LANE'S MESSAGE 
BEFORE COUNCIL
Mayor Calls Attention to Increasing Duties and Responsibilities.

WARNS AGAINST GRAFTERS
Does Not Specify Police but Porters That He Has "No Reward to Punish or Private to Reward."

Mayor Lane asked for second reading of second amendment to his motion for an "Ordinance to Provide for the Prevention and Suppression of Graft in the City." The second reading was adopted without question, and the third reading was ordered for this date. Then Mayor Lane read into the record the following letter:

To the Hon. J. A. McCarty, Mayor of Tillamook, Oregon,

Dear Sir:

I am unanimous in the belief that the prevention of graft is an essential duty of every municipal official. It is for this reason that I have seen fit to bring up the matter of police and porters' duties to the Council. The letter was read and the Council adjourned.

FELIX ADLER IN PORTLAND
Distinguished Author and Educator Visiting Pacific Coast.

Dr. Felix Adler, of New York, known as a thinker and author in the United States and abroad, and chosen one of the "prominent" men by the American Federation of Labor, is engaged in a lecture tour through the Pacific coast. He will be at the Astor Hotel in Portland, Oregon, on Wednesday afternoon, where he will address the Council of the Portland Vegetarian Society. His lecture is on "The Philosophy of Humanitarianism.""
