

LITTLE CREEDENCE IN REGALL RUMOR

Fact Comes Out That Aoki and Ito Are Not on Terms of Friendship.

KANEKO WANTS BILLET

Dr. Miyakawa Says San Francisco Trouble Is Not International, but Simply American Question and He Blames His Countrymen.

SIGNS OF AOKI'S REGALL

TOKIO, June 18.—There are strong indications that Ambassador Aoki will be recalled. There is an inclination to connect the rumor of his reported recall with Premier Saionji's audience with the Mikado this morning, immediately after the cabinet council.

WASHINGTON, June 17.—State Department officials and members of the diplomatic corps were much interested today in the statement in a Tokio newspaper that the Japanese government probably would recall Viscount Aoki, the Japanese Ambassador, and is conferring the appointment on Baron Kaneko as his successor. Officials of the Japanese Embassy say that the Progressive party has taken the San Francisco disturbance as a pretext in an effort to bring about the downfall of Viscount Aoki, and in this case it is pointed out here that Marquis Ito has been inimical to Viscount Aoki for many years.

It was stated authoritatively tonight that "if the Japanese government has any intention of recalling Viscount Aoki, the news will not be first announced to the world through the columns of the Hochi," and that "Ambassador Aoki does not attach any credence to the report."

Kaneko Supports Cabinet.

Since his visit to the United States, when the peace conference was being conducted at Portsmouth, Baron Kaneko has had a great ambition to represent Japan as Ambassador at Washington. He is not a member of the anti-administration party. He is a member of the privy council and a loyal supporter of the Saionji Ministry, and his appointment as Ambassador to the United States would not be considered as a concession to the anti-administration forces.

Will Not End Trouble.

"The changing of Ambassadors would not end the conflict and troubles between groups of the Japanese race and groups of other races in San Francisco. The conflicts and troubles will never end, but on the contrary, they will multiply. The solution is not a question of vigorous diplomacy. The solution is all up to the Japanese themselves. So long as they speak their own language, write in their own language, think in their own language and avoid communication with the American people, they can never minimize the causes of the conflicts and troubles. So long as the Japanese of America depend upon the advice or interference of their home government, they must expect a continuation of troubles upon troubles. And, for that matter, even though the officials of the Japanese imperial Embassy consisted of the 12 Apostles of God, they will never change the American constitutional theory of 'indivisible union composed of inalienable states.'"

DO NOT REPRESENT NATION

Japanese Constitutional Party Not Excited About Hoodlums.

TOKIO, June 17.—The text of a resolution which has been adopted by the Constitutional party is as follows: "The persecution of our compatriots is deeply to be regretted, for the sake of both America and Japan, but we must not forget that there exists between the two nations the oldest friendship which might almost be called an alliance. In the face of the professions of the Government at Washington and the American people in general, such incidents as are reported to have occurred must not be taken as expressions of their will. It is believed, therefore, that the question, if properly handled, is capable of a just and intelligent solution."

DEVLIN MUST AID JAPANESE

Federal Attorney to Assist in Suits for Damages.

SAN FRANCISCO, June 17.—United States District Attorney Devlin today received a letter from Attorney-General Bonaparte in response to that which he sent containing a report on the riot through which a Japanese restaurant was damaged. It is reported, however, that he has been instructed to lend whatever assistance he can to the Japanese, should either the Japanese government or the owners of the restaurant bring suit against the city or State on account of the damage done.

Ito Caused Aoki's Recall.

WASHINGTON, June 17.—A private cablegram was received here today stating that the Marquis Ito and the Elder Statesman of Japan held a conference with Foreign Minister Hayashi last Wednesday, when, at the urgent request of the Marquis, it was decided to recall Viscount Aoki, the Japanese Ambassador to this country. The statement was made in authoritative quarters that Marquis Ito and Ambassador Aoki have not been on friendly terms for many years.

No Objection to Comic Opera.

LONDON, June 17.—The prohibition against the presentation of "The Mikado" has been entirely withdrawn.

DESTROYS MONTANA TOWN

Fire Practically Wipes Out Business Section of Harlowton.

BUTTE, June 17.—A special to the Miner from Harlowton, Mont., says: "Fire which broke out in Marshall's general store, from a gasoline explosion, has practically destroyed this village. Before the fire could be controlled everything in the business streets had been burned except one store and the railroad station. The buildings destroyed include the Leland Hotel, Benjamin Turner's general store, a meat market, two saloons and a number of other business buildings. The loss is estimated at about \$125,000, with insurance covering about a quarter of that sum."

ORCHARD AGAIN WITNESS

(Continued from First Page.)

The meeting he was driven back to the Penitentiary. Counsel for the state had an extended conference this afternoon as to the closing moves in their case and chiefly relative to the course to be pursued by them toward Steve Adams. The decision as to Adams was not final, but it was tentatively agreed not to call him as a witness for the state, but to leave him for the defense, if it sees fit to make

Viscount Aoki, Japanese Ambassador, Who Has Been Recalled.

him a witness. Adams stands by the repudiation of the confession which, it is alleged, he made to Detective McParland, and there his connection with the case, other than in the use of his name, rests for the present.

Orchard will be succeeded on the stand by James Kirwan, acting secretary of the Western Federation of Miners. Objection is made to the manner in which Mr. Kirwan was served with subpoena, but counsel for the defense waived the matter and stipulated that they would have him in attendance whenever desired.

Young Neville to Testify.

Several additional witnesses, whose testimony is said to be of importance to the state's case, will arrive here tomorrow and next day, and will be called as soon as the way is cleared for them. Charles Neville, son of John Neville, who was a member of the party that accompanied Orchard on his flight into Wyoming after the Independence station strike, arrived here today.

Orchard says that on the day before the explosion he started out with Charles Neville and his father, John Neville, since deceased, and that after the party went into camp for the night, he stole away, mounted a horse, rode back to John Steve Adams, set off the mine at the station and then hurriedly rode back to the camp. The youth's testimony as to the events of that night should have an important bearing on the truth or falsity of Orchard's story.

The principal counsel for the defense were in consultation with Haywood and had an extended meeting at their office. They have not as yet given any further indication of their general plan of defense beyond generally expressing confidence in their ability to riddle the Orchard story.

ORCHARD TRIAL POSTPONED

Informer Taken to Caldwell and Back for Formality.

CALDWELL, Idaho, June 17.—Harry Orchard, the confessed murderer of former Governor Steunenberg, and 18 other men, was brought today to the scene of the crime, which finally landed him within the clutches of the law and was taken before Judge Wood at the County Courthouse. The Haywood case at Boise was adjourned over today to enable Judge Wood to come to Caldwell and enter an order formally adjourning Orchard's trial for the present term of court. The proceedings began at 11 A. M., Judge Wood arriving at that hour.

Orchard was brought over on an early train in custody of Warden Whitney, of the State Penitentiary, and several deputies and detectives. The trip was without incident. The prisoner was attired in a natty brown suit and attracted considerable attention. The local attorney, Mr. Cox, who has been the attorney of record for Orchard in this country, was relieved from further duty by Judge Wood this morning, and with the consent of the prisoner, Frank T. Wyman, a Boise attorney, was appointed in his place.

"I presume you desire a continuance of counsel," said Judge Wood to the prisoner.

"Yes, sir, if it please Your Honor," replied Orchard, who, until the formal appointment of Mr. Wyman was without legal adviser in the courtroom.

The Orchard trial will not be set until the case against Haywood, Pettibone and Moyer at Boise are disposed of. Orchard being the state's principal accusing witness against the miners' officials, Orchard was taken back to the penitentiary at Boise this afternoon.

Witness Dies Before Summoned.

CANYON CITY, Colo., June 17.—Charles W. King, an important witness for the defense in the Haywood trial at Boise, Idaho, died from neuritis of the heart yesterday. Bloodhounds belonging to King were used in tracking after the dynamiting of the Independence depot. An hour after his death a telegram addressed to King, summoning him to Boise, was received.

THROWN FROM AUTO

Mrs. Heber M. Wells Probably Fatally Injured.

WELL KNOWN IN PORTLAND

Wife of Utah's Ex-Governor and Sister of Portland Citizen May Not Survive Loss of Blood Through Wreck.

SALT LAKE, Utah, June 17.—(Special.)—Mrs. Heber L. Wells, wife of ex-Governor Wells, was seriously, probably fatally, injured in an automobile accident this morning. She was in a car with Joseph T. Richards, a prominent lawyer, and his wife.

Mr. Richards was driving the car at a high speed and attempted to turn into the Eagle Gate, a large stone arch dividing North and South State street. The car slid against a stone pillar and Mrs. Wells was thrown out.

Her left leg was so badly injured that amputation is necessary, and she has lost so much blood that the surgeon dare not operate. She is being given saline solution in order to restore sufficient strength that she can withstand the operation. It is feared she will not survive.

Mr. Richards sustained a dislocation of the collar bone and Mrs. Richards was cut in the face by glass from the wind shield.

Mrs. Wells is one of the most popular society women in the city, and made many friends throughout the country during her husband's nine years' tenure of the Governorship. She is the sister of Alma Katz, a well-known insurance man of Portland, and has visited Portland several times during the past few years.

WASHINGTON, June 17.—Captain Horace Fairfax Morse Brown, of the British army and his fiancée, Miss Maud Vera Hanna, daughter of the late Joseph Hanna, were injured in an automobile accident today. They were taken to a hospital but were later taken to their hotels. Miss Hanna had just returned from abroad. Captain Brown sustained a fractured arm and a number of bruises about the head and face.

Miss Beulah Jacobs of London, who is Miss Hanna's chaperone, was also in the automobile and tonight is in a very serious condition at the emergency hospital. She sustained a number of fractures, and her face was badly burned and disfigured by the bursting of the automobile's gasolene tank. The machine plunged down a steep embankment, while turning a sharp curve in the suburbs of Washington. The chauffeur was the only occupant who escaped injury.

BOSTON, June 17.—A fire which for a time threatened Boston's automobile district consumed between 35 and 40 automobiles and caused a loss estimated at \$20,000 this morning. The blaze is believed to have started from spontaneous combustion, and was in the garage of the Back Bay Automobile Company.

CHINESE KILL OFFICIALS

Rebels in Southern Provinces Capture Cities and Slay Rulers.

VICTORIA, B. C., June 17.—Further advices regarding the rebellion in South China received by the steamer Montserrat today state that General Sun Yat Sen, who for years has been organizing an anti-dynastic movement in China left Tokio a few weeks before the outbreak and is reported leading the revolutionists near Swatow, having taken the field May 21 and opened operations by attacking the walled city of Kwang Kong, which was easily captured and all officials were killed.

Gooping and Lin Ching suffered similar fates. The government troops on the island of Manow were attacked on May 27 and defeated the revolutionists then marching upon Cha Chow, which also fell into their hands and all the officials were promptly killed. Thousands of refugees fled to Swatow, where foreign warships assembled to protect the city. The rebels carry banners inscribed "National Army of the Central Flowering Kingdom, under Generalissimo Sun Yat Sen," and following the example set by the Taipings, they are posting notices that any of their followers who offer violence or refuse to people who do not oppose them will be summarily killed and that arms and accoutrements will be given to all who join, none being compelled to do so. Some foreigners are reported to be among the rebel officers and many Chinese leaders are dressed in foreign style and have removed their queues. Japanese newspapers commenting on the rising, state that the accessibility of the district will prevent the rebels getting much headway without encountering serious opposition, as during the Taipings' revolt, but all regard the outbreak as serious as Sun Yat Sen has been organizing the movement for many years and is believed to have the support of secret societies and other organizations throughout the empire. The Jiji Shimpo, which prints dispatches from its own correspondent regarding the rebellion, says that with the well-equipped and drilled troops of modern China, the revolution must be crushed.

DENIES INJUNCTION MOTION

Failure to Stop Erection of Monument to Former Head Officer.

DENVER, June 17.—District Judge Allen today denied the motion for a temporary injunction in the suit of Mrs. Jessie Falkenburg Falls against the head officer of the Woodmen of the World to prevent the erection of a monument to the memory of former Head Consul Falkenburg.

Judge Allen took occasion to rebuke the local lodge that supported the suit, declaring that it should never have been brought but that the dispute should have been settled within the lodge.
