The class is composed of William L. Hogan, Theresa M. Quinn, Irene C. Pembroke, Frances I. Douck, Edna A. Costello, Mary E. Horton, Arthur T. Nielsen, Grace M. Campbell, Catherine T. Curtis, Mary W. Merrill, Amelia C. Tandler. The school closed a prosperous year.

TWO ALARMS FOR ONE FIRE.—Two alarms sent in for a small fire on the East Side yesterday morning, caused all the apparatus on the West Side to move in response. The first alarm, coming from box No. 213, called engines No. 7 and 1, and when box No. 234 came in a few minutes later, engines No. 2 and 3 responded, which called engines No. 5 and 6 to move to the houses vacated by the two latter companies, to cover in case of a fire on the West Side. The fire was at 125 East Seventh street and the damage will be about \$200. While responding to the alarm, engine No. 4 had a narrow escape from a collision with a Southern Pacific train at East Water and East Morrison streets.

SUBSCRIPTIONS REACH \$10,000.—Reports received by the solicitors of the Portland Country Club Livestock Association, who met yesterday morning at the Commercial Club, were very encouraging and showed that \$10,000 has already been subscribed for the enterprise. A number of the members are still to make their final report, so it is expected that this figure will be considerably increased. Work will be continued during the Rose Show, but a more active campaign will be started the first of next week and another meeting of the committees will be held Wednesday morning at 9:30 o'clock at the Commercial Club.

NAVY OFFICERS TO ATTEND BASEBALL GAME.—The officers of the cruiser Charleston and also of the Paul Jones have been invited to attend the baseball game on Saturday afternoon at Multnomah field between the bankers' team and one composed of doctors and lawyers. The band of the Charleston will also attend and play during the game, which is under the auspices of the Flower Mission and Day Nursery. The proceeds will go to charity.

DEWIS ATTEMPTING SUICIDE.—Saying that she had every reason to be satisfied with life, Mrs. F. A. Kratter, residing at the Occidental Hotel, asserted yesterday that she had no intention of trying to commit suicide Monday night, as reported. She says she was on the roof with a headache, and in the dark got hold of a bottle of laudanum by mistake instead of headache cure.

HORSETHIEF GIVES TRUE NAME.—Threatened with the County Jail, Fred Smith, the confessed horse thief, gave his true name yesterday. He says he is Ed. Hodges, of Newburg, where his wife, four children and a brother live. His second horse stolen by Hodges has been identified as the property of H. Johnson. The animal was turned over yesterday to J. A. Putney, foreman of Ladd's pasture.

ENTERTAINS CHARLESTON'S MEN.—A concert was given last night at the Seaman's Institute in honor of officers and men of the cruiser Charleston. About 60 men, under the command of Captain Stone, attended. A splendid programme was rendered. At the end of the concert, "The Star-Spangled Banner" was sung by the men. The marines spoke in high praise of the programme.

It will illustrate a May party, which is under the Fox that tried feeling, caused by lazy liver, and which leads to rheumatism, try the remedy nature has provided. BROOKLYN CLUB MEETS.—At a meeting of the Brooklyn Republican and Improvement Club last night, A. G. Rushlight presiding, the street committee reported that over 25 streets in the Seventh ward were to be opened and improved. A detailed report was read showing what streets were to be improved. The cost will exceed \$100,000. Rev. Father Gregory, Waldemar Seton and George J. Cameron were appointed a special committee to wait on the executive board and ask that Milwaukee street be sprinkled oftener, as conditions have become intolerable to the people living on the thoroughfare. The club then adjourned and the Brooklyn Hall and Improvement Association was called to order by M. G. Griffin, chairman. It was reported that 125 shares of stock had been sold and a lot on Powell street purchased for \$750. Articles of incorporation have been filed with \$4000 capital stock at \$1 a share. Stock books are open and the effort is now being made to dispose of more than half of the stock so the corporation can be organized.

DIRECTOR FIREWORKS PERMITS.—At the meeting of the fire committee of the executive board yesterday afternoon Mayor Lane brought up the question of granting shopkeepers permits to sell fireworks. He said this matter had come up, and that people wanted to sell Fourth of July explosives could not do so without breaking the city ordinance because no permits had yet been issued by the Chief of the Fire Department. Chief Campbell referred the Mayor to Secretary Weidner, who said that there is an ordinance prohibiting the sale of fireworks in any other than a brick block, or in places where tobacco, cigars or dry goods are kept for sale. It also requires that a banner must be displayed in front of the store from June 10 to July 10, announcing that explosives are to be found within. This ordinance has been on the books since 1905. Last year fireworks were sold without written permits. The objectionable ordinance will probably be repealed at the next session of the Council.

BROOKLYN SCHOOL CLOSURE.—The closing exercises of the Brooklyn school were held last night in the assembly hall, a large audience being present. The 15 members of the graduating class were addressed by C. M. Idelman, H. C. Campbell, of the board of directors, presented diplomas to the following class: Eva Junette Pevis, George J. Erdner, Emma Winona Erdner, Ellen Blandina Farnsworth, Mary Elizabeth Havelly, Rodney Heacock, Edna Belle Heckman, Norma Jennie Helse, Carl Stewart Johnson, George F. Kampf, Albert R. Lerfeld, Margaret Hazel Neely, Homer D. Paffenbarger, Harry D. Pollock, John Sauer, Harry Trogen.

BRIDGE IN BAD REPAIR.—It is probable that at the meeting of the executive board this afternoon the question of repairing the Burnside bridge, which is said by the City Engineer to be in a rickety condition, will again be taken up. The east approach is said to be weakened by decayed timbers. It is expected that it will be taken up by the Mayor with the executive board, no action is taken looking to the repair of the structure, the bridge may be closed to traffic. The County Commissioners and the city authorities have not been able to determine who is to pay for the needed repairs, which have therefore been delayed.

DONOR STRIKES CALVES.—William Myers was arrested at First and Alder streets last night by Constable Wagner and lodged in the County Jail on a charge of cattle stealing. Constable Wagner was informed a few days ago by Frank L. Smith, a meat dealer, that somebody had stolen six calves from the pasture near his slaughter-house. Wagner suspected Myers and placed him under arrest. Myers denies stealing the calves, but admitted having stolen a number of hides, which he says he sold for \$22.

STUDENTS BANQUET FACULTY.—Students of the Western Correspondence School of Chiropody tendered the faculty a banquet last night at the Oregon grill, this being the first annual meeting of the school. Dr. William Eisen, president of the school, was chairman of the meeting. The other officers are vice-president, Dr. O. R. Fletcher and secretary, Dr. P. G. P. Atiles.

DISPUTE IN FRONT.—A dispute as to who had the most authority between Special Officer Mike Cannon and Watchman Jack Roberts last night led to fistfights and Cannon finally arrested Roberts and took him to the station, where he was released on his own recognizance.

FIVE HURT IN JUMPING

Men Injured in Thrall Train Wreck Reach Portland.

Walter Yenan, a traveling salesman for the Graton & Knight Manufacturing Company, living at 569 Thurman street, is hobbling about the city as the result of the wreck on the Klamath Railroad at Thrall Wednesday afternoon. One of his ankles was badly bruised and his arm hurt, while a gash was cut near his eye. He feels thankful, however, that he was not killed as he says it is remarkable there were not several fatalities.

With four others, Mr. Yenan jumped from the runaway train while it was dashing at full speed down the road entirely beyond control. There was only one passenger coach on the train at the time and this was well filled, containing about 20 or 25 people, says Mr. Yenan. He saw several quite badly injured. Some of the passengers had arms and legs broken and one man had his face badly cut. C. Turner, another of the passengers injured, said yesterday that he would bring suit for damages against the road because of injuries to his arm.

"The engineer was not on the train at all," he declared. "He was attending to the switch, leaving the engine in charge of a green fireman. We were going 35 miles an hour and the train rocked like a ship at sea. The fireman did not know how to stop the engine. The cars rocked so much that several of us jumped and were injured."
