YESTERDAY'S RESULTS. Oakland 5, Portland 2.

San Francisco 2, Los Angeles 8 Standing of the Clubs.

SAN FRANCISCO, Cal., June 28.—(Special.)—The Portlanders played ball today like a flock of stockyard hands and the Caks won the game without turning a hair. Kinsolia started in to pitch nice ball, but as soon as his opponents forged into the lead he seemed to tire and grow careless. After that there was nothing to it but a listless procession of Commuters over the plate. Besides letting up in his pitching Kinsella erred twice on critical plays each of them costing a run, McCreedie tore off the longest hit of the day in the ninth. It was a three-bagger to the clubhouse and would have been a homer had the Beaver captain showed a little more speed on the paths. Mac scored a moment later when Moore lifted a long fly to right. The score: SAN FRANCISCO, Cal., June 28 .- (Spe lifted a long fly to right. The score: PORTLAND.

EACH WINS ONE BOAT RACE

Harvard Takes Freshman Eight, Yale Varsity Four.

NEW LONDON, Conn., June 28.-Harvard won the freshman eight by one and a half lengths and Yale the varsity four-oared race by about 10 lengths upon the morning tide on the Thames River today, and the result confirmed predictions. and the result confirmed predictions.

Coming with the great victory of a Yale varsity eight last night, the winning of the four today was a source of gratification to Yale men and an evidence of the efficiency of Coach Kennedy's training. It was an easy race for the blue to win, while the freshman race was a hard one for Yale to lose and correspondingly a triumph for the Cambridge youngsters. The races were worth the seeing, although a mere remnant of the host of yesterday had the courage to stay for them.

Both races were up stream upon the incoming tide, in smooth water, and both rowed in slow time. It was Harvard's strength in the freshman and lack of it in the four-oared race which made the results as they were. The unofficial times

In the four-oared race which made the results as they were. The unofficial times for the freshman eights were:

Half-mile—Harvard, 2:45; Yale, 2:51. One mile—Harvard, 2:45; Yale, 2:51. One mile—Harvard, 2:45; Yale, 2:51. One mile—Harvard, 3:45; Yale, 3:51. One mile—Harvard, 3:45; Y

Both crews finished in good shape. In the four-oared varsity, Yale caught the water first and had a slight lead at the start. At the quarter, Yale had a lead of a length and a half, and was pulling away rapidly.

At the three-eighths, Yale was a length and three-quarters ahead, and still gaining.

At the half, Yale was leading by two lengths. Harvard then spurted and willed Yale's lengthous on sittle more.

lengths. Harvard then spurted and pulled Yale's load down to a little more than a length.

At the three-quarters, Yale spurted and again obtained a clear lend of two lengths. At the mile Yale was in the lead by more than three lengths. Yale continued to draw steadily away, rowing very smoothly, while Harvard

ing very smoothly, while Harvard splashed.
At the 114-mile mark, Harvard was a dozen lengths behind, and seemed to be barely able to send their shell along. Coming into the stretch, the Yale boat went along finely, and kept stead-ily pulling away from Harvard. Yale won by ten lengths. The oarsmen in both boats were very tired.

Harriman's Offense Unintentional.

NEW YORK, June 29.—E. H. Harriman, who was taken into custody by internal revenue officers at the races of New London yesterday, said today that he was no doubt guility of a violation of the regulations governing the course, but that it was unintentional. The regatta's committee boat, which he was following, he said, bore a sign reading "Keep astern," and he obeyed it. When he received the order to stop following the committee boat his own launch was so placed that he could not obey without danger of overturning his launch. He said he regarded the incident as closed, and that he did not expect that any penalty would be imexpect that any penalty would be im-posed upon him.

Harriman's Yacht Not Present.

NEW LONDON, June 28 .- E. H. Harriman's yacht Sultana was not in the harbor this morning. The yacht's mo-tor boat, which was tied up at the Naval Station, left during the night.

WEISER'S FAMOUS PITCHER SIGNS WITH WASHINGTON.

Walter Johnson Has Record of 75 Innings Without a Run Being Scored Against Him.

WEISER, Idaho, June 28.—(Special.)—Waiter Johnson, the famous boy pitcher of the Weister baseball team of the Idaho State League, has signed with the American League club of Washington, D. C., and will leave for that place July 15. C. D. Blankenship, representative of the Washington club, is in the city and suc-ceded in landing Johnson after several attempts. The Idaho State League sched-

attempts. The Idaho State League schedule ends July 14, and Johnson would not leave until after that date, although flattering inducements were held out to him to leave Monday.

Johnson's recerd as a pitcher is without a parallel in baseball records. He has pitched 35 innings without a run heing scored against him and has struck out 186 men in 98 innings.

The Weiser team has played seven straight shut-out games and has made 36 runs, while the opponents have made but 5.

I have examined and given your coal a fair and impartial test. comparison as to its heat and lasting qualities shows it to be as good. if not better, than any soft coal I find in this market. H. A. MAUTZ,

The coal left here by the Consumers' Coal Co. is as good as any coal we have burned since we have lived in Portland. If there is plenty of that coal it will be a great boon to Portland.

The 40 100-pound sacks of coal front your mine arrived at 11:50 A. M. Wednesday, June 26, 1997, at our plant, and 32 sacks of the coal ware tried in one of our 150-horse-power bollers, running a period of six hours during the heavy part of our day's operation, and found the coal to burn freely and give its required heat, and proved satisfactory. The balance of the coal was called for by different parties in the city, who used it in cook stoves and pronounced it as good as any coal they ever used. FRANK SCHMITZ. Supt., WALTER VIVIAN, Chf. Engineer, Star Brewery, Vancouver, Wash.

I am in receipt of a sack of coal from your mines on the Cowlitz River, Wash.

Have used a portion of it in kitchen range for cooking meals. It is a very satisfactory coal for domestic purposes burns freely, is exceptionally see from smoke and soot; produces a hotter fire than the best old growth fir wood, lasts well, and burns to a brown ash with almost no "clinkers."

I shall be pleased to secure a supply of this coal for family use.
