which went big. The moving picture act, the best in a long while, in which a whole is head and shoulders above the average. It is well worth taking in.

Annual Mission Convention.

The annual mission convention of the Swedish Mission Church will open in the church on Friday evening at 8 o'clock, and continue over Sunday. On Saturday the services will begin at 2:30 o'clock. Among the ministers who will be present to attend are C. A. Nyren, of Seattle, Wash.; N. Helmer, of Aberdeen, Wash.; and J. B. Thoren, of Portland. Services will be in the church on Friday and dinner will be served Sunday in the church.

Cataract Treated and Cured by "The Household Surgeon." Druggists refund money if Dr. Porter's Antiseptic Healing Oil fails.

EVEN IF DISCOURAGED

TRY DR. WILLIAMS' PINK PILLS FOR YOUR RHEUMATISM.

The Pills Have Cured the Disease in Almost Every Form and Even in Advanced Stages.

Rheumatism is a painful inflammation of the muscles or of the coverings of the joints and is sometimes accompanied by swelling. The pain is sharp and shooting and does not confine itself to any one part of the body, but after setting in one joint or muscle for a time, leaves it and passes on to another. The most dangerous tendency of the disease is to attack the heart. External applications may give relief from pain for a time but the disease cannot be cured until the blood is purified. Dr. Williams' Pink Pills are the best medicine for this purpose as their action is directly on the blood, making it rich, red and healthy. When the blood is pure there can be no rheumatism.

Mrs. Ellen A. Russell, of South Goff St., Auburn, Me., says: "I had been sick for fifteen years from impure blood, brought on by overwork. My heart was weak and my hands colorless. I was troubled with indigestion and vomiting spells, which came on every few months. I had no appetite and used to have awful fainting spells, falling down when at my work. I frequently felt numb all over. My head ached continually for five years.

"About two years ago I began to feel rheumatism in my joints, which became so lame I could hardly walk. My joints were swollen and pained me terribly. "Dr. Williams' Pink Pills were recommended to me by a friend, after I had failed to get well from the doctor's treatment. When I began taking the pills, the rheumatism was at its worst. I had taken only a few boxes, when the headaches stopped and not long afterward I felt the pain in my joints becoming less and less, until there was none at all. The stiffness was gone and I have never had any return of the rheumatism.

Dr. Williams' Pink Pills have cured such diseases as nervous and general debility, indigestion, nervous headache, neuralgia and even partial paralysis and locomotor ataxia. As a tonic for the blood and nerves they are unequalled. One of our salesmen, a wholesale merchant of Hood River, was relieved of his disease after one application. Mr. J. H. Graham, a merchant of Astoria, of 1314 Mallory ave., hear after a deafness of 25 years.

WALKED WITHOUT CRUTCHES. Captain W. T. Smith, an old-time steamboat man, who lives on Washington St., Portland, and is a well-known citizen, was assisted upon Per-Don's platform at the Grand Theater, Portland, five years ago. He has been a sufferer with rheumatism and had difficulty in getting around even on crutches. When he received one application of this preparation he found he was so greatly benefited that he could walk without the aid of a crutch.

These demonstrations will continue nightly, and the exhibitions number into thousands of people, which seems to testify to the Great Fer-Don's popularity in Portland.

Be Sure to Get What You Ask For.

HERE is a Reason— Why the Good People of America buy Cascarets as Fast as the Clock Ticks. Every second some one, somewhere, is buying a little Ten-Cent Box of Cascarets. 1, 2, 3, 4, 5, 6—60 times to the Minute, 60 Minutes to the Hour, 3600 Boxes an Hour, 36,000 Boxes a Day of Ten Hours, 1,080,000 Boxes a Month, and then some. Think of it—220,000 People take a Casca-ret tablet each day. Millions use Casca-rets when necessary.

The Judgment of Millions of Bright Americans is Infallible. They have been Buying and Taking Cascarets at that rate for over Six years.

Over Five Millions of Dollars have been Spent to make the merits of Cascarets known, and every cent of it would be lost, did not sound merit claim and hold the constant, continued friendship, Patronage and Endorsement of well-pleased people year after year.

There is also a Reason— Why there are Parasites who attach themselves to the Healthy Body of Casca-ret's success—Imitators, Counterfeiters, Substitutes. They are Trade Thieves who would rob Cascarets of the "Good Will" of the people, and sneak unearned profits, earned and paid for by Cascarets.

A Dishonest Purpose means a Dishonest Product and a Disregard of the Purchaser's Health or Welfare. Beware of the Slick Salesman and his ancient "Just as Good" story that common sense refutes. Cascarets are made only by the Sterling Remedy Company, and put up in metal box with the "long-tailed C" on the cover. They are never sold in bulk. Every tablet marked "CCC." Be sure you get the genuine.

Portland Citizen

Relieved of Gall Stones

Removed in Twenty-four Hours, Without Operation by the Fer-Don Medical Experts.

One of the Many Wonderful Cures Performed by the Experts, as Related by the Person Benefited.

"I desire to see the doctors at once," said a gentleman who yesterday entered the office of the Fer-Don Medical Experts at Washington St., Portland, "My name is E. D. Landon and I live at 238 Sacramento St., continued the man, and I told the doctor I would come back and tell him if the medicine he gave me did me any good. You see I have suffered for a long time with pains in the kidneys and stomach and never was able to find out just what my trouble was. When one of the Medical Experts told me I was suffering from gall stones and that they could be removed without the use of a knife, I'll admit I was skeptical. But I believe in the Fer-Don Medical Experts, and I took a course of their medicine and in less than a day, my system was relieved of several of the gall stones and I expect to get well now.

"It is certainly a relief after several years of this suffering and I am glad to say the Fer-Don Medical Experts have kept their promise." Mr. Landon is a steamer employed here in Portland. His case is only one of many who have been cured, not only of gall stones, but of many other diseases, many cases among them having been pronounced incurable by other medical authorities. The Fer-Don Medical Experts, when cases are taken before them, begin to form in the vermiform appendix—are cured by treatments with the "Syrathrig," which was introduced into the world by the Fer-Don Medical Experts, and is now being used in the treatment of tumors and cancers are removed without operation, without drawing blood or causing pain.

The offices, in the Grand Theater Building, are daily crowded with people from all parts of the continent, who report of marvelous cures which have been made and who are coming to be cured of a variety of ailments. At the free show grounds at Williams ave. and Grand St., starting demonstrations are being given, and are held in plain sight of the thousands who attend. The preparations of the Medical Experts are here used to show how quickly they bring relief. Mr. H. Graham, a wholesale merchant of Hood River, was relieved of his disease after one application. Mr. J. H. Graham, a merchant of Astoria, of 1314 Mallory ave., hear after a deafness of 25 years.

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receiving price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

the church to all present. Rev. Jonas Johnson is the pastor of the local church. Milwaukee Country Club. Eastern and California races. Take Sellwood or Oregon City car, starting from First and Alder streets.

I CURE MEN

I Have the Largest Practice Because I Invariably Fulfill My Promises

Success isn't attained at a bound. It is made up of many little triumphs. A large medical practice doesn't await the young physician at the college door. He must prove himself. He must work toward success day after day, doing well each day's tasks. It has always been my rule to promise nothing that I am not absolutely certain of accomplishing. Realizing that no one physician can successfully undertake to cure all diseases, I entered special courses of study in preparation for my present work. For 16 years I have been proving my ability and building my success. I have mastered first the simpler diseases, then the serious complex and stubborn ones that others neither cure nor comprehend. I have confined my efforts to diseases of men exclusively, and there is no ailment belonging to this class that I cannot fully conquer. I make broad and definite claims. I tell them that I can cure them, even though others have failed. Jealous doctors have charged me with claiming too much. But I ask wherein have I failed to fulfill a promise? My practice is now fully twice that of any other specialist upon the Pacific Coast treating men's diseases. It has grown to these dimensions because I have made promises and fulfilled them. Each cure I have effected is a triumph and a manifestation of skill that has had its part in the making of my success. Each day new cures are completed and my present growth of practice is more rapid than ever before.

Consultation is free. If you are afflicted consult me. You can rely upon what I tell you, and if I accept your case you can rest assured that a complete and permanent cure will follow my treatment. In Uncomplicated Cases My Fee Is Only \$10.00 YOU CAN PAY WHEN CURED

All necessary X-ray examinations are absolutely free to patients. My equipment for X-ray work is the finest and most complete ever produced, and equally perfect results are not possible with an inferior apparatus. All medicines are prepared from standardized drugs in my own private laboratory and are supplied to patients at actual cost.

Consultation Free I state nothing in my announcements but the straight, square truth. It will cost you nothing to call and talk over your case. You can find out all about your trouble and you can later arrange to begin treatment any time you desire. My system of local treatment is the only effective means yet known for restoring the prostate to its normal state, which always results in full and complete return of strength and vigor. Such a cure is absolutely permanent, because the condition responsible for the functional disorder is entirely removed. It is the only kind of a cure a patient desires, and is the only kind of cure I will treat for.
