The speed maniac will drive his famous "Green Dragon" around the track, in an attempt to lower the record which he set a week ago Saturday. The coming meet will in all respects be better than the first one. A great many local dealers, who did not think much of the first races and would not enter machines, are now glad to get a chance to place their cars in the races. A number of cash prizes have been donated for the winners in different events, and a special prize of \$500 has been posted for any driver who breaks a world's

Bruno Selbel, the Flying Dutchman, whose car falled in the races last Sunday, has repaired the machine, and is willing to wager that he will go the mile in less than a minute. STATE TENNIS TOURNAMENT

Will Be Played on Multnoman Club Courts in August.

The tennis tournament for the cham-pionship of the state, will be held some time in the early part of August. The tourney will be played on the Multnomah Club courts. Many of the players say that the tourney should be held on the Irvington courts instead of the Multnomah Club courts. At Multnomah the courts are covered with asphalt, which places a man who has always played on man who has always played on clay courts at a great disadvantage. At Multnomah there are but two courts, while at Irvington there are six. If there are many entries it will take a long time to play off the tournament at the club. Nearly all the fast players are in favor of holding the tourney at the Irvington courts. the Irvington courts.

A number of the matches in the Irvingtou Tournament were played yesterday. The committee in charge of the tourney announces that the finals will be played on the Fourth. Following are the results
