clearly demonstrates the truth of the statement I made just after my return from Europe, that politics and politics alone, was behind the prosecution and that your action is the first step towards securing control of the municipal government, in order that valuable franchises may be given to the wielder of the 'big stick,' Mr. Rudolph Spreckels, and other valuable privileges accorded to those who have co-operated with him in his endeavor to purloin (?) this city.

"I also wish to notify you that any action taken by Mr. Gallagher, in the capacity of Acting Mayor, will be null and void and will, by the complications it will cause, do great injury to the city.

"I demand that you send to my office all matters passed by your honorable body, that I may have the opportunity of inspecting them and of approving or disapproving them.

"I further notify you that, so far as this is possible, I intend to supervise the work being done by the different departments and in fact all such matters as may be considered before me as Mayor. Yours respectfully,

EUGENE E. SCHMITZ, Mayor of the city and county of San Francisco, June 18, 1907.
