LIBRARY COMMITTEES COVER.—Joseph Ruchtel, O. M. Scott and H. H. Prouty representing the East Side Improvement Association, yesterday met with Rev. T. L. Elliot, Charles E. Ladd, W. E. Browster and other members of the Portland Library, to consider the proposed East Side branch library. It was decided to submit the library question equally to the East Side people and let them decide whether they will take advantage of the offer of the site on East Alder and Eleventh streets. The Portland Library will give 1500 books at the start, take charge of and look after the library and provide a messenger who will bring to the East Side any books that may be wanted from the main library. This will give to the East Side all the advantages of the main library. A general meeting of East Side citizens has been called for Tuesday night at the Bureau of Information, East Morrison and East Third streets, when the matter will be considered, and plans adopted for raising the money for the building. Citizens of Mount Tabor are invited to attend this meeting.

WATER MAIN FOR MONTAVILLA.—The work of laying a 24-inch wooden water main to supply Montavilla, has been started at the upper Mount Tabor reservoir. This will be the first wooden water main to be put down by the Portland Water Committee. It is being laid as an experiment. Mayor Lane was desirous that wooden pipe be laid to ascertain whether it was serviceable, and this pipe line will demonstrate whether wooden pipe will do. Laid from the higher reservoir the pressure will be heavy. A power machine will be used to lay this pipe, which will dig the trench at the rate of 800 feet a day where conditions are favorable, and will do the work of more than 40 men. This main will furnish an abundance of water for Montavilla.

WILL ENTERTAIN NAVAL OFFICERS.—Chairmen of the various committees having in charge the coming Rose Carnival, Oregon Development League convention and celebration of the Fourth of July are to hold a conference within the next day or two with a view to arranging a formal entertainment for Admiral Swinburne and the officers of the squadron under his command. The vessels of the squadron, it is understood, are to remain in harbor until the Fourth, and the suggestion has been made that a banquet be tendered the officers. It is said to be the purpose of the committee to have the cost of the banquet met by private subscription, but so far no definite plans have been announced.

WILL DISCUSS LICENSE LAWS.—C. E. Newlin, of Indiana, who started the agitation which led to a decision by the Supreme Court that liquor license laws are unconstitutional, is the subject of the movement leading up to the decision, at the Grace Methodist Church Sunday night. "The Latest Evolution of Temperance Reform in the Subject which he announces, Dr. Clarence True Wilson will precede the address with an answer to the question, "Is John Manning Justified in Sunday Closing?"

DEATH OF THOMAS DOBSON.—Thomas Dobson, father of Thomas Dobson, Jr., and of Mrs. John E. Logan, died at Alameda, Cal., June 13. He was an old resident of Portland, having lived here for years at 315 Sellwood street. Death followed an operation for chronic appendicitis. He was a native of England, and 83 years of age. Mr. Logan left Portland with the remains last night, and will arrive Saturday. The funeral arrangements have not yet been made.

PORTLAND STILL IN LEAD.—Surprised by only two other cities in the United States, Portland retains a good lead over all other Northwest cities in the percentage of its gain in bank clearings for the week ending June 12. For the week indicated the clearances of this city aggregated \$3,425,000, being an increase of 52.2 per cent over the clearances for the corresponding week in 1906. Fifty fast-growing records for the week were made by other Pacific Coast cities, though Seattle's gain was but 8 per cent. Second to Portland is Spokane whose gain for the week was 40.1 per cent. Turin is credited with a gain of 27.5 per cent, San Francisco 24.2 per cent, and Los Angeles 13.1 per cent. Lincoln, Neb., with 12.5 per cent and Fort Worth, Tex., with 9.3 per cent are the only cities in the country leading Portland.

BOYS' CANOE TRIP.—Weather permitting, the Aquatic Club of the Y. M. C. A. will make a canoe trip from this city to Sucker Lake, a little body of water south of Oswego. The boys will start early this evening, and row up the river to a point above the dam at Oswego. There they will land and carry their boats about a mile to a small island which is the terminus of the trip. The boys will be accompanied by a lumber camp in the Eastern part of the county, where Butler expected to get work in the sawmill.

Ford came to Eugene a few days ago and began drinking, boasting that he would "fix" Butler. He armed himself with a revolver, and on the morning of the train stopped at Wendling. Butler started to board it, having failed to obtain a position. The men met and Ford opened fire. He fired five shots, emptying his gun, when Butler drew and fired twice, both shots taking effect, one in Ford's left side and the other through his head and into his brain. Butler's left arm, one tore his clothing. The remains of the dead man were brought to Eugene.

TO EXTEND MAYOR'S TERM Oregon City People Favor a Two or Three-Year Tenure. OREGON CITY, Or., June 14.—(Special.)—The first meeting of the charter commission was held last night, and while no actual business was done, the 12 members met to talk over matters of interest to the city and the discussion took a wide range. It is probable that the tenure of office of the Mayor will be extended from one year to two, or even three years. The latter period would give the executive the same term as the Councilmen now serve, and the referendum as applied to cities and towns would prevent an abuse of the power of the Mayor.

CAN'T GET RID OF HUSBAND. CHEHALIS, Wash., June 14.—(Special.)—While Judge Rice was yesterday wrestling with the Chehalis county division case, Judge O. V. Linn, of Olympia, was here wrestling with a respective wife in the family of Mr. and Mrs. Graves, of Centralia. Mrs. Mattie Graves has been for years a well-known organizer and lecturer for the W. C. T. U. She recently sued her husband for a divorce. Mr. Graves contested the suit. Damaging admissions were made by Mrs. Graves on the witness stand, and the wife of another man, whom it is alleged Mrs. Graves wishes to marry in case she secures her freedom from her present husband testified strongly against her. Judge Linn refused to grant Mrs. Graves a divorce and dismissed the action.

Criminal Cases at Chehalis. CHEHALIS, Wash., June 14.—(Special.)—E. F. King pleaded guilty in the Superior Court to a charge of obtaining merchandise by false pretenses, and was sentenced to a few dollars' worth of carpenter tools from Harms & Lawrence and made a "getaway" with them. Judge Rice sent him to Walla Walla prison for two years. The two former reform-school boys, Lester Ball and James Simons, who stole Ball's younger brother Robert from the institution one night recently, pleaded guilty and got four months each in the county jail.

Women Can Be Notaries. OLYMPIA, Wash., June 14.—(Special.)—In an opinion to the Governor today the Attorney-General decides that the act of the last Legislature authorizing appointment of women as notaries public is not unconstitutional. In effect the decision holds that women are eligible to any appointive office under the state administration.

FRANCIS MURPHY VERY ILL. Veteran Cold Water Man Has Complication of Ailments. LOS ANGELES, June 14.—Francis Murphy, the veteran temperance apostle, is seriously ill at his home with a complication of ailments, and his physicians are in doubt about the probable outcome of his case. He is suffering much pain, but his strongest ally stands him in good stead and his family is very hopeful of his recovery. The crisis of his disease will not be reached for several days.

EXCURSION SUNDAY. Steamer Charles R. Spencer for Cascade Locks June 16. Will leave Washington-street dock at 9 A. M. and return at 6 P. M. Fare \$1.00. Meals 50 cents. WOMAN AT BOTTOM OF IT

ONE MAN SHOTS ANOTHER DEAD AT WENDLING. W. L. Butler Is Greeted With Hail of Lead and Returns Shots, Killing John Ford.

EUGENE, Or., June 14.—(Special.)—W. L. Butler and John Ford fought a street duel on a passenger train at the station at Wendling today because of Butler's attentions to Ford's divorced wife. Ford was killed and Butler was shot twice in the left arm. Butler gave himself up to constable and was brought to the jail in Eugene. Ford's wife obtained a divorce several weeks ago in Oregon City. Butler has been paying her attention. They came here and went to Wendling, a lumber camp in the Eastern part of the county, where Butler expected to get work in the sawmill. Ford came to Eugene a few days ago and began drinking, boasting that he would "fix" Butler. He armed himself with a revolver, and on the morning of the train stopped at Wendling. This, with a firm enforcement of the criminal laws by the local authorities, would probably furnish a simple and satisfactory solution of the vagrancy problem. The Union Pacific recommends 30 days to six months in the workhouse, and says many hoboes who were given the choice between work on the rockpile and buying a ticket chose the latter, enriching the company nearly \$100 in the last year. E. E. Cain, general manager of the Southern Pacific, suggests that guards be stationed on state lines to prevent tramps from crossing.

Charged with felonious assault on Ina Shawyer, 35 years old, John Kalkopen, a driver for the rice department at Sunnyside, was arraigned yesterday before Circuit Judge Cleland.
